

## **Profile of DCS:**

### **Introduction**

Dipon Consultancy Services (DCS) is a market leader to create secured identification and identity solutions. DCS also engaged for software development, call centre, IT and consultancy services to various specialised customers. DCS is young, innovative and experienced in delivering identification and identity solutions in Bangladesh. DCS's solution is not limited to Bangladesh. On the other hand, the company is a sister concern of Dipon Group ("the Group") – a leading business house that provides a host of services to the corporate and public sector institutions in Bangladesh. The Group's flagship concern - Dipon Gas Company Ltd. ("DGCL") is a forty-seven-year-old renowned engineering firm with a strong presence in Bangladesh, India, Malaysia, Singapore and U.A.E. The Group operates directly as well as through its various subsidiaries and sister concerns to provide high quality services in a cost-effective and timely manner through state-of-the-art practices with strong commitment to safety and environment. As a testament to the Group's sincere adherence to its commitment DGCL received various multinational awards and ISO 9001:2008 certification.

### **Vision**

To be the market leader in secure identity, card personalization and all financial solutions through innovation and loyalty to our customers.
