“This is to certify that AB Bank Limited has implemented Equation from MISYS Banking Inc. as Core Banking Solution. AB Bank has been using Misys CBS since the year 2001. Earlier Version of Equation named KAPITI used by the bank as CBS since the year 1982, before implementation of Equation. The Bank has also implemented other Misys solution- Opics Plus as Integrated iSMM, WEBFORM, Lending, CRM, Collateral, Treasury Management Solution and Trade Innovation as Integrated Trade Finance System in the Bank. AB Bank is using Equation CBS in its 70+ branches. Misys solutions are running smoothly in all the branches. We will be more than willing to share details on Misys solution and implementation in person.”

Rezaul Islam, SVP & Head of IT Division, AB Bank Limited
