

RIDMIK LABS LIMITED

COMPANY PROFILE

Overview

Ridmik's mission is to bring quality apps and services for the mass people of Bangladesh. Currently our products are being used by more than 2 crore people around the world. Our objective is to come up with innovative apps and services that people can use for their day to day activities, fun and entertainment.

History

Ridmik Labs Limited was incorporated on September 3, 2018. But one of our products called "Ridmik Keyboard" has been around as *not-for-profit* app since 2012. The inception and the first app was developed in a university dorm with a hope to help people write in Bangla smoothly.

Our Current Products Line Up

- **Ridmik Keyboard:** A smartphone app for writing Bangla using various writing methods
- **Ridmik News:** A smartphone app for reading curated news
- **Ridmik Reader:** A smartphone app for reading ebooks with integrated book store and an online authoring platform.

List of Infrastructure

- 18 Laptops, 1 desktop PC, 4 Wireless Routers, 8 Android smartphones.
