What We Cover:

Our key skill areas are:

- Total site I.T. management
- Web & Application Development
- Domain and Hosting Provider
- Network/Server Installation
- Software and Hardware support.

Basic Features:

- **Site Navigation**
Includes the main navigation of the site.
Home
Homepage of the site, containing the New Product display and sliding product image.
About us (if you want)
Contains the clear idea about the organization including short history.
- **Admin panel**
- **Contact Us**
Includes the address and location map of the organization.

Project Description:

The project will involve designing a website for finorafashion.com.

The website will be designed to the very highest standard and will reflect finorafashion.com established fashion portal identity.

We will design the site with Google in mind, however a further online marketing campaign using search engine optimization (SEO) is strongly recommended at some stage in the future, in order to maximize the number of visitors to the site.

We also recommend building up a mailing list of potential and current clients, in order to send a monthly newsletter to them with good news + special offers.

Template Design:

We will provide a basic design layout of the homepage. Authority may provide their feedback on the design for necessary changes. The template should include following things.

- Flash Banner/Image Banner
- Main navigation
- Layout for content
- Related images to the homepage

Website Development:

Whole site will be editable dynamically from admin section. Administrator can edit/update contents, product and image etc. logging into admin area. Related images also can be integrated with the contents.

OUR EMPLOYEE : Number of Fulltime Employee : 11 Persons. Part-timer – 10 Persons.

OUR ADDRESS : 39 Mymensing Lane, 2nd floor, Banglamotor, Dhaka-1000.
