25th Annual General Meeting of BASIS

Notice is hereby given that the 25th Annual General Meeting (AGM) of members of Bangladesh Association of Software and Information Services (BASIS) will be held at following time, date and venue:

Date : Saturday, March 16, 2024
Time : o4:00 pm
Venue : Helmet Hall, RAOWA Convention Center, VIP Road, Mohakhali, DOHS Bypass, Dhaka 1206

The Agenda of the AGM are as follows:

1. Confirmation of Minutes of 24th AGM held on March 30, 2023
2. Consideration and adoption of Annual Report 2023
3. Consideration and adoption of the Accounts of the Association with Auditor's Report for the year 2022-2023
4. Writing off bad debts
5. Appointment and Fixation of Remuneration of Auditor for 2023-2024
6. Any other business with the permission of the Chair

All distinguished members of BASIS are requested to attend.

By order of the Executive Council,

Hashim Ahmed
Secretary, BASIS

N.B.

Only BASIS representatives of the member companies will be entitled to attend the AGM. Members, who have not paid their membership fee for the year 2023, which has been due on 28th February 2023, are requested to clear the dues on or before the AGM. Otherwise, he/she will not be eligible to attend the AGM. Please refer to the following clause number 6.3 of BASIS Articles of the Association below:

"6.3   Any member in arrear for 6 (six) months in payment of his/her annual subscription and levies shall be disqualified from taking part in any proceeding of the Association."

Association Overview

Founded in 1998, BASIS has been advocating for and fueling the growth of our ICT industry as the national trade body for the Software, IT, and IT-enabled services sector in Bangladesh. Established as a fully industry-led association, BASIS began as a forward-thinking community of just 18 pioneering members. Since 2009, BASIS has been a driving force behind the realization of the "Digital Bangladesh 2021" vision set by the government. Through numerous member-driven development projects, who hold a substantial share in the country's total software and IT-enabled service exports, BASIS has translated the Digital Bangladesh vision into tangible reality. BASIS membership became mandatory for all software and ITES companies in Bangladesh on September 2, 2019, as per the DTO Circular. Now, with a vibrant network of around 2,500 members, BASIS is pushing the country towards a "SMART Bangladesh" fueled by innovation and technological advancements.

Among its flagship initiatives, BASIS organizes BASIS SOFTEXPO, the country's largest private-sector software and ITES exposition. SOFTEXPO plays a significant role in developing the domestic market by showcasing local IT products and services to potential buyers and investors, both locally and internationally. BASIS also promotes international exposure and strengthens Bangladesh's IT brand image through member participation in international trade shows, business linkage programs, and targeted marketing efforts. Additionally, BASIS supports domestic market growth and capacity building through key initiatives such as the BASIS National ICT Awards, Luna Shamsuddoha Awards, BASIS Outsourcing Awards, BASIS Japan Day, and NASA Space Apps Challenge Local Event along with numerous year-round member-centric initiatives.

BASIS has played a pivotal role in shaping numerous national-level policy frameworks and legislative instruments that underpin the ICT ecosystem in Bangladesh. To name a few, This includes significant contributions to the National ICT Policy 2009 (revised in 2018), Bangladesh Outsourcing Policy, Cyber Security Act, Digital Commerce Policy, Made in Bangladesh Policy, Public Procurement Policy (PPP) Amendment, Knowledge Worker Law, Intellectual Property Rights (IPR) Law, Entrepreneurship Support Fund (ESF) Guidelines, InsurTech Regulatory Sandbox Guidelines, Digital Bank Guidelines, Amendments to a2i Bill, Digital Commerce Act, Bangladesh Cyber Security Strategy 2021 – 2025, Import/Export Act, Digital Commerce Authority Act, Data Protection Act, Import/Export Policy, and many more to create an enabling environment for the growth and development of the sector. BASIS actively participates in various national-level committees, including the Smart Bangladesh Taskforce, National Task Force for Blended Education System Development, Digital Bangladesh Task Force, Steering Committee of Bangladesh Hi-Tech Park Authority, Management Committee of Export Promotion Bureau (EPB), and Executive Committee of Bangladesh Computer Council (BCC), among others. This involvement ensures that BASIS members' interests and the broader ICT industry's needs are well-represented and addressed at the national levels.

At its core, BASIS is driven by a mission to nurture the ambition, capacity, and sustainable growth of its member companies to help them become leaders in a vibrant and thriving software and IT-enabled service industry. This mission is supported by strategic priorities that include expanding markets both locally and internationally, facilitating access to capital, nurturing the startup ecosystem, developing a skilled workforce, offering advisory & privileged services, advocating for business-friendly government policies, enhancing members' capacity, and contributing to the national vision for a technology-driven knowledge economy. BASIS also provides essential advisory services in many areas such as financing, tax, VAT, export, import, remittance, and cybersecurity through year-round knowledge sharing initiatives.

To bridge the skill gap in the industry, BASIS established the Bangladesh Institute of Technology and Management (BITM) in 2007. BITM addresses the demand for skilled human resources, offering industry-relevant certification training through over 919 programs with more than 397 expert trainers and collaborations with 73+ client organizations. To date, BITM has produced over 55,000 graduates. BITM goes beyond traditional academic curricula by offering certification training directly aligned with real-world industry requirements. BITM is now collaborating with the Government on the ambitious goal of creating 1 million ICT jobs within the next five years. BASIS also demonstrates its commitment to inclusivity and diversity through the BASIS Women's Forum, actively working to increase women's participation in the ICT sector. This aligns with the Honorable Prime Minister's vision of reaching 25% female participation by 2026 and 50% by 2041. As a bona fide protector, promoter, and facilitator for the ICT industry in Bangladesh, BASIS is promoting industry growth and global competitiveness to support the nation's transition to a knowledge-based economy.

Advisory Committee (2022-2023)

Mr. Abdullah H Kafi
Adviser, BASIS
Managing Director, J.A.N. Associates

Mr. Abdullah H. Kafi, a seasoned professional with 40 years in the ICT sector, holds key roles as Adviser to BASIS and Managing Director of J.A.N. Associates. Former Chairman of ASOCIO and President of BCS, his global recognition stems from pivotal contributions to Bangladesh's tech industry. From founding BCS in 1987 to organizing the nation's first computer show in 1993, his leadership has left an indelible mark. Notably, his guidance in ASOCIO led to international acclaim for government projects. As Chief Judge, he oversaw accolades for initiatives like Info Sarker Project II and Bangabandhu Satellite. His commitment earned the ASOCIO 35th Anniversary Special Contribution Award in 2018. Managing JAN ASSOCIATES Ltd., he's propelled the company to the forefront of Bangladesh's ICT, notably enhancing Canon Inc's market presence. As BASIS adviser since April 2016, his visionary impact continues to shape the industry's trajectory.

Mr. Syed Mamnun Quader
Former Sr. Vice President, BASIS
Managing Director, Southtech Limited

Mr. Syed Mamnun Quader, MD & CEO of Southtech Group, is a visionary leader celebrated for his significant contributions to Bangladesh's ICT sector. Former Senior VP of BASIS, he received the "ICT Entrepreneur 2021" award from The Daily Star, recognizing his innovative achievements. Acknowledged as a "Commercially Important Person (CIP)" by the Government, he has 13 years of international banking experience. Leading Southtech Group, a CMMI Level 5 certified entity, he has transformed it into one of Bangladesh's largest ICT conglomerates, showcasing profitable scaling of small-ticket-large-volume transactions. His strategic foresight and commitment to innovation position him as a key influencer in the technology sector.

Ms. Sonia Bashir Kabir
Former Director, BASIS
Director, D Money Bangladesh Limited

Educated and trained in Silicon Valley, Ms. Sonia Bashir Kabir lived in Northern California for 20 years. After completing her MBA, she worked in the Valley for Fortune 100 companies (Sun Microsystems & Oracle), startups & in the financial district. Beyond her corporate achievements, she is deeply invested in fostering innovation and support for underrepresented groups in technology. She co-founded D Money, a pioneering Fin-Tech startup, and plays a leading role in the United Nations Technology Bank for Least Developed Countries. As Vice President of Bangladesh Women in Technology (BWIT) and Founder President of TiE Dhaka, she is at the forefront of promoting entrepreneurship and tech education in the region. Her contributions have earned her international recognition, including the 2017 SDG Pioneer award by the UN Global Compact and the 2016 Founders Award from Bill Gates. Additionally, her athletic expertise, representing Bangladesh in volleyball and cricket, showcases her multifa

Mr. Nazim Farhan Choudhury
Former Director, BASIS
Chief Executive Officer, Nazimcorp Resource Gateway

Mr. Nazim Farhan Choudhury, a serial entrepreneur, and a luminary in Bangladesh's advertising and brand management sphere, is the Chief Executive Officer of Nazimcorp Resource Gateway and the Managing Director of Adcomm Ltd-one of the largest advertising agencies of Bangladesh. Since joining Adcomm as a Management Trainee in 1994, his journey has been remarkable. With a degree in Economics from St. Stephen's College, Delhi, his strategic vision has spearheaded Adcomm's expansion into varied sectors, founding influential entities like AktiVision, Art of Noise, Screaming Girl, Northbrook Consultants, and GraphicPeople in partnership with WPP's Young & Rubicam. His expertise has benefited top brands including Nokia, Unilever, and Coca-Cola, contributing to the success of local market leaders like Agora and Mojo. His contributions to Bangladesh's brand narrative have been recognized with awards like the "Brand Leadership Award" at the 17th Asian Brand Congress.

BASIS
Executive Council (2022-2023)
PROFILE

Russell T. Ahmed
President

Mr. Russell T. Ahmed stands as a stalwart figure in the ICT industry of Bangladesh, having dedicated over two decades to transformative leadership. His journey began with a profound realization of the untapped potential in integrating technology within the education sector of Bangladesh. His commitment to advancing the nation's technological progress is evident in his various roles. Presently, Russell T. Ahmed serves as the President of BASIS, the national Software & IT/ITeS trade body of Bangladesh. Simultaneously, he holds the position of Director (Association Group) at FBCCI (2023-2025) and serves as a Director at Bangladesh Employers' Federation (2023-2024). His journey with BASIS commenced when he joined as the Secretary General in the Executive Council term for 2012-2014. Subsequently, he was elected and served as the Senior Vice President in the consecutive terms of 2014-16 and 2016-2018 before assuming the role of President. He is also the Founder & CEO of Team Creative & CLASSTUNE.

Under his able leadership, BASIS saw significant growth initiatives. Mr. Russell T. Ahmed actively led numerous national initiatives and campaigns aimed at realizing the goals of Digital Bangladesh. Additionally, he introduced the flagship 'BASIS Luna Shamsuddoha Award' as a tribute to the remarkable legacy of Ms. Luna Shamsuddoha, a trailblazer in the ICT industry, to celebrate the accomplishments of women in the workforce. Among the diverse array of successful projects managed by Mr. Ahmed are prominent events such as "Digital World," "IT Marketing Summit," "Internet Week," "iDEA," "BASIS ICT National Awards," "NASA Space Apps Challenge Bangladesh," "BASIS Outsourcing Award," "BASIS Japan Day," "BASIS Tech Job Fair," "BASIS SoftExpo," "BASIS DE-Hub," and "APICTA Awards," among many others. In the 57th Executive Council Meeting of APICTA, during his tenure as BASIS Senior Vice President, Mr. Russell T. Ahmed was elected as the Marketing Chairperson for the APICTA Governing Body for 2018-19. His role as the convener of the APICTA Awards held in Dhaka in 2017 marked the organization of the largest event of its kind up to that date. The 2022-2023 BASIS Executive Council Election witnessed the triumph of the 'One Team' panel led by Mr. Russell T. Ahmed, securing a majority of posts and reflecting his continued influence. His tenure at BASIS also witnessed the selection of ICT as the "Product of the Year" and introduced the visionary BASIS Magazine, "Smart Bangladesh." Throughout his tenure, Mr. Ahmed significantly contributed to the remarkable growth of Bangladesh's software and IT/ITeS exports. This is evidenced by the sharp increase in both export revenue and BASIS membership. Mr. Ahmed's efforts include through increasing training initiatives in BASIS-Skills for Employment Investment Program (SEIP) and BASIS Institute of Technology & Management (BITM). Through these programs, Mr. Ahmed has been instrumental in contributing to the training of over 50,000 young talents in ICT. These initiatives provide upskilling and reskilling certifications that are precisely aligned with industry specific demands, ensuring that BASIS members have access to a highly skilled workforce. An active member of the "Digital Bangladesh Task Force" and the "Smart Bangladesh Taskforce," led by the Honorable Prime Minister of Bangladesh, he contributes to technology-based development towards realizing the Digital Bangladesh Vision. He also contributes to blending technology with education in Bangladesh as a key member of the "National Task Force for Blended Education System Development" led by the Education Minister. He introduced the BASIS shortcode 16488 and facilitated international market development through initiatives like signing strategic MoUs and collaborations with many international organizations. Beyond his contributions to the industry, Mr. Russell T. Ahmed is a serial entrepreneur, Founder and CEO of CLASSTUNE, the largest LMS platform in Bangladesh and Team Creative, a system integration company engaged in various eGovernance and other projects. He has been a pioneer in making education accessible to children all over the country by providing technical solutions for education institutions. CLASSTUNE has enabled the empowering of the schooling system in Bangladesh to drastically improve. The company has been awarded and has established its LMS service in 300 schools in Bangladesh as part of a government project called "School of Future". This project is an extension of the 'Sheikh Russel Digital Lab Project (2nd Phase)- 2021,'. The project has already shed light on Bangladesh's education field by facilitating over 450,000 students. His vision of creating champions of the 21st century revolution is further manifested in the country's most popular educational TV shows like "Spelling Bee," "Bangladesh 1st," and "Science Rocks." Mr. Ahmed holds an MBA from IBA, University of Dhaka. He served many large organizations with C-Level capacities such as Chief Marketing Officer at QUBEE, Chief Strategic Officer at Fiber@Home, and Chief Executive Officer at Aamra Networks. His illustrious career also includes the honor of being elected Secretary-General of the Internet Service Provider Association of Bangladesh (ISPAB) for the term 2008-2009. His career highlights his innovative approach to marketing, communications, and business development within the ICT sector, shaping the future of Bangladesh's ICT landscape through visionary leadership and commitment.

Samira Zuberi Himika
Senior Vice President

of the top Bangladeshi woman entrepreneurs leading technology and impact ventures in Bangladesh and beyond since 2007. Ms. Himika has earned numerous International and National awards for breaking barriers and glass-ceiling while introducing many 'First of a Kind' technologies, initiatives, and products in FinTech, HealthTech, NLP & ML, Bangla Computing, Identity Management, Animation, and Digital Services. Currently, she is leading many successful companies like Giga Tech as Managing Director, Beximco Computers Ltd as Senior Advisor, Inspira Advisory & Consulting as Chairperson, and Team Engine as Director. Ms. Himika has served the BASIS as Director during 2014-16 and led some major initiatives such as TAX & VAT counseling service for members, Connecting Startup, ShePower and IDEA (project development), Digital World, Internet Week, etc. Now she gets a chance to take her contribution as she has been selected as the Senior Vice President of BASIS for the term 2022-2023.

Ms. Himika has been dedicatedly contributing to charitable organizations as an Advisor in "British Asian Trust Bangladesh". She was Board Member of Internationally awarded 'Friendship NGO' and 'Dnet'. Before becoming an entrepreneur, Ms. Himika has worked as Deputy Head of Communications in BBC World Service Trust and UNDP. She has mentored hundreds of young entrepreneurs and startups from India, Hong Kong, Malaysia, Brunei, and Bangladesh. Giga Tech under the leadership of Ms. Samira Zuberi Himika is playing a transformational role in Financial Inclusion with a series of innovative proprietary/Made in Bangladesh solutions. During the pandemic time, "Giga e-KYC" has enabled onboarded 3.1 million citizens in the financial ecosystem and the "Digital Onboarding" solution is making financial products by financial institutions available Digitally for customers while ensuring reduction of customer visits in branches.

Apart from working as a large-scale System Integration company in Government and private sector, Giga Tech, and Beximco Computers are deeply working in HeathTech solutions for patients, doctors, and healthcare providers in Bangladesh, India, Africa, and the UK. One of her portfolio companies "Inspira Advisory & Consulting" is successfully working as a knowledge and research-based company supporting the high impact and high potential industries by closely working with donor and private sector in developing industry roadmap design, beneficiary impact assessment, route to market mapping, market intelligence collection, policy impact analysis, etc. As a creative and social good company, Team Engine is working with under-represented and talented craftsmen, artists, and animators.

Abu Daud Khan
Vice President (Admin)

Mr. Abu Daud Khan, MD & CEO of Enroute International Limited has been contributing to making "Digital Bangladesh" with his comprehensive experience in the ICT industry. Under his direct supervision, Sudoksho (A robust Edtech platform) has spread its wing into the envisioned future. With 25 years of experience in Telecom and FMCG, Mr. Daud is a respected business persona in today's time. He is currently leading Enroute, a renowned business process outsourcing organization with tech-based wings Enroute Digital Lab, Enroute PaySolutions, Enroute Call Center, and Sudoksho, a unique e-Learning platform to accelerate the digital learning experience. Mr. Abu Daud Khan has also been an integral part of popularizing the local app concept for mobile devices in Bangladesh by launching apps like Prothom Alo App, Daily Star App, Weather Now, Stock Assist, and Scoreboard.

The initiative of a technology-based startup ecosystem as well as mobilizing the youth for the global learning environment has been a key improvisation while working as the country manager of Nokia in Bangladesh, Sri Lanka, and Nepal. Before that Mr. Daud Khan has been involved with Sony Ericcson in many tech development projects. By initiating the development of the right ecosystem for BPO companies he has also played an important role in organizing the sector. Mr. Abu Daud Khan is an ex-cadet of Jhenaidah Cadet College and proud alumni of INSEAD and IBA, the University of Dhaka. He is both a visionary technopreneur, an inclusive leader, a sustainable change maker. He is an Adjunct Associate Professor of BRAC business school and a technophile who aspires to contribute to making Digital Bangladesh with his ideas and work. Now he is a member of the BASIS Executive Council and gets a chance to provide his contribution as he has been selected as the Vice President (Admin) of BASIS for the term 2022-2023.

Fahim Ahmed
Vice President (Finance)

Mr. Fahim Ahmed is the Managing Director & CEO at Pathao, the largest digital platform for ride-sharing, food delivery, and e-commerce logistics in Bangladesh and Nepal. Mr. Fahim joined Pathao as CFO in early 2018. Since 2020, he has led the operations, growth, and strategic direction of the Company as President. As of November 2021, he has been appointed as the MD & CEO. Mr. Fahim is a seasoned executive with over 18 years of experience in finance, private equity, venture capital, investment banking, and operations in Bangladesh, South Asia, and the US. Before Pathao, he served as the Managing Director at Small Enterprise Assistance Funds (SEAF), a global impact investment firm that provides capital to growing businesses in frontier markets. At SEAF, he led several successful investments and exits in the technology, business services, renewable energy, and transportation sectors in Bangladesh and neighboring markets in South Asia.

Previously, Mr. Fahim had also worked as a private equity investor at Royal Bank of Scotland, and American Securities, a leading middle-market private equity firm based in New York. He began his career in finance as an investment banker in the Tech Media & Telecom (TMT) department at Goldman, Sachs & Co in NY. Fahim graduated summa cum laude from Middlebury College in Vermont, USA, with a B.A. in economics, and is a member of the Phi Beta Kappa Honor Society. Now he is a member of the BASIS Executive Council and gets a chance to provide his contribution as he has been selected as the Vice President (Finance) of BASIS for the term 2022-2023.

Habibullah Neyamul Karim
Director

Mr. Habibullah Neyamul Karim is an experienced Founder with a demonstrated history of working in the information technology and services industry. He has distinguished skills in Startup Funding, Negotiation, Business Planning, Analytics, and Operations Management. He is one of the strong business development professionals with a BSEE focused in Electrical Engineering from Yale University. Mr. Karim is the founder and CEO of Technohaven Company Ltd. in Dhaka, Bangladesh as an IT solutions provider serving corporate clients in South Asia that included trans-nationals UN bodies, global service funds, Bangladesh government, and NGOs. He has completed his Bachelor's in Electrical Engineering from Yale University, USA, and attended an Executive Program at Stanford University, USA. Mr. Karim represented the software industry as a full member of the Bangladesh Prime Minister's ICT Task Force between 2001 and 2003 and spearheaded several initiatives meant to accelerate the growth of the software and IT services industry in the country and remove the regulatory and policy level hurdles along the way. His paper on how information and communication technologies can help reduce poverty in Bangladesh was included as one of the thematic papers in the World Bank study on poverty reduction strategy in Bangladesh. As the founder vice-chair of the IBPC where the commerce secretary is the ex-officio chair, he initiated moves to augment the Bangladesh software industry's global reach and capacity.

Earlier in 1997, he helped to found the Bangladesh software industry association BASIS. As the founding secretary-general of BASIS, he authored a five-point charter of demand and action plan to provide a definitive direction to the fledgling software industry of the country. He was elected president of BASIS for the term 2002-2003. During his tenure as president of BASIS, he took significant steps to institutionalize the setup and operations of the organization. He has also been re-elected President of BASIS for the 2008-2009 term. Now he is a member of the BASIS Executive Council and gets a chance to provide his contribution as he has been selected as the Director of BASIS for the term 2022-2023. Mr. Karim is currently the chairman of the IT Committee of the American Chamber in Bangladesh (Amcham) and a former member of the Executive Committee of the Bangladesh Employers Federation. He was the convener of the working group of the ICT Policy Review Committee in 2008 and is the principal author of the Bangladesh ICT Policy 2009.

AKM Ahmedul Islam BABU
Director

AKM Ahmedul Islam BABU is the CEO and Managing Director of TechKnowGram Limited with extensive experience of over 25 years in BPO, outsourcing, the software industry, and the Japanese market. He is recognized as one of the pioneers in the ICT industry and has held crucial positions at various multinational companies, including NIIT, Metrocomia South Asia, BJIT, SeBPO, Divine IT, and AtomAP.

Since 1998, Ahmedul BABU has been actively involved with the Bangladesh Association of Software and Information Services (BASIS). Currently, he is serving as the Director of BASIS and Chairman of the BASIS Japan Desk. He is also the 1st Convenor of 1st BASIS Japan Focus Group in 2016 and additionally now serving as Director-in-Charge of standing committees including International Market Development and Digital Education, and a member of BASIS eGovHUB. Moreover, he serves as a Director of the Bangladesh Association of Contact Center and Outsourcing (BACCO) and a member of the Bangladesh Japan Chamber of Commerce of Industries JBCCI, Bangladesh Computer Samity (BCS), e-Commerce Association of Bangladesh (eCAB), and a Life member of CTO Forum of Bangladesh.

Apart from his management and business acumen, Ahmedul BABU has a journalistic background. He has previously served as the executive editor of the Monthly Computer Barta and senior correspondent for the Bangladesh Observer. Additionally, he is the founder and founding president of the Bangladesh ICT Journalist Forum (BIJF). Ahmedul BABU holds Bachelor's and Master's degrees in Applied Physics Electronics and Communication Engineering from the University of Dhaka. He also holds an MBA degree from the Presidency University of Bangladesh and ACMP 4.0 from IBA, University of Dhaka.

Mushfiqur Rahman
Director

Mr. Mushfiqur Rahman is a well-known ICT Industry Leader of Bangladesh, having 26+ years of experience in delivering strategic plans for finance, marketing, innovation, and growth management for local and international markets. Mr. Mushfiqur Rahman is now serving as one of the Directors of BASIS since Jan 2022. He also served BASIS as the Vice President (Finance) from April 2018 to Dec 2022. His relentless effort towards BASIS has ensured internal financial stability and integrity of the organization and has increased the profitability/financial assets of BASIS. For the last 3 and half years, he is leading from the front for policy-level advocacy and persuasion on behalf of BASIS and actively contributed/contributed for the ICT industry towards achieving Digital Bangladesh goal with different ministries of GoB like ICT, Finance, Commerce, Planning, Education, and Health, etc. Through negotiation and policy advocacy, he played a key role in the implementation of the long-waited industry need of 10% cash incentive for Software and IT/ITES exportation, Tax exemption for the revenue generated for the local companies from Cloud Services, System Integration, E-Learning, E-Book, Mobile Application Development Services and IT Freelancing till 2024- and 10-years tax exemption for Hardware Manufacturing. During his tenure as Vice President of BASIS, he successfully organized two BASIS SoftExpo (2019 &2020), serving as the convener for the SoftExpo 2020.

Mr. Mushfiqur Rahman co-founded Spectrum Engineering Consortium Ltd, one of the leading information and communication technology integration and service companies in Bangladesh, and leading Spectrum by establishing a base of more than 900+ clients locally and globally, includes footprints in Fortune 100 companies. Some of the leading Key Point Installation (KPI) and software projects implemented and maintained by Spectrum under his leadership are: Certified TIER III National Data Center (DC), Countrywide Customs Automation, Nationwide Bangladesh Education Network (BDREN), Submarine Cable DC & IIG, IT infrastructure and software for Banks and Telecom companies, Interconnect Billing Solution for ICX and IGW, and Agent Banking Solutions. With the emerging challenges of the fourth industrial revolution, he has developed Spectrum R&D Division and invested in Research on Robotics, Machine Learning, and Artificial Intelligence. Mr. Mushfiqur Rahman got his BSc in Mechanical Engineering Degree from BUET. He is a life member of the Cadet College Club & BUET Graduate Club. He is also currently serving as the Vice-Chairman of BUET 88 Welfare Foundation.

Syed Mohammad Kamal
Director

Mr. Syed Mohammad Kamal, Country Manager, Mastercard Bangladesh has more than 30 years of experience in the diversified industry starting from FMCG to Financial Institutions. He started his career in early 90's with the FMCG industry, worked at companies like ACI, Berger Paints for quite a long period in different leadership roles. Then he has changed the industry from FMCG to a financial Institution and joined a global leader in the remittance industry - Western Union where he worked for more than 6 years, set up Western Union Bangladesh Office, raised their network & revenue substantially. He left Western Union as Country Manager, Bangladesh.

Mr. Syed Mohammad Kamal joined Mastercard in early 2013 as Country Manager Bangladesh and established the MasterCard Bangladesh office in the same year. MasterCard is seeing great momentum in the Bangladesh market under his leadership. During the last more than 9 years tenure in Mastercard, he has launched hundreds of diversified payment solutions & increased the customer banks significantly. Under his leadership, MasterCard has launched 3 internet payment gateways in Bangladesh & become the market leader in the online payment space, working very closely with the eCommerce community of the country to ease up online payments.

He has also launched numerous cards & solutions with different organizations to ease up payments. He also pioneered BanglaQR - National Interoperable QR solution & brought in interoperability between MFS & cards. He is actively participating in several policy-making initiatives of the Govt. of Bangladesh, regulators, and different trade bodies. Mr. Syed Mohammad Kamal did his graduation from Chittagong University. Later on, he completed an MBA from Royal Road University, Canada.

Kamal has been the Executive Committee Member of the Foreign Investors' Chamber of Commerce (FICCI) for consecutive 2 terms. Now he is a member of the BASIS Executive Council and gets a chance to provide his contribution as he has been selected as the Director of BASIS for the term 2022-2023. He became Executive Committee Member of the American Chamber of Commerce in Bangladesh (AmCham) in 2018 and become Vice President in 2019.

Tanvir Hossain Khan
Director

Mr. Tanvir Hossain Khan began his professional journey in 2011 and has since worked on several companies. He founded his own company Dreamerz Lab in 2015 which is the first company to commercially work with XR technologies in the global market from Bangladesh. His vision is always to put the tech industry first by empowering the industry with 4IR technologies, especially with Augmented Reality, Virtual Reality, Mixed Reality as well as for the gaming industry. He arranged the first-ever gaming expo where he brought all the gaming industry under one platform including gamers, developers, game development companies, etc.

After that, he deployed the first commercial XR solutions in the automobile industry for UK-based customers. He is also focusing on a very major problem in our industry is skilled human resources. For this, he started contributing by collaborating with BHTPA, ICT Ministry, EMK Center. Avatar Digital VRARA as a trainer, mentor, and consultant to design and conduct training programs based on XR Apps & Game Development. He further collaborated with EMK Center, A2i & BTEB to develop competency standard guidelines based on which we can devise authentic training programs to build skilled human labor for 4IR technologies, especially in the field of AR, VR, MR & Gaming Industry. He always believes any problem can be solved if we can all work as one and from that idea his belief is "Collaboration is Always Better than Competition." Now he is a member of the BASIS Executive Council and gets a chance to provide his contribution as he has been selected as the Director of BASIS for the term 2022-2023

Md. Mostafizur Rahman Sohel
Director

Rashad Kabir
Director

Mr. Mostafizur Rahaman Sohel, a serial technopreneur, has over 2 decades of experience in technology, finance, and management as a software architect, consultant, mentor, and entrepreneur. He is involved in the software business in different countries. During his extensive career, he was involved in the development, implementation, and commercialization of several products, like DreamApps ERP, ERM Anywhere, Core Integrated Business Systems, ERP in a Box, Brand Manager, and Dream Apps Work Space. Currently, he is working on several multi-tenanted hosted SAAS initiatives, Data Analytics, Business Intelligence, and IoT technology. Mr. Mostafizur Rahman Sohel is one of the pioneers of the Bangladesh ICT industry who has made Enterprise Resource solutions popular in the country. He took a challenging and adventurous career path by opting to come back to his native land after finishing higher studies abroad. His company, Advanced ERP BD Ltd, along with other pioneers of the industry, literally made people understand the importance of automation. Mr. Mostafizur Rahman Sohel has kept himself engaged in the continuous development of the ICT industry and ecosystem. He has been a key contributor in GRP, the first-ever E-Government ERP Project initiated by the Government of Bangladesh.

Mr. Sohel is very much active in the international ICT circuit to represent Bangladesh and has been playing a significant role in ICT Development. He is a board member of 'Business for eTrade Development' - the premier private sector voice for optimizing public policies and aid allocations for e-commerce development and fuelling cross-border e-commerce worldwide that was launched alongside the UNCTAD-led 'eTrade for All' initiative. In his illustrated career Mr. Sohel has major contributions to Government Policymaking activities. He has led the Private Sector in enacting the first-ever Digital Commerce Policy in Bangladesh. He has been the National Consultant for Rapid eTrade Readiness Assessment for Bangladesh conducted by UNCTAD. Mr. Sohel has performed as the Head Judge for BASIS National ICT Award for the years 2018 and 2019. He keeps himself engaged in mentoring youths in different forums, university career clubs, and business chambers. He was the Joint Secretary General of BASIS for the term 2014-2016 and as a Director of BASIS for the term 2016-2018. He has been elected as the Director of BASIS for the term 2022-2023. He is a former National President and currently an Advisory Council Member of Junior Chamber International (JCI) Bangladesh. He is also a proud Rotarian and has been honored to become the Chartered President of Rotary Club of Dhaka Radiant.

Mr. Rashad Kabir is one of the leading young ICT Entrepreneurs of Bangladesh. He has contributed a lot to the progression and prosperity of the ICT development of Bangladesh, especially in the field of ICT-based learning and teaching system. Mr. Rashad completed his Graduation from Khulna University of Engineering and Technology in Electrical and Electronics Engineering. He started his professional career at the age of 18 by joining as the Director of BCMC Foundation Ltd. At the age of 22, Mr. Rashad established his own IT Firm named Dream71 Bangladesh Ltd which has already turned into one of the promising tech startup companies of Bangladesh. Dream71 is now doing business and clients in more than 10+ countries right now including Japan, South Korea, Netherlands, Cameroon, UK, UAE, Nigeria, Afghanistan, and many others. He is the pioneer of the first educational game of Bangladesh. He and his company in collaboration with Access to Information (A2i) have developed games based on science books of Classes VI to VIII. In Oct 2015, In June 2016, Mr. Rashad started another tech startup named "Pocket Sales 71", a complete sales force automation tool. He has also established a partner company in Tokyo, Japan named "DreaminPocket". In November 2017, Mr. Rashad also signed a MoU with the Deputy Minister of Defense and National Security in Maldives H. E. Mr. Thoriq Ali Luthufi and his company "Inove Institute" in the Maldives to take the footstep of Dream71 in the Maldives market. Mr. Rashad also opened a company named "HSD Dream71 Ltd' registered in Bangladesh, the UK, and Cameroon which will responsible for the promotion of Dream71's product in the African market. Mr. Rashad Kabir is also contributing to international market development for the ICT Industry of Bangladesh. He is the Convener of Japan Focus Group and Co-Chairman of BASIS Standing Committee on International Market Development. He has taken the lead of Japan IT Week of the year 2018 and 2019 and under his leadership; BASIS took part in those two mega-events. Mr. Rashad was also a member of the organizing committee of BASIS Soft Expo of 2018, 2019, and 2020. He was also a member of the organizing committee of Digital World 2017. He was the Director of BASIS for the term 2019-2021. Now he gets a chance to take his contribution further as he has been selected as the Director of BASIS for the term 2022-2023.

Report of the
BASIS Executive Council
(2022-2023)

Report of the BASIS Executive Council (2022–2023)

Ladies and Gentlemen, Distinguished Guests, and Esteemed Members,

It is both a pleasure and an honor to address you on behalf of BASIS Executive Council 2022-2023 at our 25th Annual General Meeting. A warm welcome to all of you here. Your presence makes this occasion even more special. Today, we come together to celebrate the collective progress we have made thus far and to deliberate on our future direction.

My fellow industry colleagues, It's uplifting to see the progress and accomplishments our association went through over the years. We are grateful for the steadfast commitment, resilience, and leadership demonstrated by you, which have led us together to our current standing. With the government recognizing ICT as one of the most potential service sectors for export diversification, we have doubled down on our efforts for sustainable growth and digital empowerment, in quest for a SMART Bangladesh. As we reflect together, this year has been both challenging and rewarding. The resilience and adaptability of the software, IT, and ITES in Bangladesh have been tested yet again in 2023, amidst global uncertainties and economic fluctuations. Despite this, our industry's innovative spirit has grown stronger than ever, thanks to your dedication, hard work and leadership.

This year, thanks to your invaluable support, we have achieved notable advancements by implementing strategic initiatives, advocating for business-friendly policies, and promoting international partnerships, all aimed at cultivating a supportive environment for growth and innovation in your cherished pursuits. As we celebrate our achievements from the last year, we also recognize that these are just the seed stages of creating a tech-driven knowledge ecosystem. There remains much more work to be accomplished.

It is with great pleasure that we share BASIS has witnessed an unprecedented year-on-year growth in its membership over the Executive Council's 2022-2023 term. In response to our members' distinct needs, we have devised tailored strategies, crafting an extensive suite of services. These include crucial market insights, facilitating business connections, providing privileged services, capacity building, and offering advisory support. Our objective is to refine our members' competitive advantages, ultimately contributing to the broader development of the entire ecosystem. In 2023, we reached important junctures. Our efforts in advocacy led to positive policy changes, and grand events like BASIS SoftExpo 2023 effectively highlighted the capabilities of Bangladeshi ICT companies to a global audience. Moreover, our proactive involvement in global ICT fairs, competitions, and delegations has significantly strengthened Bangladesh's branding image as a potential ICT hub.

Now, I humbly ask for your attention as I am pleased to present a summary of our annual report for your esteemed consideration. This report reflects our collective efforts throughout the past year, navigating the challenges faced by the ICT sector, including the crucial need to address skill gaps and enhance infrastructure alongside supportive policies. Recognizing the importance of a robust ICT export market, BASIS has actively collaborated with both government and international partners to streamline the export process for software, IT, and ITES products and services. We also look forward to sharing the exciting opportunities identified in 2023 and those on the horizon.

Membership Milestones

The period of 2022-2023 marked a significant milestone in the journey of BASIS under the visionary leadership of the Executive Council. Witnessing an unprecedented surge in membership, the association almost doubled its size within two years, setting a new benchmark for industry growth. This remarkable expansion underscores BASIS's commitment to fostering a vibrant ecosystem, brimming with innovation and driving Bangladesh towards a digitally empowered future.

BASIS has evolved from its inception with 18 members in 1998 to now boasting over 2,300 members. This exponential growth not only showcases the association's dedication to nurturing a world-class ICT environment but also reflects the collective ambition of its members to propel the software and IT/ITES industry forward. During the tenure of the 2022-2023 Executive Council, BASIS experienced a record-breaking 58% increase in active membership, with numbers soaring from 1,456 in January 2022 to 2,305 by December 2023. This impressive growth is a testament to the Council's efforts in attracting and nurturing new talent within the ICT sector.

Policy Advocacy, Regulatory Milestones, and Research

It is widely understood that the policy-making process is often envisioned as a series of sequential phases, each with its inherent time demands. The development of policy, in theory, encompasses efforts to evaluate as comprehensively as possible the potential impacts of proposed measures, thereby reducing the likelihood of unforeseen or adverse outcomes. With this perspective as our guide, we have this year made a number of notable progress. In 2023, the BASIS Executive Council 2022-2023 underscored the critical role of transitioning towards a cashless system as a cornerstone for achieving a knowledge-driven SMART Bangladesh by 2041. Recognizing the burgeoning FinTech landscape's potential, especially in payment systems, BASIS identified and addressed challenges hindering the sector's full-scale development, notably in areas like insurance where innovation lagged. The Council's strategic advocacy aimed to bolster these underperforming sectors, ensuring their alignment with the broader vision for a SMART nation.

Regulatory Sandbox Guidelines–2023: BASIS, in collaboration with the Insurance Development and Regulatory Authority (IDRA), facilitated the creation of a sandbox environment for InsurTech companies to test innovative products and services. This initiative marked a significant stride towards invigorating the insurance sector with technological innovation, as announced at the "InsurTech: A New Milestone Towards SMART Bangladesh" event.

Digital Bank Guidelines 2023: Spearheading the push for digital banking, BASIS played a pivotal role in formulating the "Digital Bank Guidelines 2023," facilitating applications for digital bank licenses. This initiative aligns with the national agenda for a Cashless Society, with the government granting preliminary approvals to digital banks.

Amendments to a2i Bill 2023: BASIS contributed to the refinement of the "Aspire to Innovate (a2i) Bill 2023," proposing amendments to enhance IT trade association proper representation and clarify a2i's partnership constraints. These efforts were aimed at ensuring a balanced and inclusive approach to innovation policy making.

Entrepreneurship Support Fund (ESF) Guidelines 2018 Review: The Council engaged with Bangladesh Bank to revisit the ESF Guidelines, addressing operational challenges and advocating for enhanced legal protections for ICT companies.

Engagements for Trade Facilitation: The Council's proactive engagement with the Office of the Chief Controller of Imports and Exports (CCI&E) yielded the ERC waiver facility, simplifying trade processes and supporting sector growth. This engagement was part of BASIS's broader strategy to influence the drafting of "The Import and Export Act 2024," aiming to modernize trade regulations for enhanced efficiency and inclusivity.

FinTech White Paper: In a landmark initiative, BASIS partnered with Deloitte to conduct comprehensive research on Bangladesh's FinTech sector, aiming to provide actionable insights for stakeholders and drive future policy development.

Digital Commerce Act 2023: BASIS advocated concerns around the proposed "Digital Commerce Act 2023," focusing on registration mandates for online businesses and the potential impact on SMEs.

Cyber Security Act 2023 & Data Protection Act 2023: BASIS's involvement in reviewing these acts underscored its commitment to enhancing cybersecurity measures and protecting personal data within the digital landscape.

Digital Commerce Authority Act 2023: The Council advocated for amendments to this act to ensure fair competition and consumer protection in the digital commerce sector.

Our research efforts, including studies on the impact of COVID-19 on ICT exports by BASIS R&D and the Bangladesh Fintech landscape in   collaboration with Deloitte. Furthermore, the council initiated the development of sectoral papers covering various aspects of emerging technologies, such as, ICT Skills, EdTech, FinTech, AgriTech, Start-Up Ecosystem, Gaming Industry, Frontier Technologies (4IR), E-Gov, ICT Export, Cybersecurity, and Cloud Computing, for providing strategic guidance to our members. BASIS is also working closely with relevant authorities and government bodies on other important policies and guidelines for facilitating Bangladesh transition to a digital economy. Lastly, our management of 150+ correspondences of the committees and forums fostered collaboration and drove meaningful progress towards achieving a SMART Bangladesh by 2041.

Our Guiding Principles

Under the guiding principle "Every Member Matters," the BASIS Executive Council 2022-2023 has dedicated itself to serving its members, embodying the essence of a member-centric approach. This ethos reflects the Council's commitment to ensuring that every member, from the smallest startup to the largest corporation, receives the support, resources, and recognition they deserve. The initiatives introduced and the achievements highlighted in are testament to this principle.

BASIS Co-Branded Credit Card Program: In 2023, the BASIS Co-Branded Credit Card program has seen remarkable growth, serving as a testament to our efforts in providing financial empowerment for IT procurements to its members. With the addition of new banks and an increase in card issuance, the program underscores our commitment to offering valuable, member-centric services.

Software Import through e-Delivery: The successful expansion of the BASIS e-Delivery system signifies a pivotal shift towards digitizing software import processes, evidencing a 63% increase in application count. This digital marketplace has become an essential tool for both BASIS members and non-members, facilitating streamlined software transactions and reinforcing the digital economy's infrastructure.

Access to Capital: The collaboration we have made with the Prime Bank to launch the BASIS Prime Bank Loan program exemplifies our proactive approach to addressing the financial needs of the ICT sector. Offering competitive interest rates and flexible repayment terms, this initiative has been pivotal in enhancing access.

BASIS Member Services Automation Drive: The BASIS Executive Council's automation drive, including the launch of dynamic website portals and mobile applications, reflects a forward-thinking approach to enhancing member experiences and operational efficiency. This initiative not only simplifies processes for members but also significantly contributes to the growth in BASIS membership.

BASIS Members Meet: We organized BASIS Members Meet at five different locations in Dhaka and Chattogram. These meetings were designed to build community unity and make sure every member feels important and included. By facilitating discussions on crucial topics ranging from policy advocacy to industry-specific challenges, the event reinforced BASIS's role as a catalyst for fostering collaboration and innovation among our members.

BASIS Birthday Gift Initiative: The inauguration of the "Birthday Gift Project" in 2023 by the BASIS Executive Council 2022-2023 illustrates a unique approach to member engagement. Celebrating all of our members with personalized gifts and messages, this initiative not only expressed appreciation for member contributions but also strengthened the sense of community within BASIS.

We believe these efforts have fostered a sense of acknowledgment and motivation among our 2,300+ members. As each member plays a unique role in our shared mission to guide Bangladesh towards a SMART Bangladesh by 2041.

International Market Development

We recognize that the key to international success lies in collaboration. As we march towards our ambitious goal of achieving $5 billion in ICT exports, our journey in 2023 has been marked by strategic initiatives aimed at expanding our international market presence. Our active participation in international networking events and forging local partnerships with international organizations have significantly enhanced BASIS's global footprint, contributing to the continuous evolution of our IT sector. Throughout the year, we have diligently cultivated relationships with over 24 esteemed international organizations and embassies in Bangladesh. We have established key diplomatic ties with embassies from a diverse array of countries, including Hungary, Canada, Japan, Slovakia, South Korea, Denmark, the Netherlands, Sweden, Sri Lanka, Turkey, the UK, and the United States. Our partnerships with prominent entities like PUM Netherlands Senior Experts, JISA, CBCCI, KOTRA, and ICTA underscore our commitment to leveraging global expertise and resources for the advancement of our IT industry. Notable engagements, including the MoU with JISA during the BSEC Roadshow in Tokyo and headline partnership at the Global Sourcing Association's Festival of Sourcing, have opened new avenues for international collaboration and market expansion. Participation in the Bangladesh Trade & Investment Summit 2023 across Germany, Belgium, and France, focusing on diversifying exports and strengthening ties with the European Union, particularly emphasizing the ICT industry's role in these efforts also played crucial roles in fortifying our positions. The establishment of the BASIS America Desk in 2023 marks another significant milestone achievement.

Local Market Development: In 2023, the BASIS Executive Council 2022-2023 not only upheld its commitment to fostering local market development but also significantly amplified its impact on Bangladesh's ICT sector. A testament to this commitment was the organization of BASIS SoftExpo 2023, the largest technology showcase the country has ever witnessed. This monumental event featured 210 exhibitors, generated an impressive USD $12 million in business leads, and attracted over 100,000 online registered visitors, marking a new milestone in the ICT industry's growth and visibility in Bangladesh. The Council's efforts extended beyond the expo, with the publication of a dedicated magazine that captured the essence and achievements of BASIS SoftExpo 2023. This publication serves as a valuable resource for industry stakeholders and highlights the council's initiatives in promoting the ICT sector. Additionally, BASIS actively championed the industry's development through a series of knowledge-sharing sessions, seminars, workshops, and conferences throughout the year. These events were designed to facilitate the exchange of ideas, best practices, and technological innovations, reinforcing Bangladesh's position as an emerging global ICT powerhouse. To celebrate excellence within the sector, the Council organized prestigious awards, including the Best Reporting Awards, along with BASIS National ICT Awards, and Luna Shamsuddoha Awards for the fiscal year 2022-2023. These awards not only recognized outstanding contributions to the ICT industry but also inspired innovation and excellence among professionals and companies.

Tech Talent and Innovation Focused Capacity Building

Acknowledging the critical skills gap as a major challenge for the ICT sector's sustainability, BASIS in 2023 has advocated for quality education and training. Emphasizing the development of industry-relevant skills and emotional intelligence, BASIS aims to prepare a workforce that meets international standards, supporting the nation's ambitious ICT export targets. The BASIS Executive Council 2022-2023 has underscored the pivotal role of capacity building and innovation in driving the ICT sector forward. Through targeted initiatives, the council has laid a robust foundation for nurturing talent and fostering innovation across the sector. The ICT sector is poised to become a job creation powerhouse, with projections indicating a surge to 500,000 jobs by 2025 and an ambitious goal of doubling this figure by 2028.

The establishment of the BASIS Digital Economy Hub, in collaboration with the EDGE Project of BCC and financed by the World Bank, marks a significant step towards capacity building, innovation, and sustained growth within the IT sector. The council through this partnership focuses on empowering businesses, startups, and SMEs through tailored training, upskilling, and connecting with opportunities. The council has also collaborated for the Top-SE Project, with BCC and JICA, aims to enhance the skills and competitiveness of mid-level IT engineers, driving sustainable growth and fostering a pool of top-tier software engineers. In partnership with the SDCMU and SEIP, the council has achieved its target of skillfully training 7,950 individuals, showcasing a commitment to enhancing the ICT workforce's capabilities. We have also organized an exclusive workshop in collaboration with PUM Netherlands Senior Experts, aimed at harnessing AI advancements for progress, and brought together BASIS member participants from leading companies, emphasizing the importance of AI and machine learning in driving growth and innovation. Our partnership regarding the upcoming ASSET Project aims to empower members with cutting-edge skills, focusing on ICT Engineer Development to drive global innovation. In 2023, a project, in partnership with the University of Miyazaki under the JICA program, aims to foster closer business ties between Bangladesh and Japan by addressing language barriers and cultural understanding, enhancing business opportunities in the Japanese market. Till now, in 5 batches, over 105 BASIS representatives graduated, equipped with Japanese language and business skills. Through a series of workshops, seminars, and counseling sessions, BASIS has also focused on empowering member companies with HR management expertise and specialized knowledge in tax compliance, VAT complexities, and financial management, contributing to the sector's overall growth and sustainability.

Additionally, through extensive sector-specific documents on emerging technologies, BASIS aims to shape the SMART future, addressing key areas such as ICT skills, export, EdTech, FinTech, AgriTech, and more, reflecting a comprehensive approach to embracing the Fourth Industrial Revolution. Since its establishment in 2007, BITM has played a crucial role in addressing the skill gaps within the Software and IT/ITeS industries. With nine state-of-the-art ICT labs, BITM has graduated over 55,000 professionals through more than 50 specialized courses, demonstrating a commitment to equipping the workforce with industry-relevant skills. BITM's efforts have been fundamental in creating a skilled talent pool capable of driving innovation and contributing to the sector's growth.

Youth-Led Initiatives

The BASIS Executive Council (2022-2023) has been instrumental in spearheading a series of transformative initiatives aimed at empowering the youth of Bangladesh, nurturing them into the future leaders of a SMART Bangladesh by 2041. Through these endeavors, BASIS has demonstrated a steadfast commitment to harnessing the potential of the young population, ensuring their active participation in the ICT sector's growth and innovation. In 2023, in collaboration with the BASIS Students' Forum (BSF) across 76 universities, BASIS has engaged over 100,000 young minds through continuous, year-round activities. With a membership base exceeding 26,000, the BSF stands as a beacon of ICT excellence.

The BASIS Executive Council 2022-2023 organized the NASA International Space Apps Challenge in 2023 as well across nine major cities in Bangladesh. This event has not only fostered innovation among the youth but have also placed Bangladesh on the global map as a formidable contender in space exploration and technology. The remarkable achievements of Bangladeshi teams in these challenges, such as Team Diamonds' win in the "Most Inspirational" category in 2022 and Team Voyagers' world championship in the "Best Storytelling Category" in 2023, underscore the exceptional talent within the country. These victories mark consecutive years of world championship wins for Bangladesh, showcasing the nation's unmatched innovation potential. We have also organized dedicated tech job fairs to further empower young adults, connecting them with career opportunities and industry leaders. In recognizing the demographic advantage with 70% of the population under the age of 35, the BASIS Executive Council 2022-2023 is confident that this youth potential will continue to be a cornerstone for innovation in building a SMART Bangladesh.

Issuance of Cash Incentives Certificates

The period from 2022 to 2023, has also seen unparalleled growth. This initiative has not only attracted a larger pool of companies into the ICT trade but has also notably enhanced the export figures, marking a period of explosive growth and development within the sector. The impact of cash incentives on the ICT sector is evident in the remarkable increase in the number of companies availing themselves of these benefits, as well as in the surge in export figures. The number of companies rose from 281 in 2022 to 310 in 2023, showcasing the sector's growing appeal. More impressively, exports related to cash incentives almost doubled, jumping from US$ 152 million in 2022 to US$ 296 million in 2023. The issuance of certificates rose from 2,344 in 2022 to 2,769 in 2023, reflecting the higher engagement and compliance within the sector.

Standing Committee(s) and Forum(s)

The role of the committees and forums within BASIS is crucial, serving as the backbone of the organization's efforts to drive collaboration, address challenges, and capitalize on opportunities in the ICT sector. Throughout the tenure of the 2022-2023 BASIS Executive Council, the Standing Committees and Forums have been at the heart of fostering growth, collaboration, and innovation within the ICT sector in Bangladesh. The year has been characterized by a series of dynamic and influential activities that have not only promoted the software and IT services industry but have also paved the way for significant advancements and achievements in the sector.

The commitment and active engagement of these committees and forums are reflected in the impressive array of achievements accrued over the year. A total of 1,563 participants engaged in various meetings, workshops, and discussions across the committees and forums. This engagement was supported by 905 dedicated members who played pivotal roles in steering the direction and execution of numerous initiatives and projects designed to advance the ICT industry in Bangladesh. Throughout the year, 77 meetings were held across these committees and forums, facilitating discussions on urgent industry issues, emerging trends, policy advocacy, and the exchange of knowledge and best practices. The structure of BASIS's collaborative efforts was expansive, encompassing 44 committees, forums, focus groups, and board sub-committees. Through these collective efforts, 34 unique achievements were unlocked, each contributing to the development and growth. We believe as BASIS progresses, the strength of its network — evident in the active participation and engagement of its members — will continue to be a driving force behind its success. Engaging in over 121 communications through targeted correspondence and collaborating with more than 50 organizations, including government and international bodies, BASIS has demonstrated a comprehensive and strategic approach to navigating the challenges and seizing the opportunities.

Exclusive Privilege Services in 2023

In 2023, BASIS Executive Council 2022-2023 introduced members to an expanded array of exclusive privilege services. With a focus on growth and expansion, the program saw a 12.5% increase from 2022 in officially signed privilege services, reflecting our dedication to diversifying its offerings for its members. The privilege services program for 2023 encompassed partnerships across a wide range of sectors, including prestigious health institutions, hotels, airport services, automobile providers, e-commerce platforms, restaurants, food chains, diagnostics centers, financial institutions, banks, consultancy firms, and insurance companies. This broad service range ensured that BASIS addressed the extensive array of member requirements, further solidifying the foundation for a community built on shared advantages and support. A testament to the success and impact of these initiatives was the successful partnership with IBN SINA TRUST, which led to the distribution of over 1,000 health cards to BASIS members by January 2024. In reflection, the year 2023 has indeed been a testament to the power of unity, innovation, and resilience. As we look forward to the future, we remain committed to advancing our mission, driven by the guiding principle that "Every Member Matters." Together, we will continue to strive towards achieving a SMART Bangladesh by 2041, leveraging the collective strength and potential of our BASIS community.
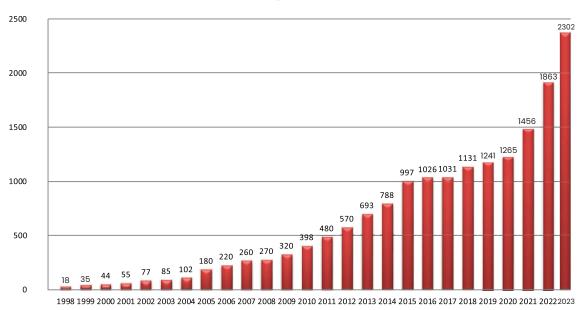

As we conclude the report of the BASIS Executive Council for the period of 2022-2023, I, on behalf of the council, wish to express our profound appreciation to all our partners for their steadfast support and collaboration. Special thanks are extended to the ICT Division, a2i, Bangladesh Angels, Bangladesh Bank, Bangladesh Computer Council (BCC), BASIS-SEIP, BIDA, BSEC, BMET, BPC, BWIT, BTCL, CPTU, CCA, DTO, EDGE Project, Embassy of the People's Republic of Bangladesh in various countries, and Foreign Embassies and High Commissions in Bangladesh. Furthermore, we express gratitude to ADB, BARD, ERD, NHRDF, EPB, FBCCI, DCCI, MCCI, Hi-tech Park Authority, HKIRC, IBPC, ITC, ILO, IFC, BEF, ISPAB, BACCO, CPD, DiFE, e-Cab, ICAB, AWS APN, ICANN, IDRA, IMF, JICA, JETRO, JISA, KOTRA, Ministry of Commerce, Ministry of Finance, Ministry of Education, Ministry of Foreign Affairs, Ministry of Posts & Telecommunications Division, Ministry of Planning, Ministry of Science and Technology, Ministry of Industries, Ministry of Agriculture, Ministry of Health and Family Welfare, Ministry of Environment, Forest and Climate Change, Ministry of Labour and Employment, National Cyber Security Agency, NSDA, NASA Go Team, NBR, PUM Netherlands Senior Experts, RJSC, SME Foundation, Startup Bangladesh Limited, UN Organizations operating in Bangladesh, UGC, University of Miyazaki, Japan, Viettel Business Solution, Vietnam, WTO, and World Bank. We also extend our thanks to many others who have supported our journey, enriching our efforts with their invaluable contributions and dedication. Your unwavering support has been instrumental in our journey towards achieving a digitally empowered Bangladesh.

The Executive Council 2022-2023 also recognizes the dedication, vision, and hard work of the BASIS Secretariat and the BITM team. This journey of transformation has gained momentum, and it is with pride that we acknowledge our role in this significant endeavor. To all the distinguished guests, esteemed members, and everyone who has supported us through your belief in our vision, your participation, and your unwavering support lend meaning to our journey and strengthen us with renewed energy and determination. As we look towards the future, BASIS invites all members, stakeholders, and partners to join hands in our continued journey towards achieving a SMART Bangladesh by 2041. Your participation and support are crucial in navigating the challenges and seizing the opportunities that lie ahead.

We are excited about the prospects of achieving more milestones, fostering further collaborations, and celebrating greater achievements. Thank you, once again, for being an integral part of this journey.

2023

January

Meeting with U.S. Embassy

On January 2, 2023, a delegation from the U.S. Embassy in Dhaka, led by Mr. James S. Gardiner, Environment, Science, Technology & Health Officer, along with Mr. Asif Ahmed and Ms. Sheila Ahmed, both Economic/Commercial Specialists, visited BASIS. The purpose of their visit was to engage in discussions regarding the "BASIS SoftExpo 2023" and to explore potential avenues for cooperation and partnership in connection with this grand event. Mr. Russell T. Ahmed, President, BASIS, chaired the meeting, which was attended by several individuals, including Ms. Samira Zuberi Himika, Senior Vice President, BASIS, Mr. Syed Mohammad Kamal, Director, BASIS, Mr. Tanvir Hossain Khan, Director, BASIS, Mr. Zeeshan Kingshuk Khan, Communications Consultant, BASIS, Ms. Farah Jabin Ahmed, Assistant Manager, BASIS, and Ms. Tanjin Prity, Executive, BASIS. The meeting conducted a comprehensive discussion, thoroughly addressing various aspects related to the event.

B-MEET 1st Batch Graduation Ceremony

On January 10, 2023, members of BASIS successfully concluded a month-long training program focused on Japanese language and culture. This program was conducted in collaboration with the Bangladesh-Miyazaki ICT Engineers Educational Training Project (B-MEET), a joint effort between BASIS and the University of Miyazaki in Japan. The closing ceremony for this initiative was held at BASIS Auditorium, where Mr. Russell T. Ahmed, President, BASIS, presented certificates to the participants who had successfully completed the program.

Since its inception in December, 2022, this training program has been designed to provide participants with a deep understanding of Japanese language and culture. The aim is to strengthen the business ties between Bangladesh and Japan. During the ceremony, BASIS President expressed his hopes, stating, "Through this course, the trainees have gained insights into the Japanese language and culture. I am optimistic that this will contribute to reducing business and language barriers in Japan, thereby enhancing the trade relationship between our two countries." The closing ceremony was virtually presided over by Mr. AKM Ahmedul Islam BABU, Director, BASIS and Chairman of BASIS Japan Desk. Other notable attendees included Miyazaki University Teachers, Ms. Sina Yamamoto and Ms. Nanae Yamauchi, along with Ms. Mousumi Biswas, representing B-MEET.

Meeting with ICT Division

On January 5, 2023, a discussion meeting was held at the ICT Division regarding "BASIS SoftExpo 2023" — the largest technological exposition in South Asia. The event was scheduled to take place from February 23 to 26 at the Bangabandhu Bangladesh-China Friendship Exhibition Center, Purbachal, in Dhaka. With the largest venue in the country, the event was expected to be the largest ever, with the highest number of exhibitors. Distinguished industry leaders attended the discussion meeting, including Mr. Russell T. Ahmed, President, BASIS, Mr. Zunaid Ahmed Palak, Honorable State Minister, ICT Division, Mr. Dr. Bikarna Kumar Ghosh, Managing Director, Bangladesh Hi-Tech Park Authority, Mr. Syed Mohammad Kamal, Director, BASIS, Mr. Md. Mustafa Kamal, Director General of Information and Communication Technology Directorate, and Mr. Ranjit Kumar, BCC Executive Director (Additional Secretary).

During the meeting, Mr. Russell T. Ahmed presented an extensive plan for the exposition, and Mr. Zunaid Ahmed Palak offered valuable advice and recommendations to ensure the success of the exposition. This collaboration aimed to foster the growth of the ICT industry and contribute to the realization of a knowledge-driven, technologically advanced "Smart Bangladesh."

BASIS Greets Newly Appointed Managing Director of BDBL

On January 18, 2023, Mr. Russell T. Ahmed, President, BASIS, extended a warm welcome to Mr. Habibur Rahman Ghazi, who had taken on the role of Managing Director and CEO at Bangladesh Development Bank Limited (BDBL). Also in attendance were Mr. Md. Refat Hasan, Deputy Managing Director, BDBL, Ms. Afroza Nasrin Chowdhury, General Manager, BDBL, Mr. Riazul Islam, Deputy General Manager, BDBL, and Mr. Asaduzzaman, also a Deputy General Manager, BDBL. The primary focus of the meeting revolved around the effective management of BASIS STP-1, which is located within the BDBL Building in Kawran Bazar, Dhaka. It is worth noting that in 2002, BASIS assumed responsibility for the management of the country's inaugural ICT incubator, which was housed in a significant portion of the former BSRS building (now BDBL).

Subsequently, in 2015, a lease agreement was established involving several parties, including the Bangladesh Hi-Tech Park Authority, BDBL, and BASIS, spanning the period from 2015 to 2020. In this regard, discussions also encompassed matters related to the collection of outstanding rent payments and the renewal of the rental agreement. Representing BASIS at the meeting were Mr. Abu Daud Khan, Vice President (Admin), BASIS, Mr. Musfiqur Rahman, Director, BASIS, Mr. Hashim Ahmed, Secretary, BASIS, and Mr. Mehdi Islam Tanveer, Assistant Manager, STP-1, BASIS.

BASIS Annual Picnic 2023

On January 21, 2023, the "BASIS Annual Picnic 2023" was held at Heritage Resort in Bagan Bari, Madhabdi, Narsingdi, Dhaka. The event witnessed the participation of more than 800 member companies of BASIS and thousands of attendees, making it the largest-scale picnic in BASIS's history.

The day was filled with a variety of enjoyable activities and games, showcasing enthusiastic participation from members of all age groups. Children delighted in Marble Race and Red Light/Green Light games, while adults displayed their competitive spirit in events such as the Cricket Tournament, Hari Bhanga, Pillow Passing, and Tug of War. A range of sponsorships partners, including Race Online Ltd, Smart Technologies Ltd, TiCON System Ltd, DNS Software Ltd, Satcom IT Limited, SkyTech Solutions, Dream71 Bangladesh Ltd, Dreamerz Lab Ltd, GoBangla, Creative IT Institute, Systech Digital Limited, and PeopleNTech, contributed to the event by offering 15 Raffle Draw prizes. These prizes featured exciting items like a Samsung 65" 4K Android TV, a couple's air ticket for Dhaka-Bangkok-Dhaka, a 1.5 Ton Non-Inverter AquaCool AC, a Lenovo IdeaPad 1 laptop, a Galaxy A53 5G phone, a Google Pixel 6A phone, an Insta360 One R Twin Edition 4K Touch Waterproof Action Camera, a Smart LED TV, a 7 KG top-load washing machine, a Sharp Freezer, a Sharp Microwave Oven, a 3 days 2-night accommodation at Cox's Bazar, a Titan Couple Watch, an Automatic Electric Teapot Kettle, and a pair of Webcams, which added excitement to the event. Brotecs Technologies Limited, Giga Tech Limited, Right Brain Solution Limited, Mastercard, prismERP, Synesis IT Limited, and Technobd Limited partnered with BASIS in sponsoring this event. The picnic concluded with a prize-giving ceremony, followed by a live concert.

BASIS SoftExpo 2023:
Exhibitors' Meet

On January 28, 2023, the story of exhibitors began at the exciting "Exhibitors' Meet" program held at the BASIS auditorium. This event marked their confirmation and the start of an amazing journey into the smartverse of Software & IT/ITES excellence at BASIS SoftExpo 2023.

During this meet, to facilitate exhibitors showcasing their products and services in two bustling halls inside the venue, Pavilions, Mini Pavilions, Stalls, and Kiosks were distributed and ensured that they will be arranged with a plan to engage and guide visitors through the different settings at one go. In this immersive journey, 82% of the total exhibitors distributed to were BASIS members, a testament to the ICT leadership and unity this industry embodies.

February

Roundtable on Proposed "Digital Commerce Act 2023"

On February 1, 2023, BASIS Standing Committee on Digital Commerce held a roundtable discussion at BASIS Auditorium to address concerns raised by online entrepreneurs regarding the proposed draft of "Digital Commerce Act 2023" by Ministry of Commerce. The draft law specified that all online businesses, regardless of their size, must register with the Registrar of Joint Stock Companies And Firms (RJSC), failing which they may face penalties or imprisonment up to six months. This has raised some serious concerns among millions of micro-entrepreneurs, and MSMEs including students and housewives, who fear that they may be forced to shut down their businesses, addressed by participants. The roundtable was chaired by Mr. Zia Ashraf, Chairman, BASIS Digital Commerce Standing Committee. Experts and members of the committee from various e-commerce, logistics, and payments companies attended the roundtable, including, Mr. Syed Mohammad Kamal, Country Manager, Mastercard, and also a Director, BASIS, Mr. Shahab Uddin, Vice-President, e-Cab, Mr. Arnob Mustafa, Director, e-Cab, Mr. Arif Khan, Foodpanda, Mr. Fahim Shahriar Andalib, Senior Manager, Policy & Strategy, Daraz, Mr. Zia Ashraf, Co-founder and COO, and Mr. Waseem Alam, Co-founder and CEO from Chaldal, Ms. Eshita Sharmin, CEO, Bikroy, Mr. Biplob G Rahul, Founder and CEO, e-Courier, Mr. Nasimul Islam, Director, VISA, Mr. Ripon Dey, Founder and CEO, Pollux Technology Solutions and other online entrepreneurs. Mr. Fahim Mashroor, CEO of Bdjobs.com and AjkerDeal.com, and Chairman, Standing Committee on FinTech & Digital Payment, BASIS, gave a keynote presentation.

The speakers at the roundtable discussed that there are already over 20 existing laws related to digital transaction security and commerce in the country, which are sufficient to protect the interests of online customers. Bangladesh Bank is also authorized to ensure the safety of digital payments made by customers. The speakers argued that the fraud incidents that occurred in 2021 were mainly due to the failure to enforce existing laws rather than the absence of laws. For instance, despite numerous complaints against the largest fraudster e-commerce company in the Directorate of National Consumer Rights Protection, no proper legal action was taken against the company, despite the availability of adequate laws to support such actions. The experts also expressed concern that any new law would disproportionately affect SME entrepreneurs, while larger businesses would remain unaffected. They warned that the proposed law could force thousands of MSMEs, who have become self-employed by conducting online business in recent years, might be required to shut down their operations, leading to a further rise in the already high unemployment rate among educated youth in the country. The speakers respectfully urged the government, particularly the Prime Minister's Office, to consider these concerns.

MoU with NJ Eat & Fit

On February 4, 2023, a Memorandum of Understanding (MoU) was signed between BASIS and NJ Eat & Fit at the BASIS premises. The primary objective of this MoU is to equip members of BASIS with the necessary tools and support to realistically achieve their health and fitness goals to boost productivity. Under this mutual contract, NJ Eat & Fit has committed to providing a 30% discount to BASIS members and the BASIS Secretariat on their regular rates for any fitness training programs they offer. Moreover,

family members of the BASIS Secretariat and BASIS members can also enjoy a 15% discount on these fitness programs. The MoU was signed by Mr. Hashim Ahmed, Secretary of BASIS, and Ms. Nahray Jannat, Founder & Personal Fitness Trainer at NJ Eat & Fit, representing their respective organizations. The signing ceremony was also attended by representatives from both organizations, including Mr. Md. Shajalal, Chairman of the Standing Committee on Member Services and Welfare at BASIS, Mr. M Asif Rahman, Member of the Advisory Standing Committee at BASIS, Ms. Chowdhury Fatima Rokon Tuli, Head of Service at BASIS, Mr. Humam Ahmed, Advisor at NJ Eat & Fit, and Ms. Sabequn Naher Sharmin, Manager at NJ Eat & Fit."

MoU with Chartered Life Insurance Company Limited

On February 5, 2023, BASIS and Chartered Life Insurance Company Limited formalized an agreement at the BASIS Boardroom, focused on a Group Life and Health Insurance policy designed for the   employees of BASIS Secretariat. This agreement represents a commitment to provide a tailored healthcare plan for permanent members of the BASIS Secretariat at reduced premiums, aiming to enhance their protection against unforeseen events.

This partnership also signifies a significant step toward fortifying the BASIS Secretariat. This initiative has been launched to ensure the holistic well-being and the physical and emotional health of BASIS Secretariat employees, with coverage extending to maternity healthcare expenses under the policy, underscoring the organization's growth-oriented mindset and commitment to sound HR policies. Mr. Hashim Ahmed, Secretary, BASIS, and Mr. Mohammad Amdad Ullah, Deputy Managing Director, Chartered Life Insurance Company Ltd, signed the MoU on behalf of their respective organizations. The signing ceremony was attended by representatives from Chartered Life Insurance Company Limited, including Mr. Rajan Chandra Saha, VP & Head of Corporate Business, Mr. Md. Kamrul Ahsan Mozumder, DVP & Head of Corporate Operations, and Mr. Antu Das, Senior Officer of Corporate Operations. From BASIS, Mr. Mohammad Jahidul Islam Khan, Manager of Accounts (BASIS & BITM), and Ms. Fatematuze Johora Asha, Assistant Manager of HR & Administration, were present.

BASIS SoftExpo 2023: Meet The Press

'BASIS SoftExpo 2023,' the nation's largest tech exhibition for the 17th time, themed 'WELCOME TO THE SMARTVERSE,' will be held from February 23 to 26, 2023, at the country's largest venue - Bangabandhu Bangladesh China Friendship Exhibition Center, Purbachol. On February 19, 2023, this announcement was made during the 'Meet The Press' conference held at Sheraton, Dhaka which was led by BASIS President Mr. Russell T. Ahmed, with the support of

Mr. Abu Daud Khan, Convener, BASIS SoftExpo 2023 and Mr. Syed Mansur Mostafa, Deputy Managing Director and Head of International Division at IFIC Bank Limited, the platinum sponsor of BASIS SoftExpo 2023. BASIS President Mr. Russell T. Ahmed envisions it as a powerhouse display of local innovation, aligned with the government's Smart Bangladesh vision. The expo, he envisions, will catapult the economy towards the ambitious goal of attaining Bangladesh's IT export target of $5 billion by next five years.

BASIS SoftExpo 2023

BASIS organized the 17th edition of the largest technology congress in South Asia and Bangladesh's largest private sector exposition showcasing IT and ITES products and services - BASIS SoftExpo 2023, at the Bangabandhu Bangladesh-China Friendship Exhibition Center in Dhaka. The four-day exhibition was held from February 23 to February 26, from 10 am to 8 pm daily, following Live Concert Everyday till 10:00 pm. To attend the exposition, interested individuals were requested to visit the official website of the SoftExpo (https://softexpo.com.bd/) for FREE registration. In response, this year's SoftExpo was the largest in scale, with around 1 lakh registered participants and the highest-ever number of exhibitors at the largest exposition venue in the country. The event featured 9 Big Shows, over 17 seminars and roundtables with the participation of high officials of the public and private sectors, and over 7 key attractions, making it an engaging and thought-provoking exposition ever.

The theme of this year's SoftExpo was "Welcome to the Smartverse," highlighting Bangladesh's commitment to becoming a Smart Nation through the power of its local IT force. The SoftExpo showcased Bangladesh's capacity, potential, and innovation in the ICT sector to the world, aligning with the inaugural year for the 'Smart Bangladesh' vision of the government, as BASIS is currently pioneering the vision, and driving it forward.

One of the highlights was the significant business activity that took place during the expo, with over 200 exhibitors averaging 26 deals each. The expo led to an impressive 97% success rate in generating leads, reflecting the event's significance in creating valuable connections. With an average of 11,686 interactive visitors per booth, the event was alive with innovation and networking opportunities. An extraordinary feat to highlight is the substantial youth presence among the exhibitors' representatives at their respective stalls. These young individuals represent the future leaders who will steer our vision of a Smart Bangladesh. Nearly two thousand students actively participated in this event, where they showcased innovative projects and displayed robots. Impressively, this collaborative effort involved students from BASIS Students' Forum, with over 50 university students contributing to the exhibitions.

Through BASIS SoftExpo 2023, Bangladesh aims to accelerate its journey towards achieving "Smart Bangladesh" and onboard before the boat of opportunities leaves the shore, as importers are strategically looking to diversify their sources. In conclusion, BASIS SoftExpo 2023 demonstrated the vision of a knowledge-driven Smart Bangladesh. It was a meeting point for ICT companies, personalities, professionals, policymakers, and industry leaders from across the globe. It was a place where ideas were exchanged, connections were forged, and a collective vision for a "Smart Bangladesh" was strengthened.

Opening Ceremony

On February 23, 2023, the Bangabandhu Bangladesh-China Friendship Exhibition Center, Purbachal, hosted the distinguished inauguration ceremony of BASIS SoftExpo 2023. Dr. Shirin Sharmin Chaudhury, MP, Honourable Speaker of the Bangladesh Parliament, honored the ceremony with her presence as the Chief Guest. Moreover, Mr. Mustafa Jabbar, Honourable Minister, Posts & Telecommunications Division, and Mr. Zunaid Ahmed Palak, MP, Honourable State Minister, ICT Division, Ministry of Posts, Telecommunications and Information Technology, Government of the People's Republic of Bangladesh, graced the occasion as Special Guests. The event's ambitious goal was clear – showcasing the strength of the local ICT sector and affirming the nation's dedication to the SMART Bangladesh vision.

Inclusion of Women in SMART Bangladesh

On the 23rd of February, 2023, the BASIS SoftExpo 2023 hosted a big show titled "Inclusion of Women in Smart Bangladesh." This session, was an event underscoring the commitment of BASIS towards gender inclusivity in the ICT sector. The gathering was illuminated by the insights of ten distinguished speakers, each contributing to a nuanced discourse on integrating women into the fabric of Smart Bangladesh. The session was graced by Chief Guest Ms. Selina Hayat Ivy, the Honorable Mayor of Narayanganj City Corporation, alongside Special Guests Prof. Dr. Shireen Akhter, Vice Chancellor of the University of Chittagong; Rubana Huq, Vice Chancellor of the Asian University for Women; and Barrister Nihad Kabir, Chairperson of Business Initiative Leading Development (BUILD). The keynote address was delivered by Dr. Lafifa Jamal, Professor of the Department of Robotics and Mechatronics Engineering at the University of Dhaka. Speakers included Ms. Samira Zuberi Himika, Senior Vice President of BASIS and Managing Director of Giga Tech Ltd., and Ms. Rezwana Khan, President of Bangladesh Women in Technology and Managing Director & CEO of Star Computer Systems Limited. Guest speakers included Zara Jabeen Mahbub, Country Manager, Dun & Bradstreet Data & Analytics Private Limited, and Ms. Azmeri Haque Badhon, National Award Winner Actress, with Mr. Ghulam Sumdany Don, Chief Inspirational Officer at Don Sumdany Facilitation and Consultancy, moderating the event.

Freelancers Conference

On February 23, 2023, the BASIS community hosted the Freelancers Conference at the Big Tent. The BASIS Freelancers Conference, held on February 23rd, 2023, brought together aspiring freelancers and established businesses. Three focused sessions addressed key areas: understanding global skill trends, finding new freelance markets, and building successful freelance agencies. Esteemed speakers included academics, government officials, and industry experts, offering insights on building a sustainable freelance career and integrating freelance talent into businesses. Professor Dr. Nazrul Islam, Pro-VC, NUB, talked about how freelancing is changing and growing. Mr. Md. Humayun Kabir from the Learning Earning Development Project at ICT Division, and Ms. Kamrun Nahar Siddiqua, Joint Secretary at NSDA, spoke about how the government is helping freelancers. Dr. Tanjiba Rahman and Mr. Mahfuz Rahman from BFDC talked about the support and development for freelancers in Bangladesh. Industry experts like Mr. Md Zahidul Islam Neel from Fiverr's Bangladesh Community Leadership Team, Mr. Abdullah Al Faruk, CTO at Afdal, Mr. Golam Kamruzzaman, a top freelancer on Fiverr and Upwork, Mr. Abu Sufian Nilove, CEO of Nijol Creative (NC), and Mr. Sanjib Sarkar from Payoneer Bangladesh shared practical tips and advice.

Ministerial Conference

The Ministerial Conference, held on February 24, 2023, at the Big Tent, was a landmark event within the BASIS SoftExpo 2023. This prestigious gathering was orchestrated to underscore the Information Technology sector's pivotal role, especially following the Honorable Prime Minister's declaration of IT as the product of the year 2022. The core aim of the conference was to foster acollaborative environment among representatives from various ministries and departments, including Dr. Muhammad Abdur Razzaque, Honorable Minister, Ministry of Agriculture and Mr. Nasrul Hamid, Honorable State Minister, Ministry of Power, Energy, and Mineral Resources. These panelists convened to articulate their respective objectives and strategies, all geared towards the ambitious "Smart Bangladesh 2041" vision. Mr. Zunaid Ahmed Palak, Honorable State Minister, ICT Division, shared his keynote speech. The conference distinguished itself by hosting over 700 invitation-only guests.

Startup Conference

On February 24, 2023, the BASIS SoftExpo 2023 hosted Startup Conference at the Big Tent, Bangabandhu Bangladesh-China Friendship Exhibition Center, Purbachal. The event focused on the rapid rise of entrepreneurship and innovation in the country. Mr. Sami Ahmed, Managing Director of Startup Bangladesh Limited, inaugurated the event, emphasizing the government's support for startups through funding, training, and networking opportunities. The session on "Bangladesh Startup Ecosystem" provided insights into the ecosystem's growth, followed by a debate on "Growth vs Profitability". A session on fundraising tips shared expertise on engaging with local and global investors, while a special talk with Mr. Ashneer Grover, Founder of BharatPe, allowed attendees to gain insights from his entrepreneurial journey. The conference featured a lineup of renowned speakers and moderators, including: Mr. Adnan Imtiaz Halim, Founder & CEO, SHEBA Platform Limited, Mr. A.K.M. Fahim Mashroor, CEO, bdjobs.com Limited, Mr. Ahmed Jawad Yusuf, Advisory Lead, Bangladesh Angels, Mr. Ayman Sadiq, Founder and CEO, 10 Minute School, Mr. Biplob Ghosh Rahul, Founder & CEO, eCourier Limited, Mr. Ivdad Ahmed Khan Mojlish, Co-Founder & MD, Light Castle Partners, Mr. Md. Tajdin Hassan, Chief Business Officer, The Daily Star, Mr. Mirza Salman Hossain Beg, Co-Founder & COO, 10 Minute School, Mr. Mohammad Oli Ahad, MD, Intelligent Machines Limited, Mr. Rahat Ahmed, Founding Partner and CEO, Anchorless Bangladesh, Mr. Waseem Alim, Co-Founder & CEO, Chaldal, and Special Guest Mr. Ashneer Grover, providing a unique opportunity for an interactive session.

Developer Conference

The Developers Conference, held on February 25, 2023, at the Big Tent. It gathered an elite group of developers and industry experts to share their insights, tips, and advanced techniques with an eager audience of budding developers. The primary aim was to foster innovation in creating consumer-friendly, disruptive applications, focusing on cybersecurity, future technology trends, and beyond. The conference boasted an impressive lineup of speakers, each an expert in their respective field: Mr. Sumon Molla Selim, Senior Software Engineer at Mimecast, Mr. Anam Ahmed, Head of Engineering at Zelf, Mr. Sabbir Ahmed, Senior Software Engineer at Fasset, and Mr. Farhad Naeem, Head of Data at Praava Health, Mr. Shuvro Pal, Team Lead - AI at Zantrik, Mr. Sumit Saha, Founder of Learn with Sumit and Managing Director at Analyzen, Mr. Anowar Hossain, Lead Engineer & Solutions Architect at Brain Station 23, and Ms. Tajrian Binta Jahid, Software Engineer at Optimizely.

Ambassadors' Night

The Ambassadors' Night, a hallmark event held on February 25, 2023, at the Big Tent. Designed as a premier networking opportunity, Ambassadors' Night aimed to facilitate the exchange of ideas and exploration of new collaborative ventures among global stakeholders. The invitation-only event attracted a notable list of attendees, including high-profile individuals and representatives from both local and international software and technology firms. The night was illuminated by the presence and contributions of three special guests: H.E. Mr. Charles Whiteley, EU Ambassador to Bangladesh, shared his insights on the European Union's relationship with Bangladesh, focusing on trade, technology, and innovation. H.E. Jeremy Bruer, Australian High Commissioner to the People's Republic of Bangladesh, discussed Australia's commitment to fostering technological and economic ties with Bangladesh, and H.E. Ms. Winnie Estrup Petersen, Ambassador of Denmark to Bangladesh, highlighted Denmark's interest in supporting sustainable technology initiatives and exploring new avenues for collaboration.

ICT Career Camp & Tech Job Fair

The ICT Career Camp & Job Fair, hosted on February 26, 2023, at the Big Tent, emerged as a highlight of the BASIS SoftExpo 2023. Renowned for its significant impact and wide attendance, this event successfully bridged the gap between leading corporate figures and ambitious job seekers in the technology sector. The collaboration with BDjobs.com enabled the organization of a groundbreaking, fully digital job fair, showcasing distinguished local and multinational tech firms eager to recruit new talent. This innovative format not only streamlined the recruitment process but also marked a significant step towards eco-friendly practices by eliminating the need for paper-based CVs or resumes. With more than 5,000 job seekers and over 100 IT companies participating, the job fair offered a wide array of employment opportunities across various tech domains.

Business Leaders Meet & Closing Night

The culmination of BASIS SoftExpo 2023 was marked by the Business Leaders' Meet & Closing Night on February 26, 2023, at the Big Tent. This prestigious event served as a dual-purpose gathering, facilitating a high-level exchange among business executives and celebrating the achievements of the expo. The Business Leaders' Meet emerged as a crucial forum for over 700 executives from various industries. It was a strategic platform designed to foster dialogue, encourage cross-industry cooperation, and establish new connections, all with a focus on leveraging ICT as the cornerstone for building a "Smart Bangladesh." This session underscored the importance of collaborative efforts in driving economic growth and innovation within the ICT sector. With the involvement of over 200 companies and an astonishing turnout of 100,000 registered visitors, the expo set a new benchmark in terms of scale and engagement. The expo was instrumental in generating potential leads valued at Tk 120 crore, showcasing its effectiveness as a platform for business development and networking. The closing ceremony also paid tribute to outstanding exhibitors and partners, acknowledging their contributions to the expo's success.

Thematic Knowledge-sharing Sessions

The BASIS SoftExpo 2023 featured 17 thematic knowledge-sharing sessions that provided valuable insights into the latest tech trends, challenges, and opportunities. These sessions were a blend of workshops, seminars, and round-table discussions, focusing on leveraging ICT for national development, enhancing cybersecurity, and exploring new frontiers in technology. The seminars addressed a wide range of topics critical to the advancement of Bangladesh's ICT sector and its role in achieving a "Smart Bangladesh." Notable topics included:

1. Game Publishing : Exploring the untapped potential in Bangladesh for game publishing and asset creation, emphasizing the country's capabilities to become a global hub.

2. 4IR and SDGs : Discussing the impact of the Fourth Industrial Revolution on Sustainable Development Goals, offering insights into how Bangladesh can harness 4IR technologies for societal benefit.

3. Maritime Education : Highlighting the importance of integrating ICT in maritime education to promote safety, efficiency, and sustainability in the maritime sector.

4. Post-LDC ICT Sector : Examining strategies for the ICT sector's growth post-LDC (Least Developed Country) transition, focusing on competitive positioning and market expansion.

5. Cybersecurity Guidelines : Deliberating on Bangladesh's cybersecurity posture and policy framework to safeguard digital assets and information.

6. ICT for Inclusive Growth : Evaluating the use of ICT to foster inclusive economic growth, ensuring broader access to opportunities across the society.

7. 5G and IoT : Analyzing opportunities for Bangladesh in telecom and software industries with the advent of 5G and IoT technologies.

8. Game Asset Creation Hub : Discussing strategies for nurturing talent, fostering innovation, and creating a supportive ecosystem for game development and asset creation.

9. SMART Bangladesh and ICT Role : Envisioning the ICT sector's contribution towards achieving a knowledge-based tech driven SMART Bangladesh by 2041.

10. ICT Export Earnings : Setting ambitious targets for ICT export earnings and outlining the roadmap to reach US$ 5 billion by 2025.

The round-table discussions facilitated open dialogues on policy, outsourcing, data science, and more, with a focus on practical solutions and strategic directions:

1. Policy Dialogue: Discussing how the ICT sector can contribute to saving foreign currencies, emphasizing policy adjustments and sectoral support.

2. Software QA & Testing: Highlighting the prospects in outsourcing and offshoring, and the demand for quality assurance in software development.

3. Data Science Prospects: Exploring the growing field of data science and its applications across industries.

4. Purpose in Work and Life: Reflecting on finding personal and professional purpose in the context of the tech industry.

5. Opportunities with Japan: Assessing the bilateral opportunities in ICT between Bangladesh and Japan.

6. AI in Healthcare: Examining the transformative potential of artificial intelligence in healthcare, telemedicine, and smart healthcare solutions.

7. Smart Technology Management: Discussing strategies for effective technology management to support the SMART Bangladesh vision.

eSports Championship

The year 2023 marked a significant milestone for the gaming enthusiasts in Bangladesh as BASIS SoftExpo became a platform to showcase the country's growing eSports scene. In partnership with the renowned tech company Gigabyte, the event featured an engaging gaming zone that attracted record-breaking crowds, sparking excitement among gamers. The gaming competitions at BASIS SoftExpo 2023 celebrated skill and sportsmanship. More than 300 students participated in battles across popular games like Counter Strike Global Offensive, Valorant, Mobile Legends: Bang Bang, and FIFA, with 88 teams vying for victory. Notably, 40 female students formed eight all-female teams, highlighting the increasing inclusivity within the eSports domain.

In a historic moment, Bangladesh hosted its inaugural women's eSports championship. Team Celestials emerged as the champions, while Team Wasabi Sirens and Team Zetsubo secured second and third place, respectively. A combined prize pool of Tk. 1,00,000 was awarded to the top female teams, recognizing their achievements. The gaming fervor extended to the men's competitions, where over 500 players from nearly 80 teams competed in Valorant, CS:GO, MLBB, and FIFA. Team Red Viperz emerged victorious in CS:GO, and Team Exceeli Esports claimed the Valorant championship. A substantial Tk. 6,00,000 was awarded across all categories, reflecting the event's commitment to fostering talent. eSports in Bangladesh offers diverse career opportunities in gaming, commentary, and event organization. With international recognition and tremendous growth potential, the future of eSports in the country looks promising. However, continued government support and positive publicity campaigns are crucial for sustained success. As eSports captivates audiences and participants, it is poised to become a major sporting event, solidifying Bangladesh's position on the global gaming map.

Key Attractions

BASIS SoftExpo 2023 was a spectacle of technology, business, and entertainment, offering enriching experiences through its diverse range of attractions. B2B Matchmaking Session brought together over 50 national and international entrepreneurs, fostering significant business connections and discussions on future collaborations. 5G Experience Zone powered by Grameenphone, this zone offered immersive VR demonstrations of 5G technology, showcasing its potential across various sectors and emphasizing the future of technological advancements. The expo also buzzed with energy from live concerts and a diverse food court, attracting attendees with live music performances and a variety of culinary offerings, facilitating social interactions and networking. Lastly, a convenient shuttle service, complemented by a strategic partnership with Pathao, offered exclusive travel discounts, enhancing accessibility to the expo and providing additional networking opportunities. BASIS SoftExpo 2023 successfully combined innovation, business development, and entertainment, setting a new standard for tech expos in Bangladesh and highlighting the dynamic growth of the ICT sector.

March

BASIS Presidents' Forum Meeting

On March 13, 2023, the BASIS Presidents' Forum held a meeting at BASIS Boardroom, with the participation of former presidents of BASIS, who are the exclusive members of this forum. The forum had the honor of hosting Mr. Syed Almas Kabir, the immediate past president of BASIS hence the Convener of the BASIS Presidents' Forum for 2023, along with other former presidents of BASIS, including Mr. A. Towhid, Mr. Habibullah N Karim, Mr. Sarwar Alam, Mr. Rafiqul Islam Rowly, Mr. Mahboob Zaman, Mr. A.K.M. Fahim Mashroor, and the present President of BASIS, Mr. Russell T. Ahmed. Although three former presidents could not attend the discussion due to special circumstances, the forum expressed its appreciation to them, including Mr. S. M. Kamal, Mr. Mustafa Jabbar, and Mr. Shameem Ahsan.

During the meeting, the forum expressed its heartfelt appreciation to the current Executive Council (EC) led by Mr. Russell T. Ahmed, President, BASIS, for their active involvement and invaluable contributions towards the development of the ICT industry in Bangladesh. The forum particularly lauded the recent successful BASIS SoftExpo 2023, which was the largest technology showcase ever held in Bangladesh. "I felt privileged to learn from the leader's wealth of knowledge and experience and looked forward to their guidance in achieving the vision of building a Smart Bangladesh. The contributions of these honorable individuals have been pivotal in ensuring that BASIS continues to progress and support the development of a thriving ICT industry in Bangladesh", said by Mr. Russell T. Ahmed. Mr. Hashim Ahmed, Secretary, BASIS, and Mr. Enamul Hafiz Latifee, Joint Secretary, BASIS, were also present at the meeting on behalf of BASIS Secretariat.

Two-Week AI Training Workshop with PUM Netherlands Senior Experts

On March 9, 2023, to unleash the true potential of AI, and support the data-driven evolution for businesses worldwide, BASIS with PUM Netherlands Senior Experts, have launched an exclusive two-week Training Workshop on AI, aimed at helping participating BASIS member companies develop new AI-based products and services for the betterment of our society, from March 9, 2023, to March 21, 2023. The program offered a comprehensive and balanced approach, including both theoretical and hands-on training conducted in the respective organizations, with a focus on helping them collect and analyze data, use machine learning techniques for prediction, problem-solving, data science and other complex tasks in-hand, while also improving their commercial proposition.

Led by expert trainers from PUM Netherlands Senior Experts, specially Mr. Michiel Kupers, Mr. Paul Schreuder, and Mr. Richard Ndabarasa, this workshop has brought together a total of 12 participants representing 6 leading BASIS member companies in the industry. The participating companies were Leads Corporation Limited, MF Asia Limited, Millennium Information Solution Limited, RTC Hubs Limited, Software Shop Limited, and TMSS ICT Limited. During the inauguration speech, Mr. Hashim Ahmed, Secretary, BASIS, emphasized the significance of initiatives like this in propelling the industry and expressed gratitude to PUM Netherlands Senior Experts for sharing their expertise and partnering with BASIS for over a decade now. Ms. Tanjin Prity, Secretariat In Charge, PUM Netherlands Senior Experts, and Ms. Khaleda Begum, Training Coordinator from BITM, was also present to coordinate this exclusive launching ceremony. Later on March 21, 2023, marked the conclusion of this specialized two-week training program on Artificial Intelligence (AI). The primary aim of the training workshop was to equip BASIS member companies with the skills required to develop innovative AI-based products and services. Throughout the training, participants gained insights into formulating effective business strategies utilizing AI and devised business models based on their newfound knowledge. On this final day, Mr. Abu Daud Khan, Vice President (Admin), BASIS, presided over the ceremony. He expressed gratitude to the trainers and elaborated on how the training would benefit BASIS members and the broader ICT industry. The certificate presentation ceremony was conducted by Mr. Hashim Ahmed, Secretary of BASIS, while Ms. Khaleda Begum, Training Coordinator at BITM, facilitated this training sessions. The program was led by three trainers: Mr. Michiel Kupers, Mr. Claude Ndabarasa, and Mr. Paul Schreuder, representing PUM Netherlands Senior Experts. As part of their collaborative efforts, PUM Netherlands Senior Experts and BASIS signed a Memorandum of Understanding (MoU) previously in 2022. Under this MoU, PUM Netherlands Senior Experts is conducting various B2B matchmaking training sessions for BASIS member companies, featuring experienced trainers.

Roundtable on
"Importance of InsurTech for Building a SMART Bangladesh."

On March 16, 2023, BASIS hosted a vital roundtable titled "Importance of Insurtech in Building a Smart Bangladesh," exploring the real-world impact of digital technologies on Bangladesh's insurance sector. Key figures included Mr. Mohammad Jainul Bari, Chairman of IDRA, as Chief Guest, and Dr. Hasina Sheikh, Chairman of Banking and Insurance at Dhaka University, as Keynote Speaker. Guest of Honor was Mr. Fahim Mashroor, Co-founder and CEO of Bdjobs, and Mr. Fida Haq, Co-Chairman of BASIS FinTech Standing Committee, moderated.

This esteemed panel discussed how InsurTech can enhance insurance accessibility, efficiency, and affordability. Around fifty InsurTech companies aim to provide digital insurance services at the grassroots level. However, the lack of government policies has limited the sector's growth. The absence of legal recognition for InsurTech companies in Bangladesh contrasts with vibrant venture capital environments in India, China, and Indonesia, where technology-driven InsurTech firms thrive. Speakers emphasized that less than 5% of Bangladesh's population currently has insurance coverage, whereas neighboring countries boast figures between 20-30%, attributing this disparity to technology-driven InsurTech companies. This underlines the urgency for policy measures to propel the industry forward. The event drew top officials from insurance companies and founders of 20 leading InsureTech companies. The call for separate policies and licensing guidelines emerged as a crucial step to foster InsurTech growth, aligning with the global trend of embracing technology to redefine insurance services.

BASIS Received
ISO Certificate from BSTI

On March 22, 2023, BASIS was awarded the ISO 9001:2015 certificate by the Bangladesh Standards and Testing Institution (BSTI) for its dedication to helping members expand their businesses and enhancing their capacity. The certificate was presented to Mr. Abu Daud Khan, Vice President (Admin), BASIS, by Mr. Nurul Majid Mahmud Humayun, Honorable Minister, Ministry of Industries, with Mr. Kamal Ahmed Majumder, Honorable State Minister for Industries, and Ms. Zakia Sultana, Secretary, Ministry of Industries, as Special Guests. This recognition signifies BASIS's commitment to maintaining high standards of quality management systems, promoting business excellence, quality improvement, networking, and providing vital support to its members for their expansion and growth. Mr. Abu Daud Khan expressed satisfaction with the certification, emphasizing BASIS's dedication to providing top-quality services, continuous improvement, and member satisfaction. The certification solidifies BASIS's position as the leading trade body in Bangladesh's software and IT-enabled services industry, aligning with BASIS vision of a knowledge-based economy and a technologically empowered Smart Bangladesh. BASIS has played a pivotal role in nurturing the software and IT-enabled services industry in Bangladesh for over two decades. In this journey, they have collaborated with the government to create favorable policies, contributing significantly to the country's digital economy. The ISO certificate reflects BASIS's commitment to excellence and its dedication to serving members and the ICT industry at large. ISO 9001:2015 is a globally recognized standard for quality management systems, emphasizing member satisfaction and continuous process improvement.

BASIS with IDRA to Accelerate
InsurTech in Bangladesh

On March 29, 2023, BASIS attended a meeting with the Insurance Development and Regulatory Authority (IDRA) to discuss the progress of InsurTech in Bangladesh. The meeting addressed several issues related to the advancement of InsurTech and the necessity for a regulatory framework in this sector for future growth. During the meeting, BASIS Standing Committee on FinTech and Digital Payments presented a draft regulatory guidelines for InsurTech companies, with a proposal to finalize the guidelines within 60 days. Mr. Mohammad Zainul Bari, Chairman, IDRA, emphasized the importance of integrating ICT into the insurance sector to modernize insurance companies, enhance service quality, and raise public awareness about insurance technologies. He also stressed the need to expedite the finalization of the draft guidelines, recognizing the role and potential of InsurTech companies in building a Smart Bangladesh. Mr. Russell T. Ahmed, President, BASIS, highlighted the significance of InsurTech companies in the growth of the insurance sector and emphasized the necessity of establishing a regulatory framework to facilitate the smooth operation of InsurTech businesses. Mr. A.K.M. Fahim Mashroor, Chairman of the BASIS Standing Committee on FinTech and Digital Payments, recommended that the regulatory framework for InsurTech companies should be industry-friendly, enabling them to work as partners with insurance companies rather than solely as technology providers.

Counseling on Tax, VAT, and
Compliance Regulations

On March 18, 2023, BASIS addressed the common challenges faced by its member companies in complying with tax and VAT regulations, as well as regulations from Customs, RJSC, and BIDA. To offer expert guidance, BASIS organized this exclusive consultation and one-on-one counseling session covering topics such as Income Tax, VAT, Accounting, Tax Exemption, and Secretarial Services for its member companies. This inaugural session for the year 2023 witnessed the participation of seven companies, Medina Tech Limited, Techntalents, Algorithm Generation Limited, SAIC Institute of Management & Technology (SIMT), Binate Solutions Limited, Servify Tech Solutions BD, and Notionhive Bangladesh Limited. The session was led by Mr. Md. Sadek Sikder, Managing Director of KMS & Associates, who shared his valuable insights and solutions with the participating BASIS member companies.

BASIS 24th Annual General Meeting (AGM)

On March 28, 2023, the 24th Annual General Meeting (AGM) of BASIS was held at the RAOWA Convention Hall in Mohakhali, Dhaka. The AGM focused on highlighting BASIS's ongoing efforts to advance the goal of building a vibrant ICT Sector and the activities carried out until December 31, 2022. Mr. Russell T. Ahmed, President, BASIS, presided over the AGM, which also saw the presence of other Executive Council (EC) members, including Mr. Abu Daud Khan, Vice President (Admin), Mr. Fahim Ahmed, Vice President (Finance), and Directors of BASIS, Mr. Habibullah Neyamul Karim, Mr. AKM Ahmedul Islam BABU, Mr. Mushfiqur Rahman, Mr. Syed Mohammad Kamal, Mr. Md. Mostafizur Rahaman Sohel, and Mr. Rashad Kabir. Over seven hundred representatives from BASIS member companies were present during the AGM. During the meeting, the BASIS Annual Report 2022 was presented, along with a comprehensive account of the association's activities, reports, and financial statements for the fiscal year 2021-2022, and the auditor's report. Mr. Abu Daud Khan, Vice President (Admin), BASIS, delivered the executive council report, and activities report, highlighting the crucial initiatives undertaken by BASIS in the past year. These efforts were centered around future-proofing human resources in the ICT sector, fostering local industry development, expanding international market reach, improving access to capital, fiscal incentives, cultivating a startup ecosystem, promoting the ICT industry, and enhancing sustainability to meet the SDG goals. He also elaborated on steps taken to bolster the capacity of BASIS members and BASIS Secretariat.

Following the presentation, a significant number of members actively participated in the discussion session, expressing their views and urging BASIS leaders to continue this journey of creating a vibrant business-friendly environment for all in the ICT sector in the upcoming years to ensure growth.

BASIS Iftar and Doa Mahfil 2023

On March 28, 2023, BASIS organized a successful Iftar and Doa Mahfil at the Helmet, RAOWA Convention Hall in Mohakhali, Dhaka. Mr. Russell T. Ahmed warmly welcomed all attendees and BASIS members, extending his heartfelt wishes for a blessed and prosperous Ramadan. Representatives from Executive Council 2022-2023, Mr. Abu Daud Khan, Vice President (Admin), Mr. Fahim Ahmed, Vice President (Finance), as well as BASIS Directors, including Mr. Habibullah Neyamul Karim, Mr. AKM Ahmedul Islam BABU, Mr. Mushfiqur Rahman, Mr. Syed Mohammad Kamal, Mr. Md. Mostafizur Rahaman Sohel, and Mr. Rashad Kabir, were present. In addition, representatives from BASIS member companies, high-ranking officials from both public and private organizations, foreign delegates, and leaders of trade associations in the ICT sector graced the occasion. The event garnered the attendance of over seven hundred representatives from BASIS member companies. During the Iftar and Doa Mahfil, Mr. Russell T. Ahmed, President, BASIS, offered heartfelt prayers for the attendees' well-being, longevity, and forgiveness. He also reaffirmed BASIS's unwavering commitment to serve its members, the ICT industry, and contribute to the greater good of Bangladesh with renewed enthusiasm and dedication in the days ahead.

BASIS Represented Bangladesh at Indiasoft

On March 27-29, 2023, at Pragati Maidan, New Delhi, India, BASIS made a progressive impact at the renowned Indiasoft event. Collaborating with the Bangladesh Hi-Tech Park Authority (BHTPA), BASIS organized a delegation of 31 members from various leading member companies to represent the country and promote business in the ICT sector. During the event, BASIS distributed catalogs highlighting their members' products and services, showcasing the capabilities of Bangladesh's ICT sector.

The delegation also actively engaged in conferences, seminars, workshops, and B2B meetings, fostering business opportunities and collaborations with other participating nations. This occasion marked the first time that Bangladesh's ICT sector was prominently featured under the 'Smart Bangladesh' initiative, capturing the attention of representatives from over 85 countries. Notable BASIS member companies, including EYHost Ltd, MStudio, Datasoft systems Bangladesh ltd, Kolpolok Limited, Inument Solutions Limited, Business Globalizer, Raise IT Solutions Ltd, ReformedTech, Graaho LTD, Dewan ICT, Digital Development Foundation Ltd, Banglafire solution Ltd, Systech Digital Limited, Techlogicians Solutions, Mediasoft Data Systems Limited, Mediasoft, ITclan BD, Open Communication Ltd, Piistech Limited, Limda Host, Dial2Support, Himalayan Soft, Open Communication, GleeOnline, Spate Initiative Limited, Dokane, Softlabny, Soft Ratio, Dcastalia Limited, Multimedia Content & Communications Ltd (MCC), and Adfinix Ltd, were among the participants at Indiasoft. Leading the BASIS delegation was Mr. Imran Hossain, Co-Chair of the BASIS Standing Committee on Web Services and Managing Director of EYHost Limited. Under his guidance, BASIS member organizations successfully promoted the local ICT sector and highlighted the potential of Bangladesh. Mr. Russell T. Ahmed, President, BASIS, expressed his optimism about the event's outcomes. He emphasized the commitment of BASIS in expanding international business cooperation in the ICT sector and anticipated increased collaboration between Bangladesh and India.

April

Japan IT Week 2023

From April 5-7, 2023, BASIS participated in Japan IT Week, Spring, 2023, was held at Tokyo Big Sight, Tokyo, Japan, which is Japan's largest IT show, and featured 11 specialized shows with over 785 exhibitors, and 13,600 IT professionals. This year, a delegation of 27 members from 15 BASIS member companies actively participated in Japan IT Week, showcasing Bangladesh's vibrant ICT ecosystem. Leading BASIS member companies including LeadSoft Bangladesh Limited, Nascenia Limited, Brain Station 23 Limited, Kawaii Advanced Technology & Solution Limited, BJIT Limited, DreamOnline Limited, Attrabit ICT Solution, Edusoft Consultants Ltd, E-Tracker Solution, Deshlink Limited, and XCEED BANGLADESH LIMITED, attended this largest IT event in Japan as exhibitors and presented their products and services at the Bangladesh Pavilion. In addition, BASIS member companies Link Vision Software Solution, Arclite Systems Ltd, Alien Technology Limited, Triangle Services Limited, and Pollux Technology Solutions, attended as the visitors.

Throughout the event, BASIS members engaged in conferences, seminars, workshops, and B2B meetings, expanding their global business networks. Japan IT Week proved to be a successful platform for BASIS member companies, with 127 inquiries received, generated over 35 leads and future exhibition opportunities. During the event, a seminar, named "Digital Bangladesh: Your IT Destination" was held, where BASIS President Mr. Russell T. Ahmed, showcased investment opportunities in Bangladesh's thriving ICT sector and urged Japanese IT entrepreneurs and investors to explore Bangladesh's dynamic ICT market, emphasizing the country's potential. Mr. Ahmed expressed confidence in Bangladesh as the next ICT investment destination, highlighting the ability of Bangladeshi ICT companies to meet global demand with high-quality products and services. He also noted Bangladesh's recognition in the global software and app market and its progress towards realizing a developed country, with BASIS member companies playing a crucial role. Notably, Mr. AKM Ahmedul Islam BABU, Director, BASIS, presented the positive responses from Bangladeshi ICT companies in previous Japan IT Week events. He reiterated BASIS's commitment to strengthening trade relations between Japan and Bangladesh. Mr. Dr. Ariful Haque, Minister (Commerce) at the Embassy of Bangladesh in Tokyo, also emphasized the potential for collaboration. Mr. Shahabuddin Ahmed, Ambassador of Bangladesh to Japan, shared optimism about collaboration between Japan and Bangladesh, leveraging the skilled workforce of Bangladesh and Japan's advanced technologies for mutual benefit. During the seminar, attendees also highlighted the strong bond between the two nations.

MoU with JISA

On April 27, 2023, Bangladesh Association of Software and Information Services (BASIS) and Japan ICT Services Industry Association (JISA) joined forces to facilitate increased trade and investment opportunities between Bangladesh and Japan during the Trade and Investment Summit held in Tokyo, Japan. The two organizations signed a Memorandum of Understanding (MoU) titled "Trade & Investment Opportunities between Bangladesh and Japan." This collaborative agreement signifies a deeper partnership between the two countries and aims to harness the potential of Bangladesh's ICT sector. Mr. Russell T. Ahmed, President of BASIS, and Mr. Takashi Hara, Chairman of JISA, signed the MoU on behalf of their respective organizations in the presence of esteemed dignitaries. Honorable Prime Minister Sheikh Hasina graced the event as the Chief Guest, and government officials, diplomats, and business leaders from both countries attended. The event underscored the commitment of both nations to bolstering bilateral trade and investment. BASIS members have been actively working to enhance trade in the IT sector with Japan. The consistent growth in export volume, with an annual earning of USD 130 million from the Japanese market, demonstrates the immense potential and expanding opportunities, further solidifying the ties between the two nations. During the summit, Mr. Ahmed delivered a compelling presentation, highlighting the achievements and capabilities of Bangladesh's ICT industry. He emphasized the policies and favorable business environment provided by the government to attract foreign investors. Mr. Ahmed urged Japanese businessmen to seize these opportunities and invest in our vibrant ICT sector.

Best Reporting Awards of BASIS SoftExpo 2023

On April 24, 2023, BASIS introduced "BASIS SoftExpo 2023 Best Reporting Awards" to honor exceptional journalism in the ICT sector that was held during an iftar and exchange meeting with expert journalists at Rainy Roof Restaurant & Café, Dhaka. The 'BASIS SoftExpo 2023 Best Reporting Awards' celebrated excellence in three categories. In the online media category, Mr. Hitler A Halim, Senior Staff Reporter at Bangla Tribune, won the first prize, followed by Mr. Imdadul Haque, Executive Editor at DigiBanglatek.news, who received the second prize. The third prize went to Mr. Badal Khan, a Reporter at Prothom Alo. In the electronic media category, Mr. Morsalin Junaid, Staff Reporter at Channel 24, claimed the first prize, while Mr. Shubo Khan, Staff Reporter at Somoy TV, and Mr. HM Souza, Producer at Ekhon TV, received the second and third prizes, respectively. In the print media category, Mr. Mahmudul Hasan, Staff Reporter at The Daily Star, earned the first prize. Mr. Md Kaushar Uddin, Senior Staff Reporter at Dainik Sangbad, and Mr. Rahitul Islam, Reporter at Prothom Alo, secured the second and third prizes, respectively. During the ceremony, Mr. Russell T. Ahmed acknowledged the vital role journalists play in advancing Bangladesh's ICT sector. He, along with the BASIS Secretariat Team led by Mr. Hashim Ahmed, Secretary, BASIS, extended warm Eid greetings to the attending media personnel before concluding the event.

May

B-MEET 2nd Batch Kickstarts

On May 2, 2023, the second batch of B-MEET training kickstarted at the BASIS Auditorium. The opening speech was delivered by Mr. AKM Ahmedul Islam BABU, Director of BASIS and Chairman of BASIS Japan Desk, along with Mr. Shinnosuke Tasaka, Project Manager of B-MEET, and Ms. Sayuri Ogino, Career Instructor at B-MEET and Representative Director. Mr. Yasunori YANO, Assistant Professor at the University of Miyazaki, Japan, also shared his insights with the participation of over 20 BASIS member companies.

During the training sessions, participants will have the privilege of learning from two respected Japanese Language Teachers: Ms. Sina Yamamoto, Special Assistant Professor of Miyazaki University, and Ms. Yamauchi Nanae, Japanese Language Teacher at Miyazaki University. Along with them, experts will guide the BASIS member companies in mastering the Japanese language, culture, communication, business etiquette, and other relevant disciplines.

Meeting with Vietnamese IT Giant, Viettel Business Solution

On May 10, 2023, a delegation of four members from Viettel Business Solution visited BASIS to discuss potential collaboration with local enterprises in the field of IT-enabled transformation and automation solutions. Viettel Business Solution, a subsidiary of the largest IT and Telecom service provider in Vietnam, Viettel Group, expressed interest in exploring strategic partnerships with the IT industry in Bangladesh. Representing BASIS were Mr. Russell T. Ahmed, President, Mr. Abu Daud Khan, Vice President (Admin), Mr. Muntasir Ahmed, Communications Consultant and while Viettel Business Solution was represented by Mr. Le Minh Ha, Director, Global Solution Center, and Mr. Nguyen Ha Vu, Head of Bangladesh Representative Office, among others.

Counseling Session on Tax and VAT

On May 11, 2023, BASIS organized a one-to-one counseling session for its members for the second time during this year, bringing together renowned industry experts to provide guidance on tax, VAT, and financial management. The session aimed to address the complexities of tax and VAT compliance, Customs regulations, RJSC and BIDA regulations. Seventeen BASIS member companies participated in this session, including organizations like Future Cloud Bangladesh Limited, Arclite Systems Ltd, and RoseTech Solutions Limited, among others. The session was led by Mr. Md. Sadek Sikder, Managing Director of KMS & Associates, who has a strong track record and deep expertise in the industry. Mr. Sikder provided practical solutions and clarity to the participants through one-to-one counseling, helping them navigate the complex regulatory scenario and empowering them to make informed decisions and optimize their financial management strategies.

Workshop on Customs, VAT, and Tax

On May 13, 2023, BASIS and CGA Md. Hafijur Rahman & Co. collaborated to organize an informative workshop focused on customs, VAT, and income tax-related laws, rules, and regulations. The primary objective of this workshop was to provide tech entrepreneurs with the knowledge and insights required to make informed decisions in areas such as income tax, audit, management, finance, procurement, and bills payable. The workshop aimed to enhance the financial and accounting management skills of the participating software companies.

A total of 61 prominent software companies attended the workshop, all eager to improve their proficiency and competence in financial and accounting management. The session was conducted by esteemed individuals including Mr. Kazi Mostafizur Rahman, Commissioner of the National Board of Revenue, Mr. Refaul Karim Chowdhury, FCA, Deputy General Manager at Transcom Distributions Ltd, and representatives from Md. Hafijur Rahman & Co. These experts provided attendees with most-needed insights into the latest tax regulations and strategies for more effective financial management. The workshop also offered attendees the opportunity to gain a deeper understanding of VAT, corporate tax, and financial incentives related to IT products and ITES exports.

Meeting with Sri Lankan Delegation

On May 13, 2023, Mr. Russell T. Ahmed, President, BASIS and Mr. Abu Daud Khan, Vice President (Admin), BASIS, met with Hon'ble State Minister of Foreign Affairs of Sri Lanka, Mr. Tharaka Balasuriya, along with a four-member delegation from Sri Lanka, at Hotel InterContinental in Dhaka. The purpose of this meeting was to discuss the various opportunities that exist within the ICT industry in Sri Lanka. During the meeting, Hon'ble State Minister of Foreign Affairs of Sri Lanka, expressed his desire for BASIS member companies to invest in the IT sector of Sri Lanka. Mr. Ahmed and Mr. Khan, both acknowledged the potential of the Sri Lankan ICT industry and promised to provide all the necessary support to their members interested in exploring opportunities in Sri Lanka.

The meeting was attended by a number of guests, including Mr. Dharmapala Weerakkody, Director General, South Asia, Ministry of Foreign Affairs, Ms. Ruwanthi Delpitiya, Deputy High Commissioner of Sri Lanka to Bangladesh and Ms. Srimali Jayarathna, First Secretary/Commercial, Sri Lanka High Commission in Bangladesh. In this regard, members hoped to see an increased interest and investment from BASIS members in the ICT sector of Sri Lanka. BASIS remains committed to promoting and facilitating such endeavors that create opportunities for growth and prosperity. BASIS believes that with the potential that Sri Lanka holds, there are tremendous opportunities for businesses to flourish and mutually benefit both the countries.

MoU with Le Delicia

On May 16, 2023, BASIS signed a Memorandum of Understanding (MoU) with Le Delicia, a sister concern of REVE Foods Limited. Le Delicia is a well-known bakery brand renowned for its diverse range of baked products, including cakes, bread, buns, cookies, pastries, desserts, savory items, doughnuts, muffins, and more. This collaboration aims to provide exclusive benefits to the esteemed members of BASIS. Under the terms of this agreement, Le Delicia will offer a 15% discount on all Le Delicia products, particularly Le Delicia cakes, to BASIS members. The MoU was signed by Mr. Hashim Ahmed, Secretary of BASIS, and Mr. Ashfaq Al Shahi, Head of Sales at Le Delicia, representing their respective organizations.

The signing ceremony was attended by several key individuals, including Mr. Md. Shajalal, Chairman of BASIS Standing Committee on Member Services and Welfare, Ms. Chowdhury Fatima Rokon Tuli, Head of Services at BASIS, Mr. H. M. Imam Hasan, Deputy Manager (PR & Media) at BASIS, Mr. Md. Abdullah-Al-Kaiser Munna, Executive Member Service at BASIS, and Mr. Md. Kamruzzaman Shakil, BDM & Growth Manager at Le Delicia. This partnership is expected to enhance the dining experience of BASIS members with delightful bakery products from Le Delicia.

MoU with JCI Bangladesh

On May 20, 2023, a Memorandum of Understanding (MoU) was signed between BASIS and JCI Bangladesh, marking a significant step towards supporting the future of Smart Bangladesh at the JCI Smart Bangladesh Summit, Expo & CYE Award 2023. During the signing ceremony held at BASIS Boardroom, key representatives from BASIS included Mr. Russell T. Ahmed, President of BASIS, Mr. Abu Daud Khan, Vice-President (Admin) of BASIS, and Mr. Tanvir Hossain Khan, Director of BASIS, were present.

Representatives from JCI Bangladesh, including Mr. Ziaul Haque Bhuiyan, National President 2023, JCI Bangladesh, Mr. Imran Kadir, Deputy National President 2023, JCI Bangladesh, Mr. Areez Afsar Khan, National Vice President 2023, JCI Bangladesh, Mr. Zafir Shafiee Chowdhury, Local President 2023, JCI Dhaka Ace, and Mr. Biplob Ghosh Rahul, Founding Local President 2023, JCI Barishal, were also present during the signing ceremony. This partnership solidifies BASIS's commitment to the ICT industry and its role in advancing the collective mission to create a Smart Nation. Under this collaboration, BASIS will serve as an associate partner for the event, joining other esteemed partners such as a2i, ICT Division, BGMEA, and more. In this regard, BASIS extended a warm invitation to all of its member companies to join the event, particularly those involved in 4IR (Fourth Industrial Revolution) technologies and the Four Pillars of Smart Bangladesh—Smart Citizens, Smart Government, Smart Economy, and Smart Society.

Outreach Program on APAC DNS Forum 2023

On May 24, 2023, BASIS hosted an outreach program on APAC DNS Forum 2023 at BASIS Auditorium. This program brought together industry experts, professionals, and over 50 BASIS member companies to explore the ever-evolving world of domain names. Mr. Russell T. Ahmed, President, BASIS, attended the program, alongside the presence of other notable attendees included Mr. Nitin Wali, Sr. Director & Head of India & South Asia, ICANN, Mr. Mostofa Al Mahmud, Deputy General Manager, Network Operation Center NOC (Data & Internet), BTCL, and Mr. Arktos Lam, Cyber Security Manager, Hong Kong Internet Registration Corporation. The program was moderated by Mr. Imran Hossen, Managing Director.

Attendees represented various sectors, including registries, registrars, resellers, web hosting companies, internet service providers, network operators, brand managers, digital marketers, entrepreneurs, intellectual property professionals, commercial and non-commercial registrants, and end users. This program proved to be an important one for individuals passionate about the domain name industry, whether from a business or technology standpoint. The combined participation of these individuals brought a diverse range of knowledge and encouraged a dynamic exchange of ideas throughout the program.

Knowledge-Sharing Session on Exploring the International Market

On May 27, 2023, BASIS Standing Committee on International Market Development organized a knowledge-sharing session on Exploring the International Market at BASIS Auditorium. Over 60 BASIS member companies actively involved in various international markets have participated in this interactive session.The session was moderated by Mr. TIM Nurul Kabir, Chairman, Standing Committee on International Market Development, BASIS, alongside the presence of Mr. M Rashidul Hasan, Chairman, Advisory Standing Committee, BASIS, and Mr. Ahmedul Islam BABU, Director in Charge, Standing Committee on International Market Development, BASIS.

Mr. Russell T. Ahmed, President, BASIS, also joined the session to interact with the participant members. Addressing the session, Mr. Russell T. Ahmed, President, BASIS, warmly welcomed the new participants and stressed the pivotal role of macro and micro-level engagement among BASIS member companies. He emphasized the necessity of creating a conducive environment for the ICT industry to flourish globally, encompassing capacity development, policy advocacy, and fostering international relationships. He assured the members of BASIS's unwavering commitment to facilitating the necessary policies and incentives for the industry's growth, especially in light of the target for LDC graduation by 2026. During this session, participants enthusiastically immersed themselves in extensive discussions, generously sharing their invaluable experiences and challenges encountered while venturing into international markets. Few members particularly emphasized the difficulties faced while penetrating their potential destinations, grappling with cultural disparities, commitment constraints, and communication barriers, while others added to the topic from other regional experiences, and shared personal stories and techniques. Furthermore, Mr. M Rashidul Hasan, Chairman, Advisory Standing Committee, BASIS, expressed his thoughts on BASIS's role, underscoring the importance of branding, collaboration, and readiness to enter global markets, including participation in regional industry fairs. Highlighting the current export destinations, Mr. Ahmedul Islam BABU, Director in Charge, Standing Committee on International Market Development, BASIS, acknowledged the untapped potential that still exists and announced an upcoming initiative aimed at harnessing these opportunities. Moreover, he revealed plans for a future session, featuring distinguished CXOs and experts, further facilitating the industry's endeavors. Concluding this interactive session, Mr. TIM Nurul Kabir, Chairman, Standing Committee on International Market Development, BASIS, extended his gratitude to all participants, emphasizing the key takeaways from the day's deliberations, and invited the members to participate in the networking session that was arranged afterwards.

June

B-MEET 2nd Batch Graduation Ceremony

On May 30, 2023, BASIS hosted a certificates giving ceremony of the B-MEET project second batch where participants were honored for their outstanding performance in a comprehensive month-long training program. This unique initiative focused on immersing participants in the Japanese language and culture, enabling them to overcome barriers and language-related obstacles in their pursuit of establishing thriving business relationships with Japanese ICT industries. The certificates of completion were presented by Mr. Russell T. Ahmed, President, BASIS, who expressed his immense pride in the trainees' achievements. In his address, Mr. Ahmed underscored the importance of the course, which has equipped the participants with invaluable knowledge and cultural understanding of Japan. He further expressed his optimism that this training would pave the way for a more prosperous and mutually beneficial business relationship between Japan and Bangladesh. Mr. AKM Ahmedul Islam Babu, Director, BASIS and Chairman, BASIS Japan Desk chaired this closing ceremony. The ceremony was organized by the BASIS Japan Desk and welcomed respected representatives from the University of Miyazaki in Japan. Notably, Ms. Sina Yamamoto, Ms. Nanae Yamauchi, and Ms. Moushumi Biswas, from B-MEET, were among the attendees. To commemorate this achievement, Ms. Yasunori Yano, Sub-Project Manager, B-MEET, and Mr. Md. Sazzadur Rahman Shawon, Program Coordinator, B-MEET, was also in attendance. Facilitating the proceedings was Ms. Tanjin Prity from the BASIS Secretariat.

Counseling Session on Income Tax and VAT

On June 03, 2023, BASIS organized an exclusive and comprehensive advisory session called "One-to-One Counseling on Income Tax, VAT, Accounting, Tax Exemption & Secretarial Services." This event was held with the participation of 20 major tech firms from BASIS member organizations, eager to address their pressing tax and VAT-related concerns. The session brought together experts and professionals from various BASIS member companies, including BacBon Limited,

Kichai IT Services Ltd., Future Cloud Bangladesh Limited, GreenSofts System Limited, Smart Software Limited, Probha Aurora Ltd., EyHost Ltd., BMS TECH LOGISTICS LTD, iTech Unlimited, Zeppelin Limited, NIMBLE Code Execution System Ltd., Gpit (global professional IT), OS IT Solutions Ltd, Finva Soft Limited, TiCON System Ltd, Synergy Interface Ltd., and ITclan BD. To ensure a seamless and insightful experience, the sessions were moderated by Mr. Md Hafijur Rahman, Managing Director, CGA Md. Hafijur Rahman & Co. Mr. Rahman guided the discussions, addressing the specific challenges faced by each participant and providing tailored solutions to their tax and VAT concerns.

IT Associations' Budget Reaction to FY 23-24

On June 04, 2023, IT associations of Bangladesh held a joint press conference at the BASIS Auditorium to address the proposed budget for the fiscal year 2023-24. Concerns were expressed by the leaders of national trade organizations within the ICT sector regarding the budget's non-alignment with the vision of establishing a Smart Bangladesh. ICT sector, being a driving force behind Bangladesh's digital economy growth, owes its success to the unwavering support received from the government. During the program, BASIS President mentioned that we must acknowledge the remarkable foundation laid by the Honorable Prime Minister Sheikh Hasina in 1997, when favorable policy support for computer accessories was introduced. This journey was further propelled in 2009 with the visionary announcement of the Digital Bangladesh vision. BASIS Members, in collaboration with relevant associations and stakeholders, have played a pivotal role in transforming this vision into a tangible reality. Represented by Mr. Russell T. Ahmed (President, BASIS), Mr. Waheed Sharif (President, BACCO), Mr. Md Imdadul Haque (President, ISPAB), and Mr. Mohammad Sahab Uddin (Vice President, e-CAB), the associations presented their recommendations and discussed the probable impact of the proposed budget on the industry. Representatives from the associations shared, regrettably, the proposed budget for the fiscal year 2023-24 didn't provide the much-anticipated support and incentives required for the industry's sustained progress. In fact, it suggested additional burdens that could potentially hinder the sustainability of this crucial sector. Mr. Russell T. Ahmed, President, BASIS, underscored the proposal budget's disregard for logical proposals put forth by the associations to support the software industry, such as extending the corporate tax exemption until 2031, increasing cash incentives from 10% to 20% for export companies, and expanding the ITES definition to include cloud services, hosting services, Saas, and software licensing, it is regrettable that these recommendations have been disregarded in the budget. On the contrary, the government has proposed an increase in import duties by 5% to 25% on operating systems, databases, development tools, and security software used for data or information protection. Additionally, word processing, spreadsheet, internet collaboration, and presentation tools will also face a 25% customs duty and 15% VAT. Moreover, local software companies will now be subjected to a 5% VAT on software and customization services. These measures undoubtedly pose significant challenges and hinder the realization of the objectives of a Smart Bangladesh, he added.

Furthermore, Mr. Ahmed stated that Smart Bangladesh envisions the implementation of smart solutions in every sector, from education and healthcare to agriculture and power supply. However, the imposition of import duties and VAT on software undermines the value of this vital sector, contradicting our goals for a Smart Bangladesh.During the program's Q&A session with over 50 media representatives on the ICT domain from the print media, broadcast media, electronic media, digital media and the Internet, the implications of the proposed budget on the ICT sector and the overall development of Bangladesh have been discussed. In conclusion, IT associations respectfully urged the government to reconsider its position on the proposed budget for the fiscal year 2023-24 concerning the ICT sector. They requested on behalf of businesses and consumers for the withdrawal of VAT on software and IT-enabled services, the extension of tax exemption until 2030, and the reduction of import duties on software and IT materials. Implementing these measures will foster an environment conducive to innovation, investment, and job creation, enabling Bangladesh to progress swiftly towards the vision of a Smart Bangladesh.

Seminar on Importance of Cyber Security Standards for an Organization

On June 06, 2023, a seminar on the "Importance of Cyber Security Standards for an Organization" was held at the BASIS Auditorium. The Standing Committee on Digital Security organized this event, which aimed to equip member organizations with the necessary tools and insights to fortify their digital fortresses against the modern day threat of cyberattacks. Led by renowned experts in the field, Mr. Lutfar Rahman, Mr. Shahzeb Ibn Hossain, and Mr. Delwar Alam, the seminar provided invaluable guidance on cybersecurity best practices and standards.

Representatives from approximately 30 BASIS member companies, all eager to fortify their digital infrastructure, graced the seminar with their presence. The event fostered a collaborative atmosphere, allowing attendees to network, exchange ideas, and strengthen their collective resilience against cyber threats. and protect their digital assets. provided invaluable guidance on cybersecurity best practices and standards. Representatives from approximately 30 BASIS member companies, all eager to fortify their digital infrastructure, graced the seminar with their presence. The event fostered a collaborative atmosphere, allowing attendees to network, exchange ideas, and strengthen their collective resilience against cyber threats. and protect their digital assets.

MoU with Le Reve

On June 21, 2023, BASIS partnered with Le Reve, a highly respected clothing brand in Bangladesh. Le Reve is known for its distinct and cutting-edge designs, catering to men, women, teenagers, and children. Their commitment to delivering excellent quality has made them one of Bangladesh's most sought-after online shopping destinations. As per the MoU, Le Reve will offer a 8% discount on all their products for all BASIS Members and BASIS Secretariat members.

To avail this discount, interested BASIS members are kindly requested to provide their registered mobile numbers as identification while making purchases at any Le Reve outlet or online. MoU was formally signed by the respected representatives of both organizations, including Mr. Hashim Ahmed, Secretary, BASIS, and Mr. S. M. Iqbal, General Manager, Le Reve. Furthermore, attending the signing ceremony were Ms. Chowdhury Fatima Rokon Tuli, Head of Service, and Mr. Md. Abdullah-Al-Kaiser, Executive, Member Services, from BASIS; Mr. Arbabur Rahman, GM-Sales, and Ms. Afrina Habib, AGM (Marketing) from Le Reve.

Seminar on AWS Marketplace Networking Event

On June 15, 2023, a seminar titled "AWS Marketplace Networking Event - Opportunities for Tomorrow" was held at BASIS Auditorium to discuss the vast potential of AWS partnerships in the modern cloud computing sphere. The seminar commenced with a know-how discussion on the AWS Partner Network (APN), various programs in AWS, AWS Migration & Modernization, AIQ Marketplace, ATP, and about the

global community of partners harnessing programs, expertise, and resources to create, market, and sell exceptional customer offerings. Respected professionals from 43 BASIS member companies actively participated, leveraging this interactive session to enhance their knowledge and skills in the AWS ecosystem. Mr. Russell T. Ahmed, President, BASIS, shared his invaluable insights and opinions on this topic, also discussing the strengthening of our human resources in the country, through ATP programs on AWS Services and enriching curriculums discussing with UGC and making sound policies in this manner with Government-Industry-Academia collaboration. Joined by a league of expert mentors and seasoned professionals representing Amazon Web Services (AWS), the seminar was chaired and led by Mr. Mohammad Zaman, Leader, Solutions Architecture for Startups, North America, alongside that the session invited mentors, including Mr. Amit Mehta, Head of Training & Certification, World Wide Commercial Services, Mr. Haja Sheriff, Head of Geo Expansion, Mr. Ashish Phanithi, Lead for Bangladesh, Public Sector, Education, and EdTech, Mr. Reshu Natani, Public Policy, whom the participants met after this initial session.

Roundtable Discussion on Digital Banking in Bangladesh: Prospects and Way Forward

On June 14, 2023, BASIS organized a roundtable discussion titled "Digital Banking in Bangladesh: Prospects and Way Ahead" at BASIS Auditorium to explore the potential of digital banking and its unique role in our nation's financial scene by bringing together renowned experts and key stakeholders in the industry. This was an important initiative towards creating a cashless Smart Bangladesh. BASIS Standing Committee on FinTech and Digital Payment organized the roundtable and provided a platform for thought leaders to deliberate on formalizing and elevating the role of fintech players within the banking sector. Respected personalities representing private banks, tech firms, NBFIs, and other industry stakeholders joined forces for the discussion on policies and future prospects. Chaired by Mr. Fahim Mashroor, Chairman of the BASIS Standing Committee on Fintech and Digital Payment, Mr. Md. Shahadatullah Khan, Co-Chairman of the committee, gave a thorough keynote presentation. Notable industry figure, Mr. Arfan Ali, Chairperson of Zaytoon Business Solutions and Ex-Managing Director of Bank Asia Ltd, along with other respected CXO's also graced the occasion with their presence. During the engaging discourse, BASIS FinTech Standing Committee members highlighted the Government of Bangladesh's recent initiatives to promote financial inclusion and establish "Digital Bank" policies. As the industry eagerly anticipates the Bangladesh Bank's finalization of bank license guidelines, in line with the Finance Minister's commitment to granting digital bank licenses this year, the future of digital banking is poised for remarkable growth, no doubt, shared by the members. Digital banks, far from being mere extensions of traditional banks, have proven to be powerful tools for financial inclusion in other countries. However, the roundtable participants emphasized the need for a digital bank policy that diverges from conventional banking norms and aligns with the unique objectives of digital banking. Globally, digital banking has transformed financial services for both the general public and MSMEs in advanced and emerging economies. Bangladesh's venture into the world of digital banks seeks to unlock opportunities for inclusive financial services.

Mr. Russell T. Ahmed, President, BASIS, envisioned the creation of a smart bank through the implementation of digital banking solutions. To that end, Mr. Ahmed proposed several recommendations for the digital bank license guidelines. He advocated for granting a higher number of licenses to foster innovation, with specific conditions if necessary, based on merit. Additionally, he suggested that at least one-third of the ownership of each digital bank should be held by ICT sector organizations or entrepreneurs. Mr. Ahmed emphasized the leadership potential of tech entrepreneurs in digital banking, drawing inspiration from the success in the MFS sector. While members welcomed the government's initiative to establish digital banks, they expressed disappointment over the inadequate consideration given to the opinions of the ICT sector and the limited participation of tech entrepreneurs. Participants shared that they believe that a more inclusive approach is crucial to ensure the successful establishment and growth of digital banks in Bangladesh. The roundtable witnessed active participation from representatives of over 50 online and over 60 offline fintech companies, financial software companies, banks, and mobile financial institutions. This overwhelming interest and potential reflect the broad scope and significance of digital banking in Bangladesh. Building a smart and cashless Bangladesh needed collaboration among the government, ICT sector, and banking professionals. During a compelling keynote presentation, Mr. Shahadat Khan, Chairman of the committee, and Founder and CEO of TallyKhata and TallyPay, showcased how digital banks in other countries have effectively served unbanked populations. He emphasized the urgency of catering to the underserved, especially small and cottage industry traders facing challenges in accessing traditional banking services.

By leveraging data centers, smartphone technology, data analytics, and innovative financial products, digital banks can address the needs of these underserved populations. The roundtable discussion explored the potential benefits of digital banking, including heightened financial inclusion, convenience, cost-effectiveness, and improved access to credit for individuals and businesses. Smartphone technology emerged as a crucial enabler, liberating individuals from the constraints of physical branches and allowing them to access banking services anytime, anywhere. Data analytics emerged as a pivotal tool, empowering digital banks to gain insights into customer behavior, preferences, and financial patterns. With this data-driven approach, digital banks can personalize offerings, tailor financial products, and make informed decisions for risk assessment and credit scoring. Such innovation has the potential to revolutionize the banking standard, fostering an inclusive and efficient financial system. As digital transactions and data exchange become more prevalent, robust cybersecurity measures take center stage in digital banking. Safeguarding customer information and ensuring its security and privacy become paramount. Collaboration among digital banks, technology providers, and regulatory bodies is instrumental in developing robust cybersecurity frameworks and preserving customer trust. The roundtable also emphasized the role of collaboration and partnerships in propelling the digital banking revolution. Successful implementation of digital banking requires a collaborative ecosystem involving banks, fintech companies, telecommunications providers, regulatory authorities, and other stakeholders. By fostering partnerships and collaboration, the digital banking ecosystem can leverage the expertise and resources of various players to deliver innovative and comprehensive financial solutions to the population.

In conclusion, the roundtable showcased the immense potential and opportunities that digital banks can bring to our country. With the government's commitment to issuing digital bank licenses and the active involvement of technology entrepreneurs and fintech companies, Bangladesh is on the brink of a digital banking revolution. BASIS, along with its members, remains devoted to supporting the government's initiatives and fostering an enabling environment for the digital banking sector to flourish. Members shared that they will be continuing to contribute as much as possible for inclusive policies, collaboration, and innovation to ensure the successful establishment and growth of digital banks in Bangladesh to build a Smart Bangladesh by 2041.

Workshop on Capital Market Onboarding

On June 22, 2023, a joint initiative by BASIS, SME Foundation, and Dhaka Stock Exchange was held at BASIS Auditorium aimed to equip SME sector companies with essential knowledge, promote listing in the stock market, and raise awareness on critical on-board issues within the capital market. The workshop was presided by Ms. Samira Zuberi Himika, Senior Vice President, BASIS, while Mr. AKM Ahmedul Islam Babu, Director, BASIS, conducted the workshop as a moderator. To empower SMEs for stock market success, Mr. Salah Uddin Mahmud, Managing Director (in-charge), SME Foundation, attended the event as the Chief Guest, and Mr. M. Saifur Rahman Mazumdar, Managing Director (in-charge), Dhaka Stock Exchange, attended as a Special Guest. Additionally, Mr. Md. Nazim Hasan Sattar, General Manager, SME Foundation, Mr. Md. Samiul Islam, Senior General Manager, Dhaka Stock Exchange, Mr. Syed Mahmud Zubair, Deputy General Manager, Dhaka Stock Exchange, and Mr. Suman Chandra Saha, Deputy General Manager, SME Foundation, was also in attendance to foster a rich environment for information dissemination, preparedness, and advocacy. With a strong commitment to excellence, the workshop focused on empowering SMEs to unlock the immense potential of the stock market by addressing key challenges and fostering a deeper understanding of the onboarding process. Through this platform, BASIS member SME organizations have gained invaluable insights, strategies, and actionable steps to navigate the capital market successfully. Through continued efforts, BASIS aims to bridge the gap between SMEs and the capital market, enabling a more inclusive and vibrant economy to propel our ICT industry.

July

BASIS-America Desk Formation Announcement

On July 19, 2023, BASIS held a meeting with H.E. Peter D. Haas, Ambassador of the United States in Bangladesh, to the U.S. Embassy, Dhaka. During the meeting, discussions were held regarding collaborative efforts to promote bilateral trade in the ICT industry between Bangladesh and the United States. Through this meeting, BASIS announced the formation of BASIS-USA Desk, which is intended to facilitate and strengthen business collaborations between Bangladeshi ICT companies and their counterparts in the United States. It has also been discussed that the formal launch event for BASIS-America Desk will be announced in the near future.

MoU with Prime Bank for ERQ Account Facility

On July 19, 2023, BASIS signed a MoU with Prime Bank Limited, one of the leading private commercial banks in Bangladesh. The purpose of this MoU was to launch the Export Retention Quota Account (ERQ) facility for BASIS member companies actively involved in non-physical IT service exports, including outsourcing, BPO, business services, professional advisory services, and more. Under this service offering, BASIS member companies can receive payments through inward remittances and hold these funds in both USD and BDT accounts simultaneously. Additionally, members can transfer USD funds from their USD ERQ accounts to foreign accounts for legitimate business purposes, subject to regulatory requirements and bank policies. Members are also permitted to utilize international cards issued on their ERQ accounts. The MoU signing ceremony was attended by Mr. Hashim Ahmed, Secretary, BASIS, and Mr. Md. Habibur Rahman Chowdhury, Deputy Managing Director and Chief Financial Officer, Prime Bank, who signed the agreement on behalf of their respective organizations. Other attendees included Mr. Md. Shajalal, Chairman, BASIS Standing Committee on Member Services and Welfare, Ms. Chowdhury Fatima Rokon Tuli, Head of Services, BASIS, Mr. Syed Faisal Omar, Vice President, Financial Institutions, and Mr. Abdullah Al Jubaer, First Assistant Vice President, NRB Division, Prime Bank. This collaboration between BASIS and Prime Bank aims to provide convenient financial solutions to BASIS member companies engaged in IT service exports.

Press Conference of IT Trade Associations: "a2i Bill 2023"

On July 10, 2023, a press conference was jointly organized by five leading ICT trade associations of Bangladesh at BASIS Auditorium in Kawran Bazar, Dhaka. The purpose of this press conference was to demand essential amendments and revisions to the recently passed Agency to Innovate (a2i) Bill 2023 at the National Parliament. The associations involved in organizing the press conference were the Bangladesh Association of Software and Information Services (BASIS), Bangladesh Computer Samity (BCS), Bangladesh Association of Contact Center & Outsourcing (BACCO), Internet Service Provider Association of Bangladesh (ISPAB), and E-Commerce Association of Bangladesh (e-CAB). BASIS President Mr. Russell T. Ahmed, BACCO President Mr. Wahid Sharif, ISPAB President Mr. Md Imdadul Hoque, e-CAB General Secretary Mr. Md Abdul Wahed Tomal attended, as well as representatives from over a hundred IT organizations, and executive members of the five trade associations, were also present at the press conference. The joint statement expressed appreciation for the government's efforts to build Digital Bangladesh through a successful collaboration between the government and private sectors. They acknowledged the importance of strengthening private sector participation, which is very pivotal now for realizing Bangladesh's vision of a Smart Bangladesh by 2041. During this press conference, they discussed that the 12th meeting of the Parliamentary Standing Committee on Ministry of Posts, Telecommunications & Information Technology had previously reviewed the a2i Bill 2023. During this meeting, specific proposals for vital amendments within the bill were decided by parliamentary standing committee members. These amendments included provisions related to the representation of IT trade associations in the Executive Committee, restrictions on a2i's engagement in joint or partnership transactions, and the prohibition of a2i from forming companies. However, it was noted that despite the proposed amendments, the provision granting a2i the authority to establish companies remained intact in Section 21 of the bill. At the press conference, BASIS President expressed concerns about this provision, stating that it contradicts the interests of the industry. He requested the complete revocation of the power granted to a2i to form companies, as described in Section 21 of the a2i Bill of 2023. BACCO President emphasized the importance of amending the bill to foster the growth of the ICT industry and expedite the progress of Bangladesh towards becoming a Smart Bangladesh. Representatives from ISPAB appreciated the government's consideration of trade organizations' input on the a2i Bill, 2023, and highlighted the importance of private sector involvement in the a2i project. e-Cab General Secretary Mr. Md Abdul Wahed Tomal expressed hope that the State Minister and ICT advisor would promptly address the unified requests of all associations.

MoU with wEvolve

On July 19, 2023, BASIS signed a MoU with wEvolve, a nationally recognized mental health service provider. wEvolve is dedicated to serving individuals dealing with physical and mental health disorders. The primary goal of this collaboration is to empower BASIS member companies in supporting their employees' mental health and overall well-being, recognizing that mental health and human performance are interconnected.

B-MEET 3rd Batch Graduation Ceremony

On July 4, 2023, the successful completion of third remarkable chapter in the B-MEET (Bangladesh-Miyazaki Educational Exchange and Training) initiative, a collaborative project between the BASIS and Miyazaki University of Japan, in association with BASIS Japan Desk was held at BASIS Auditorium, providing BASIS C-level members with a month-long training in Japanese language, culture, and business etiquette. On the occasion, participants joined to celebrate the graduation of the program's third batch, consisting of 20 dedicated trainees. It was an occasion filled with pride and accomplishment, as the participants received their well-deserved recognitions. Mr. AKM Ahmedul Islam BABU, Director, BASIS and Chairman of the BASIS Japan Desk, attended the ceremony. In his address, Mr. BABU expressed his optimism about the impact of this comprehensive course on enhancing the trainees' ability to effectively communicate and foster business relationships with Japan. His insightful words emphasized the importance of cultural understanding and cooperation in international business endeavors. The event was also attended by the respected representatives from the University of Miyazaki in Japan including, Mr. Morishita Yuki, Program-Specific Senior Lecturer, along with Ms. Sina Yamamoto and Ms. Moushumi Biswas, Japanese language instructors for B-MEET. Furthermore, Mr. Md Sazzadur Rahman Shawon, Training Administrator, B-MEET, and Ms. Tanjin Prity, Secretariat-In-Charge, BASIS Japan desk, attended to ensure the seamless execution of this month-long training. Through this initiative, BASIS continues to empower its members with the tools and insights needed to thrive in the international marketplace.

MoU Signing with CBCCI

On July 20, 2023, Bangladesh Association of Software and Information Services (BASIS) and Canada Bangladesh Chamber of Commerce and Industry (CBCCI) officially signed a Memorandum of Understanding (MoU) for the 'CBCCI Trade & Investment Expo 2023.' This expo is designed to foster engagement and enhance trade and investment opportunities for businesses in both Bangladesh and Canada, further strengthening economic ties. Ms. Samira Zuberi Himika, Senior Vice President, BASIS, expressed their expectations regarding the MoU, stating that BASIS aims to promote Bangladesh's IT sector and assist BASIS members in expanding their business in Canada. She highlighted that this agreement also sets the stage for joint initiatives, resource sharing, and knowledge exchange between the Canadian and Bangladeshi markets.

Ms. Samira Zuberi Himika, Senior Vice President of BASIS, and Mr. Areef Rahman, Executive Vice President, CBCCI, signed the agreement on behalf of their organizations. Other attendees included Ms. Farzana Ali, Chair Country Director, CBCCI, Mr. Hashim Ahmed, Secretary, BASIS, and Ms. Tanjin Prity, Executive, Trade Facilitation, BASIS.

BASIS Members' Meet at Chattogram

On July 29, 2023, the inaugural "BASIS Members Meet" of the BASIS Executive Council 2022-2023 was held at the prestigious Chittagong Club in Chattogram. This gathering allowed the BASIS leadership to address the concerns and aspirations of its member organizations and discuss strategies for the organization's future growth and development. Distinguished members of the BASIS Executive Council were present at the event, including Mr. Russell T. Ahmed, President, BASIS, Ms. Samira Zuberi Himika, Senior Vice President, BASIS, Mr. Abu Daud Khan, Vice President (Administration), BASIS, Mr. Syed Mohammad Kamal, Director, BASIS, Mr. Mostafizur Rahman Sohel, Director, BASIS, and Mr. Tanvir Hassan Khan, Director, BASIS. Furthermore, members from BASIS Presidents' Forum and BASIS Advisory Standing Committee were also present, including Mr. A.K.M. Fahim Mashroor and Mr. M Rashidul Hasan. The event provided a platform for interaction between the current BASIS Executive Council and BASIS members in Chattogram. The discussion focused on challenges faced by members, their expectations, and future plans regarding the industry and BASIS. The esteemed members of BASIS, who were present, expressed their gratitude to the BASIS Executive Council for organizing such an engaging meeting and hoped that similar exchange meetings would continue to be held regularly outside of Dhaka.

BASIS-SEIP Job Fair 2023

On July 24, 2023, an event featuring - IT Job Fair, Career Counseling, and Certificate Distribution was held at Daffodil Plaza in Dhaka, a joint initiative by BASIS and Skills for Employment Investment Program (SEIP). The event saw the presence of notable guests, including Mr. Mahfuzul Alam Khan, Project Director (Joint Secretary), SEIP Project, and Mr. Ruhul Amin, Assistant Project Director, SEIP Project. Mr. Russell T. Ahmed, President, BASIS, chaired the event, and a welcoming speech was delivered by Mr. Abu Daud Khan, Vice President (Administration), BASIS. During the career counseling session, Ms. Samira Zuberi Himika, Vice President, BASIS,

Mr. Don Sumdany, renowned corporate trainer, and Mr. Raisul Kabir, Founder and CEO of Brain Station 23, provided mentorship and advice to job seekers. The job fair aimed to connect job seekers, particularly young graduates of BASIS-SEIP Project, with employment opportunities in the software and IT sector. More than 35 BASIS member companies were present at the fair, offering over 200 job positions. Job seekers had the opportunity to visit company stalls of their choice and submit their applications electronically. Some companies also conducted interviews on the spot, while others shortlisted candidates for further assessment. BASIS has been actively working on the SEIP project since 2015 to build skilled human resources in ICT. The project, which started with Tranche One from 2015 to 2018 and continued with Tranche Two with additional expansion from 2018 to 2019, has trained approximately 30,000 young learners. Tranche Three of the BASIS-SEIP project began in 2020 but was impacted by the COVID-19 global pandemic.

August

EPB Director General Visits BASIS

On August 6, 2023, Ms. Baby Rani Karmakar, who had been appointed as the Director-General of Export Promotion Bureau (EPB), visited BASIS Secretariat in Dhaka, Bangladesh. During her visit, she met with Mr. Russell T. Ahmed, President, BASIS, and held a meeting. The primary agenda of the meeting was centered around fostering mutual cooperation and discussing future plans aimed at boosting revenue in the ICT sector. There was an in-depth conversation between representatives from BASIS and EPB regarding the ambitious target of generating USD 20 billion in revenue from the ICT sector by the year 2030. Several notable individuals were in attendance at the meeting, including Mr. Abu Daud Khan, Vice President (Administration), BASIS, Mr. Hashim Ahmed, Secretary, BASIS, Mr. Enamul Hafiz Latifee, Research Fellow, R&D, BASIS, Ms. Tanjin Prity, Executive, Trade Facilitation, BASIS, and Mr. AKM Fariduddin Ahammad, Research Officer (Information), EPB. As part of the visit, Ms. Baby Rani Karmakar was given a tour of the BASIS office and the Secretariat. During this tour, Mr. Russell T. Ahmed reassured her of BASIS's commitment to providing all possible cooperation to expand the international market and achieve growth, including reaching the revenue targets.

Awareness Seminar on "HR Standards & Practices"

On August 5, 2023, more than 70 HR Managers and Professionals from BASIS member companies gathered at BASIS Auditorium for a seminar, titled 'HR Standards & Practices,' with discussions centering around insights from the BASIS HR Handbook. This seminar was organized as an initiative of the BASIS Standing Committee on HR Development & IT Training and provided an excellent platform for networking, labour law, dialogue, and exploration.

Mr. Asim Tarafder, member of the committee and chairman, HR Sub-committee on HR Handbook Implementation, moderated this insightful discussion, and presented his keynote, covering a large amount of aspects from the HR Handbook.During the session, Mr. Abu Daud Khan, Vice President (Admin), BASIS, addressed questions from participants as a subject matter expert, both in person and through their expressions of interest responses, in an open and engaging discussion. His expertise shed light on how to navigate the complexities of HR in a technology-driven world while ensuring the highest level of compliance. Furthermore, Mr. Md. Rafiul Islam, Asst. Manager, BASIS, attended as the Secretariat-In-Charge, along with a few other respected committee members.

Workshop on
Occupational Health & Safety

On August 12, 2023, BASIS collaborated with the Department of Inspection for Factories (DIFE), which is an entity of the Ministry of Labour and Employment (MoLE), to organize a workshop on Occupational Health & Safety. The workshop aimed to provide education and empowerment to member organizations regarding compliance with labor laws and safety standards, ultimately ensuring workplace health and safety. The workshop was led by Mr. Md. Mehedi Hasan, Deputy Inspector General, DIFE, ensured that participants received valuable insights and guidance in this critical area.

The interactive session during the workshop covered various important topics, including the labor inspection checklist, planning and strategy, relevant acts and policies, Standard Operating Procedures (SOPs), and the process of penalization. The discussion also revolved around key legal documents such as the Bangladesh Labour Law-2006, Bangladesh Labour Rules-2015, and Bangladesh Labour Law-2022 (Amendments). Approximately 20 leading BASIS software companies participated in this comprehensive session, seeking to enhance their understanding of Occupational Health & Safety regulations and safe work practices.

Workshop on
Stress & Anger Management

On August 19, 2023, BASIS collaborated with wEvolve, a nationally renowned mental health service provider, organized a workshop to provide member organizations with valuable tools and strategies to effectively manage stress and anger in a healthier and more productive manner. The training also aimed to equip participants with the skills needed to recognize and understand these challenging emotions, and then guide them on how to respond in more constructive ways.

Representatives from 22 BASIS member companies participated in this comprehensive workshop, with the goal of achieving a more balanced and rational mindset by effectively controlling negative emotions. The session was led by Ms. Farida Akhtar, a renowned consultant from wEvolve, ensured that participants received expert guidance and support in managing stress and anger in the workplace.

B-MEET & BASIS Japan Desk
Networking Session

On Sunday, August 20, 2023, B-MEET & BASIS Japan Desk Networking Session was held at BASIS Auditorium. This event was organized by the BASIS Japan Desk and received support from CPC, North South University, and University of Miyazaki. Mr. Ahmedul Islam BABU, Chairman, BASIS Japan Desk and Director, BASIS, presided over the session. This session was a part of the B-MEET initiative, which is a collaborative project between BASIS and Miyazaki University of Japan, facilitated by BASIS Japan Desk.

The primary objective of this session was to create a networking opportunity for B-MEET professionals and B-MEET graduates. Notable attendees at the event included Professor Dr. Khasro Miah from North South University. This session fostered connections and opportunities within the B-MEET community.

Insurance Development and Regulatory Sandbox Guidelines

On Aug 19, 2023, BASIS achieved a major milestone by collaborating with the Insurance Development and Regulatory Authority (IDRA) to establish the "Insurance Development and Regulatory Sandbox Guidelines - 2023." These guidelines enable tech startups in the InsurTech domain to innovate in the insurance industry by developing products, marketing policies, and offering other insurance-related services. To participate in the Sandbox, startups will need a BASIS membership, an eligibility certificate with proper score, insurance products, and partnerships with major customer bases. This initiative aims to boost IT usage in insurance, encourage innovation, and improve customer experiences. Tech entrepreneurs anticipate significant growth in insurance products adoption, increasing insurance penetration from less than 3% to over 10%. BASIS played a crucial role in developing these guidelines with IDRA, fostering collaboration between tech startups and insurance providers to elevate Bangladesh's insurance market to global standards.

BASIS Observed National Mourning Day 2023

On August 25, 2023, BASIS observed the 48th anniversary of the martyrdom of the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman. In commemoration of this occasion, an event was held at the Liberation War Museum in Agargaon, Dhaka. The event featured discussions on the life and work of Bangabandhu, along with a dramatic performance of the play "নেতা যে রাতে নিহত হলেন" (The Night Our Leader Was Assassinated), directed by Mr. Rezanur Rahman. This unique event brought together literary and theatrical talents to pay tribute to Bangabandhu Sheikh Mujibur Rahman and his contributions to the nation. The post-discussion of the event was attended by notable leaders, including the Minister of Posts and Telecommunications, Mr. Mustafa Jabbar, Mr. Asim Kumar Ukil, Editor of Bangladesh Awami League's cultural publication, and eminent playwright and director, Mr. Imdadul Haq Milon. The event was presided over by BASIS President Mr. Russell T. Ahmed.

MoU with EDGE Project for Establishing BASIS DE-Hub

On August 30, 2023, a MoU was signed between BASIS and EDGE Project under ICT Division. The MoU signing was held at the BCC Auditorium. Representing BASIS, Mr. Abu Daud Khan, Senior Vice President (Administration), and from the EDGE Project, Ms. Nahid Sultan Mallik, Project Director, signed the agreement. The MoU marks the establishment of a World Bank financing Digital Economy Hub (DE-Hub) at BASIS. Through this initiative, the transformation to a digital economy will be encouraged, and it will play a crucial role in advancing Bangladesh's IT industry. Additionally, the Hub will facilitate collaboration between BASIS members and the EDGE Project, providing support and assistance in terms of training and knowledge sharing. Through this initiative, high-level technical training programs will become more accessible. On the same day, a seminar on effective collaboration in building a Smart Bangladesh was organized, involving the IT industry, educational institutions, and the government. Mr. Russell T. Ahmed, President, BASIS, attended as a panelist and shared valuable insights during the seminar.

BASIS Members' Meet at Dhaka Club: First Edition

On August 26, 2023, the inaugural BASIS Members' Meet in Dhaka was organized exclusively for esteemed BASIS members at the prestigious Dhaka Club. This event marked the first of four planned members' meetings based on regional areas within Dhaka. The gathering was characterized by the enthusiastic participation of prominent members and provided an inspiring platform for interaction and collaboration. The event featured the presence of Mr. Russell T. Ahmed, President, BASIS, who was joined by members of the BASIS Executive Council 2022-2023 and esteemed members of the BASIS Advisory Standing Committee.

At the commencement of the members' meeting, Mr. Russell T. Ahmed initiated open discussions with the participants. During this dialogue, members actively shared their thoughts and insights concerning various activities of the current BASIS committee, engaged in discussions about industry challenges, expressed their aspirations, and deliberated on the future roadmap for the development of a developed Bangladesh. BASIS leadership highly appreciated the valuable input and exchange of ideas that took place during this meet. They underscored the importance of collaboration and highlighted the potential roles that BASIS and the IT industry is playing in shaping the future of our industry. The esteemed members conveyed their heartfelt gratitude to the BASIS Executive Council for organizing such a meaningful and productive meeting. The event concluded with a networking dinner, marking the successful commencement of the first members' meeting with a promising outlook for future endeavors.

BASIS Members' Meet at Shimanto Convention Center : Second Edition

On August 28, 2023, BASIS members came together at the Shimanto Convention Center for the "BASIS Members' Meet." This gathering marked the second of four regional members' meetings planned in different areas of the region and witnessed a significant turnout of enthusiastic participants. The core objective of the meet was to offer members a platform for interaction and relationship building. This fostered collaboration and knowledge sharing within the IT sector, strengthening the BASIS community. Respected members engaged in open discussions and expressed their mutual companionship, contributing to an atmosphere of joy and warmth during the event. Beyond fostering connections, the program served as a critical forum for members to raise concerns and suggestions regarding the IT industry in Bangladesh. A call was made to develop domestic ERP software, and members requested a streamlined process for availing cash incentives in the export market. Additionally, the need for promoting local software development, extending IT tax exemption, and leveraging technology for traffic management were highlighted. Discussions also touched upon the construction of a dedicated BASIS facility, combating unfair competition in website development, and receiving support for participation in international trade fairs like those in the USA. Members emphasized the importance of professional development programs on business ethics, grooming, and technical skills, alongside the need for promoting accessibility features in IT products for the disabled and elderly. Finally, the establishment of a payment gateway system to facilitate the sale of digital assets was requested. During the event, BASIS President remarked, "We are all part of a large family, and together, we will take our beloved ICT industry forward."

BASIS Members' Meet at Uttara Club: Third Edition

On August 30, 2023, the third edition of the "BASIS Members' Meet" was organized at Uttara Club, bringing together esteemed BASIS members. Once again, The vibrant atmosphere of the Uttara Club in Dhaka brimmed with the energy of esteemed BASIS members eager to connect, share experiences, and engage in thought-provoking discussions. The event witnessed a remarkable turnout, highlighting the BASIS community's dedication to collaboration and knowledge sharing. Mr. Russell T. Ahmed, President of BASIS, emphasized the critical role the Members' Meet plays in fostering interaction, knowledge exchange, and collective progress within the organization. Following the President's address, an engaging Q&A session took place. Members actively raised questions on a diverse range of topics pertinent to their businesses and the broader IT landscape. These included sponsorship opportunities, securing suitable office space, navigating tax exemptions, understanding labor laws, effectively managing human resources, participating in international exhibitions, and staying abreast of evolving regulatory frameworks. The President, alongside members of the BASIS Board, provided invaluable insights and clarifications, demonstrating their commitment to addressing members' concerns.

September

BASIS Members' Meet at Gulshan Club: Fourth and Final Edition

On September 3, 2023, the fourth and final edition of the "BASIS Members' Meet - Dhaka" was held at Gulshan Club, gathering a large number of esteemed BASIS members. These regional members' meetings have been a resounding success, with active and enthusiastic participation from over 800 BASIS member representatives. During the event, BASIS President expressed his gratitude to the members for their involvement and highlighted the importance of their contributions to the country. At the closing ceremony awards were handed over, where he emphasized that the members are the core strength of BASIS and appreciated both those who attended the meetings and those who couldn't participate for their positive attitude and support. BASIS President then extended his gratitude to the members of the Executive Council, the Advisory Standing Committee, all sponsors, BASIS Secretariat, and all BASIS members for their support in making the BASIS Members' Meet a success. The final edition concluded on a high note, marking the end of the Dhaka regional members' meetings.

MoU Signing with BCC for the "Smart Bangladesh Summit 2023"

On September 10, 2023, BASIS and Bangladesh Computer Council (BCC) signed a MoU to successfully organize the "Smart Bangladesh Summit 2023." The MoU signing was held with the aim of fostering collaboration between the two organizations in building a Smart Bangladesh. Representing BASIS, Mr. Abu Daud Khan, Senior Vice President (Administration), and on behalf of BCC, Mr. Md. Golam Sarwar, Director (Training and Development), signed the agreement.

The signing ceremony was also attended by Mr. Enamul Hafiz Latifee, Research Fellow (Joint Secretary), BASIS, and Mr. Md. Golam Rabbani, Manager (Systems), BCC. The "Smart Bangladesh Summit 2023" is a significant event scheduled to take place from October 5 to 7, 2023, at Bangabandhu International Conference Center. The event aims to contribute to the development of a Smart Bangladesh, and participants at the ceremony expressed optimism regarding its successful organization.

Meeting with Bangladesh Bank Governor

On September 12, BASIS Executive Council 2022-2023 attended a meeting with the Governor of Bangladesh Bank. The discussion focused on collaboratively reviewing the Entrepreneurship Support Fund (ESF) Guidelines 2018 and assessing its effectiveness since its launch. Both parties shared their insights on potential areas for improvement, acknowledging the importance of enhancing legal protections for ICT companies and addressing any historical challenges with fund utilization. The discussion also explored opportunities for streamlining the payment system and fostering closer collaboration on matters of mutual interest for ICT companies and Bangladesh Bank to build a cashless society in a SMART Bangladesh.

MoU with Sky City Hotel

On September 20, 2023, BASIS signed a MoU with Sky City Hotel - a distinguished 4-star hotel that offers a wide range of facilities and amenities to ensure a comfortable and enjoyable stay for its guests. These amenities include luxurious accommodations with modern furnishings, multiple on-site restaurants offering diverse cuisine options, fully equipped meeting rooms and event venues, as well as a spacious indoor and outdoor pool area.

Visit to Miyazaki, Japan

From September 23 to 26, 2023, AKM Ahmedul Islam BABU, Chairman of BASIS Japan Desk, undertook a visit to Miyazaki city. During this visit, he had the opportunity to meet with Mayor Tomonori Kiyoyama and express gratitude for the unwavering support provided to the B-MEET project at BASIS. Additionally, Ahmedul Islam BABU, Director of BASIS, extended his appreciation to the University of Miyazaki's President Professor Dr. Hiroshi Sameshima for their consistent backing and engaged in discussions regarding collaboration on the B-MEET project.

InsurTech - A New Milestone in Building Smart Bangladesh

On September 12, 2023, BASIS organized an event titled "InsurTech - A New Milestone in Building Smart Bangladesh." During this event, Planning Minister Mr. M. A. Mannan stated that if BASIS, Insurance Development and Regulatory Authority (IDRA), and Bangladesh Insurance Association (BIA) collaborate, InsurTech will work as a new milestone in building a Smart Bangladesh. He made these remarks as the Chief Guest at the event held at Hotel Lakeshore, Dhaka. The event also featured special guests, including Mr. Mohammad Jainul Bari, Chairman, Insurance Development and Regulatory Authority (IDRA), and Mr. Sheikh Kabir Hossain, President, Bangladesh Insurance Association (BIA). Planning Minister Mr. M. A. Mannan commented, "Under the leadership of Honorable Prime Minister Sheikh Hasina, we have witnessed significant development in the country over the past 15 years, which has had a comprehensive impact on the nation's economy. In India, the insurance sector contributes significantly more to GDP compared to Bangladesh. We are still learning. I hope that the insurance sector will work as another regulator in the country's economy. The present government has created a business-friendly environment in the country. Insurance is one of the most neglected sectors. To make insurance services more accessible, trust needs to be restored. Insurance has great potential, and technology can play a crucial role in achieving that."

IDRA Chairman Mr. Mohammad Jainul Bari emphasized, "The contribution of the insurance sector to GDP was 0.5% in 2021, and it will remain the same in 2023. The lack of public awareness and timely claims settlement has led to a decline in people's trust in insurance. Technology can help restore trust by making insurance services more accessible. To improve insurance services, automation is necessary, and banking services should also be integrated into the insurance sector." Mr. Sheikh Kabir Hossain, President, Bangladesh Insurance Association (BIA), stated, "Insurance and Bangladesh's struggle for independence are closely intertwined. The insurance sector is the most neglected sector in the country. The dependence on insurance information and premiums during budget preparation is crucial. No one has made significant advancements in insurance since Bangabandhu's time, which is why this sector remains neglected. He urged BASIS to facilitate the guidelines for using technology in insurance services and also highlighted the need to change the public's perception of insurance."

BASIS President Mr. Russell T. Ahmed mentioned, "In building Smart Bangladesh, InsurTech will play a crucial role in two key areas: Smart Citizens and Smart Society, and IT is essential in all sectors. To make Bangladesh smart, IT must work as the nucleus in every aspect, and in the insurance sector, IT should be utilized as a nucleus. People in Bangladesh still have very little trust in insurance, so insurance companies need to create public awareness. Young generations should show interest in InsurTech and bring new insurance services. Additionally, the collaboration between IT and insurance organizations can bring significant changes to the insurance sector." He urged IT and insurance organizations to work together and address what kind of insurance is needed, what kind of technology is required, and how to encourage young generations to get involved in InsurTech. He emphasized that InsurTech could significantly enhance the contribution of insurance to GDP. It's worth noting that the Insurance Development and Regulatory Authority (IDRA) released regulatory sandbox guidelines to incorporate technology into insurance services. The "Insurance Development and Regulatory Authority Regulatory Sandbox Guidelines, 2023" is expected to bring rapid progress to the insurance sector in Bangladesh, enabling insurance companies to provide prompt technical support for insurance policyholders. In conclusion, InsurTech is expected to bring transformative growth to the insurance sector while fostering economic development of our country.

MoU with Lab Science Diagnostics

On September 20, 2023, BASIS signed a MoU with Lab Science Diagnostics at BASIS BoardRoom. Lab Science Diagnostics is a laboratory with a team of skilled professionals, including pathologists, medical technologists, and laboratory technicians, working collaboratively to ensure patients receive timely and accurate test results. The lab utilizes advanced technology and methodologies to diagnose and analyze various critical medical conditions.

Under the terms of this collaboration, Lab Science Diagnostics will offer the following discounts and benefits to BASIS Member Companies and their employees, as well as their legal dependents (Spouse, Children, Father, First Blood): 40% discount on pathology/lab tests, 30% discount on radiology and other diagnostic tests (including X-Rays, USG, ECG, ECHO, ETT, Endoscopy, Colonoscopy, etc.), 5%-7% discount on medicines, Free primary doctor consultation and report. To avail of these discounts, patients need to provide proof of their affiliation with BASIS, such as a soft copy or hard copy of the Employee ID Card or membership certificate. The MoU was signed by Mr. Hashim Ahmed, Secretary, BASIS, and Mr. Abu Hena Md. Masud Rana, Head of Marketing & Sales, Lab Science Diagnostics, on behalf of their respective organizations. The signing event was attended by Ms. Chowdhury Fatima Rokon Tuli, Head of Services, BASIS, Mr. S.M. Zakaria Islam, Executive, Membership, BASIS, and Mr. Md. Anas Khondokar, Executive, HR & Admin representing Lab Science Diagnostics, among others.

Workshop on Finance Act 2023

On September 16, 2023, BASIS organized a workshop focused on the Finance Act 2023 in collaboration with KMS & Associates, a management consulting firm and provider of audit, tax, financial consulting services. This event aimed to educate and empower software and IT service providers by deepening their understanding of fiscal policies, which have a significant impact on their business operations, financial planning, and overall growth. The workshop covered key topics such as updated tax rates, deductions, exemptions, a comparative analysis of legislative changes, and discussions on tax planning and compliance to manage tax risks in business operations.

Around 40 leading software companies actively participated in this informative session to enhance their comprehension of changes in tax laws and financial regulations. The workshop was led by Mr. Md. Sadek Sikder, Founder & Managing Partner of KMS, Mr. Md. Kishlur Rahman, FCA, FCMA, Senior Consultant at KMS & Group Financial Controller, and Mr. Sarder Md. Abu Helal, Deputy Commissioner of Taxes at NBR.

Meeting with TMGB

On September 23, 2023, Technology Media Guild Bangladesh (TMGB) executive committee for the year 2023-24 met with BASIS President Mr. Russell T. Ahmed. The TMGB delegation included Mr. Mohammad Kaosar Uddin, President of TMGB, Mr. Mursalin Haq Junayed, Vice President, Mr. Kumar Bishwajit Roy, Vice President, Mr. Rishad Hasan, Vice President, Mr. Moidul Islam, Vice President, and Mr. Golam Dastagir Touhid, Organizational Editor. During the meeting, Mr. Russell T. Ahmed expressed BASIS's commitment to collaborating with TMGB to provide seminars and training on various technology-related topics to enhance the skills of journalists in the ICT sector.

Mentors Panel Meet 2023
NASA Space Apps Challenge Bangladesh 2023

On September 21, 2023, the esteemed Mentors Panel for the 2023 NASA Space Apps Challenge in Bangladesh met at BASIS. During the meet, the mentors were involved in the primary shortlisting of projects that would be featured at the Independent University, Bangladesh, Bashundhara, Dhaka, from October 6 to 7, 2023, in a 36-hour continuous hackathon both in-person and virtually. This national hackathon marked the 10th successful edition of the NASA Space Apps Challenge in Bangladesh, organized by BASIS in collaboration with the BASIS Students Forum. The mentors played a crucial role in nurturing and supporting the selected projects by providing guidance and resources to help innovative projects to thrive on the global stage through official slack channels and in-person support during the national hackathon. Their commitment was to inspire innovation and raise the flag of Bangladesh high on the global stage along with the participants.

Seminar on "Strengthening Cybersecurity: Safeguarding Your Digital World"

On September 21, 2023, BASIS Standing Committee on Digital Security organized a timely and crucial seminar titled "Strengthening Cybersecurity: Safeguarding Your Digital World." Chaired by the esteemed Mr. Lutfur Rahman, the event welcomed Mr. Nizam Mahmood, a renowned expert in the field of cybersecurity, as its distinguished speaker. Nearly 50 representatives from various member companies of BASIS actively participated in the seminar, reflecting the growing awareness and concern regarding cybersecurity threats in Bangladesh. Recent incidents, both local and international, serve as stark reminders of the potential devastation cyberattacks can inflict on businesses and individuals alike. Recognizing this critical juncture, the seminar aimed to equip attendees with the knowledge and tools necessary to fortify their digital defenses. Mr. Mahmood, leveraging his extensive experience and expertise, explained the diverse tactics employed by malicious actors, ranging from phishing scams and malware attacks to sophisticated social engineering techniques. This comprehensive understanding of the enemy, as it were, empowered participants to identify vulnerabilities within their own digital ecosystems and implement effective countermeasures. The seminar also went beyond theoretical discussions, offering practical and implementable solutions. Mr. Mahmood emphasized the importance of fundamental practices like robust password management, secure browsing habits, and data encryption. He encouraged attendees to adopt a vigilant approach, highlighting the crucial role of staying updated on the latest cyber threats and adapting defensive strategies accordingly.

October

Opening Ceremony
NASA Space Apps Challenge Bangladesh 2023

On October 6, 2023, the opening ceremony of the NASA Space Apps Challenge Bangladesh 2023 was held, marking the commencement of a 36-hour hackathon held at IUB. BASIS has successfully organized this event in Bangladesh for nine consecutive years. The sponsors for this year's event included XLB C-Level Consulting, Brain Station 23, and CodeCrafters International Limited, while IUB supported as the venue partner. During the ceremony, Mr. Md Shamsul Arefin, Secretary, ICT Division, graced the occasion as the Chief Guest. The event was also attended by Mr. Russell T. Ahmed, President, BASIS, as well as Mr. Tanvir Hossain Khan, who served as the Convener of the event and Director, BASIS. Additionally, Local Advisors for NASA Space Apps Challenge Bangladesh, Mr. Mohammad Mahdee Uz Zaman and Mr. Ariful Hasan Opu, were in attendance. From BASIS Secretariat, organizing committee members, Mr. Toufiq Elahi Plabon, Assistant Manager, Events & Communication, BASIS, Mr. Md. Rafiul Islam, Assistant Manager, Content & Communications, BASIS and Mr. Anowar Parvez Rabbi, Executive, Creative & Design, attended.

National Hackathon
NASA Space Apps Challenge Bangladesh 2023

On October 6, 2023, NASA Space Apps Challenge Bangladesh 2023 hackathon, commenced at the Independent University of Bangladesh (IUB), initiating a rigorous 36-hour hackathon. This event is part of the NASA International Space Apps Challenge, organized by the Earth Science Division within NASA's Science Mission Directorate at their headquarters in Washington, D.C., and solidified its position as the largest global annual hackathon of its kind. Since its launch in 2012, this international event brings together highly skilled individuals from all over the world to address real-world problems using NASA's extensive dataset, and has attracted over 220,000 participants from over 185 countries.

Closing Ceremony
NASA Space Apps Challenge Bangladesh 2023

On October 7, 2023, The closing ceremony of the NASA Space Apps Challenge Bangladesh 2023 was held at the Independent University of Bangladesh (IUB) auditorium. During the closing ceremony, awards were presented, including recognition for 27 Bangladesh nomination projects, as well as honors for the Mentorship Panel 2023, Judging Panel 2023, among others. Minister of Education Dr. Dipu Moni graced the event as the Chief Guest, while Professor Tanweer Hasan, the Vice-Chancellor of IUB, attended as a Special Guest, and Mr. James S. Gardner, Officer of Economic, Science, and Technology at the U.S. Embassy in Dhaka, attended as the Guest of Honor. This successful conclusion of the challenge represents Bangladesh's fourth victory mission in its journey toward global championship.

BASIS in GITEX Global 2023

GITEX Global 2023, an event focused on expanding business in the IT sector, is being held in the UAE from October 16 to 20, 2023. Five member companies from BASIS have joined as exhibitors in this exhibition in collaboration with the Export Promotion Bureau (EPB). This year, the 43rd edition of this exhibition was held at two prominent venues – the Dubai World Trade Center and Dubai Harbour to explore a wide range of technological solutions, including artificial intelligence, cybersecurity, mobility, sustainable tech, and more. With participation from over 6,000 renowned IT companies representing more than 170 countries, this fair stands as one of the largest information technology and startup-focused events in the world.

BASIS member companies, including Advanced Software Development, ASTGD, Bdtask Limited, Ethics Advance Technology Ltd., and Sazim Tech Ltd., actively participated in the exhibition and generated a substantial amount of leads. They have also engaged in various conferences, seminars, workshops, and B2B meetings to expand their business opportunities with different countries. The primary goal of organizing this fair is to bring together the world's most innovative enterprises to advance business, economy, society, and culture.

BASIS Observed "Sheikh Russell Day 2023"

On October 21, 2023, BASIS observed "Sheikh Russell Day", the 60th birthday of Shaheed Sheikh Russel, the youngest son of the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman, with due reverence and respect through a "Doa Mahfil" at the BASIS Auditorium. In 2021, the Cabinet Division designated October 18 as "Sheikh Russell Day" under the category "Ka." To mark this day, various government bodies, the ruling Awami League, its affiliated organizations, and numerous socio-cultural groups observed a range of programs at both national and international levels. Bangladesh missions abroad also commemorated the day, and different television channels aired special programs to highlight its significance. In honor of Sheikh Russell Day 2023, BASIS organized this Doa Mahfil and an animated documentary exhibition focused on Sheikh Russell being exhibited. During the event, Mr. AKM Ahmadul Islam Babu, Director at BASIS, and Mr. Iqbal Ahmed Fakhrul Hasan Russell, a BASIS Advisory Standing Committee Member and Managing Director of Divine IT, delivered brief speeches.

BSEC Roadshow in Berlin
Bangladesh Trade & Investment Summit 2023

On October 30, 2023, a panel discussion program titled "Bangladesh - Germany collaboration in the making of Smart Bangladesh" was held at InterContinental Berlin, Germany. This event brought together an expert group of panelists from both Germany and Bangladesh to this engaging dialogue. As the moderator, Mr. Russell T. Ahmed, President, BASIS, guided the panel discussion, focusing on vital collaboration and investment in sectors like Technology, Agriculture, Ready-Made Garments, Tourism, Automotive, and the development of Smart Homes and Cities. This event successfully set the stage for potential present and future collaborations that have the potential to substantially boost industry growth, further reinforcing the Bengal Tiger's standing on the global economic stage. Organized by Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Investment Development Authority (BIDA), in close partnership with the Embassy of the People's Republic of Bangladesh in Germany, this discussion symbolized a significant stride forward in the cultivation of robust bilateral economic partnerships through IT investments.

BSEC Roadshow in Paris
Bangladesh Trade & Investment Summit 2023

On October 23, 2023, a meeting was held in Paris, France, with a specific focus on the vital dimensions of the ICT industry in Bangladesh. The meeting aimed to position Bangladesh as the forthcoming ICT hub, fostering collaborations with both private and public sectors. As part of the event, an engaging session entitled "Towards Smart Bangladesh – smart technologies and SMEs" was conducted, with the moderation of BASIS President, Mr. Russell T. Ahmed. This session provided valuable insights and potential impact on fostering collaborative growth between Bangladesh and its European counterparts, with a particular emphasis on strengthening ties with France. Distinguished participants included a delegation team from Europe, as well as key representatives from BASIS, such as Mr. Russell T. Ahmed, President; Ms. Samira Zuberi Himika, Senior Vice President; Mr. Abu Daud Khan, Vice President (Administration); and Mr. Tanvir Hossain Khan, Director. Organized by the Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Investment Development Authority (BIDA), in close partnership with the Embassy of the People's Republic of Bangladesh in France. This event has effectively laid the foundation for potential partnerships that have the potential to make substantial contributions to the enhancement of our ICT industry capacity, reaffirming the growing prominence of the Bengal Tiger in the global economic arena. The conversations also carried substantial potential for advancing the trade and investment relations between Bangladesh and France, maintaining a strong bilateral economic alliance.

MoU with Motor Sheba Ltd.

On October 17, 2023, BASIS signed a MoU with Motor Sheba Limited, a reputable and trusted marketplace for car owners and auto enthusiasts nationwide. The signing ceremony was held at BASIS BoardRoom. Motor Sheba Limited offerings range from performance-enhancing components to interior upgrades and safety gear. In addition to their commitment to providing user-friendly platforms for an enhanced customer experience, Motor Sheba Limited rigorously screens and selects vendors and service experts to ensure top-quality service.

Workshop on Income Tax and VAT

On October 22, 2023, to recognize the frequent challenges that many of BASIS members face regarding Tax, VAT compliance, as well as Customs, RJSC, and BIDA regulations, BASIS organized an expert consultation session on Income Tax, VAT, Accounting, Tax Exemption, and Secretarial Services at BASIS Auditorium. The primary objective of this intensive seminar was to equip member organizations with a better understanding

of tax laws, regulations, and their implications. This knowledge is vital for precise financial management, specially for the members who obtained BASIS membership status recently, and also new to the industry.

November

Courtesy Meeting with U.S. Embassy

On November 21, 2023, delegation from the U.S. Embassy in Dhaka, including Mr. John Fay, Commercial Counselor, and Mr. Abir Barua, Commercial Specialist, visited BASIS for discussions on bilateral opportunities in the ICT business sector. The meeting, presided over by Mr. Russell T Ahmed, President, BASIS, which was also attended by Mr. Abu Daud Khan, Vice President (Admin), Mr. Syed Mohammad Kamal, Director, BASIS, and Ms. Farah Jabin Ahmed, Assistant Manager, Stakeholder Relations, BASIS. The focal point of the discussions was the exploration of collaborative agreements aimed at facilitating participation in U.S. events. Members affiliated with BASIS America Desk would actively lead these initiatives, with a strategic emphasis on cultivating potential investments. This marks a substantial step towards fostering mutual growth and strengthening economic ties between the United States and Bangladesh. The U.S. Embassy's keen interest lies in cultivating robust collaboration between small IT enterprises in the United States and Bangladesh's dynamic ICT industry. Recognizing the mutual growth potential, this initiative is poised to create a platform for meaningful engagement, partnership building, and knowledge exchange between the two nations. Through such strategic collaborations, both countries seek to utilize the unique strengths of their respective IT sectors, fostering innovation and contributing sustainably to the global technology domain.

Meeting with KOTRA

On November 16, 2023, Mr. Sam Soo Kim, Director General, KOTRA, paid a visit to BASIS. Mr. Abu Daud Khan, Vice President (Admin), Mr. AKM Ahmedul Islam BABU, Director, Mr. Syed Mohammad Kamal, Director, Mr. Hashim Ahmed, Secretary, Mr. Enamul Hafiz Latifee, Joint Secretary (Research Fellow), and Ms. Farah Jabin Ahmed, Asst. Manager, Stakeholder Relations, attended the meeting representing BASIS.

The focal point of the discussions revolved around the burgeoning ITES outsourcing opportunities. The discussion highlighted the strong interest from notable Korean companies in procuring IT-enabled services from Bangladesh. Mr. Kim provided valuable insights into the changing trends of the IT industry and the specific potential inherent in a collaborative framework between the two nations. In response, BASIS presented a proposal that outlined the envisioned collaboration between Bangladesh and Korea. The emphasis was on establishing a strategic partnership geared towards unlocking future opportunities.

B-MEET 4ᵗʰ Batch Graduation Ceremony

On November 7, 2023, the closing ceremony of "B-MEET for Professionals" was held at BASIS Auditorium. B-MEET, a collaborative effort involving JICA, Miyazaki University of Japan, and BASIS with BASIS Japan Desk, conducted an extensive month-long training program focusing on Japanese language, culture, and business skills for BASIS members. During the ceremony, Mr. AKM Ahmedul Islam BABU, Director, BASIS and Chairman, BASIS Japan Desk, presented certificates to the 15 participants who successfully completed the training. In his address, he expressed optimism about the impact of the training, anticipating that it would enhance the participants' ability to effectively engage and collaborate with Japan in business ventures. Notably, attendees from previous batches shared their valuable experiences and insights into the Japanese market. The event was attended by representatives from the University of Miyazaki in Japan, including Mr. Yasunori YANO, Sub-Project Manager, B-MEET. Special Guests included Ms. Sina Yamamoto and Ms. Moushumi Biswas, both Japanese language instructors of B-MEET, along with Mr. Md Sazzadur Rahman Shawon, Training Administrator, B-MEET, and Ms. Tanjin Prity from the BASIS Secretariat were also present from their respective organizations for coordinating the ceremony.

Bangladesh Creates History in NASA Space Apps Challenge 2023

Bangladesh achieves unprecedented success in NASA Space Apps Challenge 2023 as three teams together—Team Titans, Team Voyagers, and Horizon BD—become Global Finalists for the first time in a single year. This unprecedented achievement marks a national record in this world's largest annual hackathon. BASIS in collaboration with BASIS Students' Forum (BSF) organized this local event for the 9th consecutive time this year. Among 587 Global Nominees, these projects showcased unparalleled innovation and stood out as exemplars of Bangladesh's emerging talent in the field of space exploration. Adding to the glory, two Bangladeshi projects—Team Robust and Team Alpha—earned special recognition as Global Finalists Honorable Mentions, securing spots among the top 62 projects globally selected as Global Finalists Honorable Mentions. The journey continues as Team Titans, Team Voyagers, and Horizon BD prepare for the final phase of the competition. The global community eagerly anticipates the announcement of the Global Winners in January 2024. The entire nation holds high hopes for these teams, envisioning a triumphant three-year streak and a fourth Global Winners victory in total.

BASIS-BCC-JICA TopSE

On November 25, 2023, a meeting was held at BASIS to discuss the "Project for ICT Engineers Development for the Promotion of the ICT Industry and New Innovations (JICA-BCC-BASIS TCP: Technical Cooperation Project)." The meeting, presided over by Mr. Russell T Ahmed, President, BASIS, brought together key stakeholders, including Mr. AKM Ahmedul Islam BABU, Director, BASIS & Chairman, BASIS Japan Desk, Mr. Akihito Shoji, JICA Expert, JICA Bangladesh, Engr. Md. Golam Sarwar, Director (Training & Development), Bangladesh Computer Council (BCC), along with several senior members from BASIS and BASIS Japan Desk. Moreover, this collaborative project, spanning 42 months, is dedicated to advancing the ICT industry in Bangladesh by establishing a sustainable framework for practical human resource development. The initiative involves a comprehensive approach, including the identification of essential engineering skills in collaboration with industry experts, government bodies, and academia. Furthermore, the project aims to design and implement targeted training courses in collaboration with private companies and universities. As part of its broader strategy, the project includes the piloting of subject lectures at selected universities, underscoring the pivotal role of higher education institutes in shaping and contributing to the human resource development of the ICT sector. This coordination meeting was moderated by AKM Ahmedul Islam BABU, Director, BASIS.

MoU with Green Life Hospital Limited

On November 1, 2023, BASIS signed a MoU with Green Life Hospital Ltd, a renowned international-standard multi-disciplinary hospital known for its clinical excellence and leading contributions to private healthcare services in Bangladesh. Equipped with state-of-the-art medical, surgical, diagnostic, and blood transfusion facilities, the hospital offers comprehensive healthcare services delivered by experienced medical experts, qualified nurses, and technicians using cutting-edge technology. It maintains the necessary certifications from healthcare authorities and adheres to the highest quality and safety standards. BASIS members can now avail these discounts by presenting their Employee/Member ID card or membership certificate for identification. As part of this collaboration, Green Life Hospital Ltd will extend the following benefits to BASIS employees and representatives of member organizations:

> 20% discount on all pathological investigations (blood, urine, sputum, etc.)
> 20% discount on radiology and imaging services (X-ray, CT-Scan, MRI, endoscopy, ECHO, ECG, ETT, etc.)
> 5% discount on hospital bed rent for admitted patients.

The MoU was signed by Mr. Hashim Ahmed, Secretary, BASIS, and Dr. Md. Mainul Ahasan, Managing Director, Green Life Hospital Ltd, representing their respective organizations. The signing ceremony was attended by Mr. Md. Shahjalal, Chairman of the Standing Committee on Member Services & Welfare, BASIS, Ms. Chowdhury Fatima Rokon Tuli, Head of Service, BASIS, Mr. S.M. Zakaria Islam, Executive, Membership, BASIS, and Ms. Nurun Nahar, Manager at Green Life Hospital Ltd, among others.

December

MoU with Prime Bank Investment Ltd.

On December 05, 2023, BASIS signed a MoU with Prime Bank Investment Limited (PBIL) in a meeting held at BASIS Boardroom. PBIL is a fully-owned subsidiary of Prime Bank Limited, operates as a comprehensive investment bank, catering to a diverse clientele comprising corporations, governments, and other entities. The bank offers a wide spectrum of financial services, including Equity Capital-related services, Debt Capital-related services, Corporate Advisory, Portfolio Management services, and Fund-Raising for various client groups. In its capacity as a distinguished merchant banker, PBIL commits to providing BASIS member companies and their employees with comprehensive 360-degree investment banking solutions. These solutions encompass a range of services such as Initial Public Offerings (IPO), Repeat Public Offerings (RPO), fixed income securities, foreign loans, mergers and acquisitions advisory, foreign direct investment, and capital restructuring (FDI) advisory. Additionally, PBIL pledged to conduct a Complimentary Preliminary Assessment of the Financial Strength and Corporate Governance Status of BASIS member companies. Furthermore, the investment bank will facilitate a Preferential Fee structure for Portfolio Management services extended to the esteemed member companies affiliated with BASIS. This collaboration is poised to strengthen the financial capabilities and strategic positioning of BASIS members through tailored and professional investment banking support provided by PBIL.

B-MEET 5th Batch Graduation Ceremony

On December 5, 2023, the closing ceremony for the fifth batch of "B-MEET for Professionals" was held at BASIS Auditorium. B-MEET, a collaborative initiative involving JICA, Miyazaki University of Japan, and BASIS with BASIS Japan Desk, presents an extensive month-long training program focusing on Japanese language, culture, and business acumen for BASIS members.

During the ceremony, Mr. AKM Ahmedul Islam BABU, Director, BASIS and Chairman, BASIS Japan Desk, distributed certificates to the ten participants who successfully completed the training. In his address, he expressed optimism about the positive impact of the program reflecting on its nearly one-year journey since inception that it would enhance the participants' capabilities to effectively engage and collaborate with Japan in various business ventures. The gathering also included individuals from previous cohorts, who contributed by sharing their valuable experiences and insights into the Japanese market. Representatives from the University of Miyazaki in Japan, including Yasunori YANO, Sub-Project Manager, B-MEET, were present at the ceremony. Special guests for the occasion included Sina Yamamoto and Moushumi Biswas, both Japanese language instructors associated with B-MEET. Md Md. Sazzadur Rahman Shawon, Training Administrator for B-MEET, was also in attendance.

Seminar on "State of Gaming and Metaverse Industry in Bangladesh"

On December 5, 2023, BASIS Standing Committee on Games, XR, and NFT in collaboration with the Career Club of Bangladesh University of Engineering and Technology (BUET) organized a series seminar titled "State of Gaming and Metaverse Industry in Bangladesh" at BUET Conference Room. The event aimed to address the demands and challenges in the local and global markets for Games, XR, and NFT. Given the limited expertise in these fields in Bangladesh compared to the global market demand, it was emphasized that overcoming various challenges would be crucial for Bangladesh to stay competitive in the international market. The seminar provided detailed insights into these challenges and the measures needed to address them for becoming the next technology leaders of Bangladesh. The event served as a platform to enhance the understanding of BUET students regarding the dynamics of the gaming and metaverse industry in Bangladesh.

Courtesy Visit of JETRO Research & Analysis Team

On December 12, 2023, Ms. Kaoru Terashima, representing the Japan External Trade Organization (JETRO) Research & Analysis Department, paid a visit to BASIS to discuss the current Information and Communication Technology (ICT) ecosystem of Bangladesh. The purpose of the meeting was to create a mutual interest and pave the way for enhanced collaboration between BASIS and JETRO.

Mr. AKM Ahmedul Islam BABU, Director, BASIS, and Chairman, BASIS Japan Desk, presided over the meeting and shared valuable insights into the initiatives undertaken by BASIS Japan Desk. The discussion also explored innovative strategies aimed at creating new opportunities for businesses in both Bangladesh and Japan. The meeting brought together key participants from both organizations, including Ms. Israt Jahan, Assistant Manager, JETRO, Ms. Farah Jabin Ahmed, Assistant Manager, Stakeholder Relations, BASIS, and Ms. Sabikun Nahar Sumi, Research Assistant, BASIS.

BASIS Institute of Technology and Management Limited (BITM)

&

BASIS-SEIP Tranche-3

BASIS Institute of Technology and Management Limited

Founded with the goal of bridging the HR skill gap in the industry, BASIS launched its training initiatives in 2007. This initiative proved a resounding success that in 2012, with the support of the World Bank, BASIS institutionalized its efforts by establishing BASIS Institute of Technology & Management Limited (BITM). BITM's vision is to become a world-class IT institute by producing highly skilled certified IT professionals and companies capable of driving Bangladesh's IT sector to new heights of competitiveness. BITM addresses the critical demand for skilled human resources by providing industry-relevant certification training through a comprehensive suite of over 919 programs. These programs are delivered by more than 397 expert trainers and are supported through collaborations with over 73 client organizations. To date, BITM has produced over 55,000 graduates in pursuit of bridging the gap between academic curricula and real-world industry requirements. In its pursuit to offer an immersive learning environment, BITM features 12 state-of-the-art Training Labs, each designed to accommodate 30 individuals. These labs are equipped with individual PCs, multimedia projectors, and high-speed internet access to ensure a conducive learning atmosphere. BITM prioritizes a smooth and secure learning experience. A dedicated server room ensures program operation runs flawlessly, while 24/7 CCTV surveillance guarantees a safe learning environment. Additionally, the facility includes a fully-equipped conference room and auditorium for larger gatherings and presentations, underscoring BITM's capability to host and manage large-scale educational programs. The course materials of BITM are carefully curated and periodically reviewed by industry experts and practitioners to ensure students acquire the latest skills and knowledge sought after by the job market. BASIS has established a dedicated course content and review team that regularly updates the curriculum based on new technology and trends as well as market demand. The pool of trainers at BITM comprises professionals with a minimum of three years of industry work experience. The competitive selection process for trainers emphasizes in-depth practical experience in relevant fields for the highest quality of instruction. BITM is also actively collaborating with the government and academia on the ambitious goal of creating 1 million ICT jobs within the next five years.

Previous Activities of BITM

- Since 2012, BITM has offered a wide range of IT training programs, including Web Application Development, Web Design, Digital Marketing, Network Security, Mobile App Development, Management Skills, Software Architecture, Software Testing, as well as programs in Cybersecurity, Data Science, and Internet of Things (IoT), among many others.

- In 2013, the Ministry of Labour and Human Resources of the Kingdom of Bhutan extended an invitation to BITM to conduct a two-day workshop in Bhutan. A delegation comprising four BITM members visited the country and successfully led the workshop, which was attended by over 200 participants.

- In 2014 and 2015, BITM contributed to two key initiatives, including the Fast Track Future Leader (FTFL) Project, under the Leveraging ICT for Growth, Employment, and Governance (LICT) project by Bangladesh Computer Council (BCC) within Ministry of Posts, Telecommunications, and IT. This particular program successfully engaged 150 participants.

- Another was the Mid-Level Management Training program, supported by the Bangladesh Hi-Tech Park Authority and the World Bank. The program attracted over 250 participants.

- BITM successfully completed the first phase of the BASIS-SEIP Project. Under this project it has provided training to 30,000 trainees.

- BASIS-SEIP successfully completed a new project where 7,450 trainees received training.

In recognition of the evolving industry needs, BITM launched its Mid-Level Training Program in January 2022. This initiative, held in collaboration with renowned industry experts, equips professionals with the latest skills and knowledge. Initially delivered online due to the pandemic, the program now offers both online and in-person training options for greater flexibility.

BITM Activities in 2023

Throughout 2023, BITM implemented a series of strategic initiatives that broadened its training scope, strengthened its reputation for excellence, and empowered aspiring IT professionals. The year marked by BITM's accreditation by the National Skill Development Authority (NSDA), affirming its standards and contributions to the national skill development agenda.

Recognition of BITM's excellence in training was further solidified by receiving the Best Training Institute Award from the Skills for Employment Investment Program (SEIP). BITM expanded its horizons through strategic MoUs with esteemed academic institutions for launching Post Graduate Diplomas in emerging IT fields, emphasizing practical skills to better prepare graduates for the job market. Expanding its network, BITM signed MoUs with diverse new training partners, enriching its training portfolio and quality. Adding to its achievements, BITM introduced industrial attachment courses for polytechnic students and launched a freelancing and entrepreneurship development course in collaboration with the Bangladesh Academy for Rural Development (BARD). Overall, BITM's initiatives in 2023 exemplify its dedication to enhancing ICT skills, fostering industry-academia partnerships, and contributing to the sector's dynamic growth.

MoU with HRDI, DIU

On October 15, 2023, BITM partnered with Human Resource Development Institute (HRDI) of Daffodil International University (DIU) through a Memorandum of Understanding (MoU) to launch Post Graduate Diploma (PGD) programs. This collaboration introduced several PGD programs, each spanning 6 months and encompassing 18 credits, with a focus on practical, hands-on learning. The agreement was officially signed by Mr. Tanvir Hossain Khan, Director of BASIS-BITM, and Mr. Mohammad Nadir bin Ali, Registrar of DIU. During the ceremony, Mr. Tanvir Hossain Khan emphasized the long-standing collaborative efforts between BASIS and BITM with the academic sector. Furthermore, Mr. Mohammad Nadir bin Ali expressed enthusiasm about the collaboration, anticipating its success and positive reception. The initial programs will focus on Cyber Security and Security Management, and Data Management and Data Analysis, with plans to expand into more subjects.

MoU with PUC

On October 15, 2023, at Premier University, Chattogram, BITM and Premier University Chattogram (PUC) signed a pivotal Memorandum of Understanding (MoU). This agreement, signed by Ms. Samira Zuberi Himika, Senior Vice President of BASIS & Director of BITM, and Mr. Khurshidur Rahman, Registrar of PUC, on behalf of their respective organizations.

Distinguished attendees from both organizations underscored the importance of this partnership to produce skilled IT resources. This MoU marks the commencement of three specialized Post Graduate Diploma programs in Human Resource Management (PGDHRM), Information Technology (PGDIT), and Web Development (PGDWD), strategically crafted to cultivate highly skilled ICT professionals equipped for the evolving job market. This collaborative endeavor between BITM and PUC underscores their united commitment to fostering growth and innovation within the ICT sector, aiming to achieve the ambitious target of producing 1 million skilled ICT professionals over the next five years.

MoU with AIBA

On November 21, 2023, BASIS Institute of Technology & Management Limited (BITM) and the Army Institute of Business Administration (AIBA), Savar, entered into a strategic partnership by signing a Memorandum of Understanding (MoU) in the auditorium of AIBA. This collaboration marks a concerted effort to leverage the strengths of both institutions to enhance the quality and reach of professional education within the country.

As part of the agreement, BITM and AIBA are set to launch two specialized Post Graduate Diploma programs: in Human Resource Management (PGDHRM) and in Data Analysis & Data Management (PGDDADM). The initiative is driven by a mutual commitment to nurturing skilled professionals who can contribute significantly to the industry's growth and innovation. Through these newly introduced programs, BITM and AIBA aim to create a pool of highly skilled professionals ready to meet the challenges of the industry and drive forward the nation's economic development.

MoU with New Training Collaborators

On May 20, 2023, an agreement signing ceremony was held at the BASIS Auditorium, where BASIS-BITM (BASIS Institute of Technology & Management) collaborated with a group of esteemed new training partners to collectively enhance the ICT skill development trends within the industry. The ceremony marked the induction of nine new collaborative training members and included representatives from seven existing BASIS member organizations. The new collaborative training partners, are as follows: Shikhbe Shobai IT Limited, Tactsoft Limited, Opedia Technologies Limited, One Sky Communications Limited, European IT Solutions Bangladesh, SR Institute of Software Technology, PMaspire Limited, New Trizons IT, and Samaira Skill Development Institute-SSDI. Collaborations with diverse companies allow BITM to offer a wider range of specialized training courses, catering to specific industry needs. This benefits both trainees by providing them with a wider range of career options and companies by creating a pool of graduates with targeted skill sets.

Career Counseling on Job Opportunities & Challenges

On June 18, 2023, a special seminar on career counseling themed "Job Opportunities and Challenges for Graduates in the IT Sector" was hosted at United International University (UIU).

The event brought together distinguished figures, including UIU's Vice Chancellor Prof. Dr. Md. Abul Kashem Mia, the Head of the CSE Department Prof. Dr. Mohammad Nurul Huda, Mr. Tanvir Hossain Khan from Dreamerz Lab Ltd. & Director at BASIS, along with BITM Training Coordinator Ms. Khaleda Begum, among others. This seminar provided a comprehensive platform for discussing the dynamic landscape of the IT sector, focusing on the multitude of job opportunities available, as well as the challenges faced by graduates. The discourse aimed at equipping aspiring IT professionals with the necessary mindset and strategies to navigate their careers successfully in this rapidly evolving sector. Participants were encouraged to adopt a forward-thinking approach to career planning, emphasizing the importance of staying adaptable and continuously enhancing their skills to thrive in the competitive IT industry.

Collaboration with BARD, Cumilla

The "Freelancing & Entrepreneur Development" training program conducted in collaboration with Bangladesh Academy for Rural Development (BARD) empowered young people in Cumilla with the skills necessary to thrive in the freelancing economy. Further, BITM and BARD engaged in constructive dialogue to design future course modules that align with the evolving needs of the job market.

BITM Received NSDA Accreditation

BITM has proudly received accreditation from the National Skill Development Authority (NSDA), signifying a key endorsement of BITM's role as a leading training institution in skill development. This recognition underlines BITM's commitment to upholding high training standards and aligns with the NSDA's mission to cultivate a skilled workforce capable of meeting the challenges of the global job market.

As a recognized institution, BITM is set to enhance its educational offerings, focusing on sectors critical to economic advancement such as IT, cybersecurity, and data analytics. This partnership aims to address the skills gap in the workforce, directly contributing to reducing unemployment and driving economic growth in line with Bangladesh's development goals. Collaborating with NSDA, BITM will leverage cutting-edge training methodologies and industry linkages to ensure that learners not only gain relevant skills but also enhance their employability. This initiative marks a significant step towards realizing the vision of a Smart Bangladesh by fostering a competent, innovative, and adaptable workforce.

"SEIP Luminaire Training Institute Award" from Ministry of Finance

BASIS Institute of Technology and Management (BITM) was honored with the "SEIP Luminaire Training Institute Award" by the Skills for   Employment Investment Program (SEIP), under the Ministry of Finance in 2023. This recognition is part of the government's ambitious initiative to cultivate a skilled workforce in support of the Smart Bangladesh vision. Launched in 2014, the SEIP, funded by the Asian Development Bank (ADB), aims to enhance the employability of approximately 800,000 individuals, targeting unemployed youth, women, minorities, and the underprivileged, through comprehensive training programs. The accolade was awarded during a prestigious ceremony at a city hotel, highlighting the program's success as it approaches its culmination. BITM's unwavering commitment to excellence in ICT training was celebrated, underscoring its significant role in equipping professionals with critical skills for the IT sector, thereby contributing to the nation's development goals.

BITM Training Program in 2023

In 2023, the BITM Training Program conducted a total of ten programs across twenty-five batches, both online and offline, successfully educating 332 students. Presently, there are 7 ongoing batches with 105 students enrolled.

Course Name	Batches	Trainee Number
Certified Training on Web Design & Development Using Laravel & Vue	4	61
Certified Training on Data Science and Machine Learning using Python	3	41
Certificate course on Software Testing and Quality Assurance	3	43
Online Training on Graphic Design for Freelancing	3	24
Online Course on Mastering Flutter for Mobile apps (IOS and Android)	2	20
Online Course on Cloud Journey with AWS Beginner to Advance Level	2	29
Training on Cisco Certified Network Associate (CCNA)	3	39
Certificate Course on Graphic and Web UI Design	2	17
Certified Training on Advanced E-commerce Project Development	2	50
Certified Training on Professional IT Support (Technical)	1	8
Total	**25**	**332**

Industrial Attachment in 2023

The Industrial Attachment Program has witnessed the successful completion of 3 batches, involving 73 students across various specializations.

Course Name	Batches	Participants
Software & App Development	1	17
Web Development with PHP & Laravel	1	28
Cisco Certified Network Associate (CCNA)	1	28
Total	**3**	**73**

PGD Program in 2023

Under the collaboration program of UIU and BITM, total 6 batches have successfully completed with a total of 103 trainees. As of now, the program is continuing its momentum with 2 active batches consisting of 47 students.

Course Name	Batches	Trainee
Post Graduate Diploma in Supply Chain Management	2	30
Post Graduate Diploma in Data Science	2	52
Post Graduate Diploma in Graphics Design	1	10
Post Graduate Diploma in Digital Marketing	1	11
Total	**6**	**103**

Overview of BITM's Collaborative Training Program

Since September 2016, BITM, in collaboration with some selected BASIS member companies, has been offering regular training programs. As of now, BASIS has enlisted 60 member companies for collaborative training.

This collaborative relationship has two definite purposes:

To spread out ITM quality training through BASIS members.
Strengthen the process of HR development for the IT industry.

Selected companies involved in specific courses retain 70% of the revenue generated upon the successful completion of the training, with BITM receiving the remaining 30%. Under the collaborative training program of BITM, a total of 5 member companies have successfully trained 130 trainees in 16 training batches.

In 2023 alone, a total of 638 trainees have successfully completed a variety of training programs offered by BITM, including regular courses, Postgraduate Diploma (PGD) programs, and collaborative training initiatives.

Sl. No.	Company Name	Batches	Participants
1	PeopleNTech Ltd	6	41
2	Us Software Ltd	5	39
3	UY LAB	2	23
4	New Trizons It	2	19
5	LEADS Training & Consulting Limited	1	8

BASIS-SEIP Project

Introduction

The Government of Bangladesh has been implementing the Skills for Employment Investment Program (SEIP) under Finance Division with the support of the Asian Development Bank (ADB) since 2014. The main objective is to provide the growing youth population of the country with market-responsive and job-focused skills training to enhance their employability and productivity. The partnership between SEIP and BASIS started in March 2015, aiming to provide 29,570 people with skills training in different trades related to software and information services in Tranche-1 and Tranche-1 editions until December 3, 2019. Subsequently, the association completed a set of training courses under BASIS-SEIP Tranche-3 for 7,950 people between January 2023 to December 2023. Below is a brief overview of Tranche-3 of the BASIS-SEIP Project.

Objective

The main objective of the BASIS-SEIP Tranche-3 project is to provide IT/ITES training to the targeted population and produce skilled manpower for the ICT sector to meet the growing skills demand of the ICT job market.

Duration: January 2021 – December 2023.

Number of Courses: 18 (10 new entrant & 8 up-skilling courses)

Employment target:

60% of new entrant graduates to be employed within 3 months of the completion of training.

90% of up skilled graduates to be employed.

Training Institute wise Training Courses:

BASIS
Auditor's Report
(2022-2023)

Independent Auditor's Report

To the members of the "Bangladesh Association of Software & Information Services (BASIS)".

Report on the audit of the financial statements.

Opinion

We have audited the accompanying financial statements of
Information Services (BASIS) ("the Company"), which comprises the statement of financial position
on June 30, 2023, Statement of profit or loss and other comprehensive income, statement of changes
in equity, statement of cash flows and a summary of significant accounting policies and other
explanatory notes to the financial statements.

In our opinion, the financial statements prepared in accordance with international accounting standards
(IAS) and International Financial Reporting Standards (IFRSs) give a true and fair view of the financial
position of Bangladesh Association of Software & Information Services (BASIS) as of 30th June, 2023,
results of its financial performance and its cash flows for the year then ended & comply with the
companies Act 1994, & other applicable laws & regulations.

Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs). Our
responsibilities under those standards are further described in the Auditor's Responsibilities for the
Audit of the Financial Statements section of our report. We are independent of the Company in
accordance with the International Ethics Standards Board for Accountants' Code of Ethics for
Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our
audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance
with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is
sufficient and appropriate to provide a basis for our opinion.

Other information

Management is responsible for the other information. The other information comprises all the
information in the annual report other than the financial statements and our auditors' report thereon.
The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express
any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other
information and, in doing so, consider whether the other information is materially inconsistent with
the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially
misstated. If, based on the work we have performed, we conclude that there is a material misstatement
of this other information; we are required to report that fact. We have nothing to report in this regard

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in
accordance with IFRSs and for such internal control as management determines is necessary to enable

the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

In accordance with the Companies Act 1994, we also report the following:

a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made do verification thereof.

b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of these books.

c) The statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account and returns; and

d) The expenditure incurred was for the purposes of the Company's business.

The principal activities of the association include promoting and safeguarding interest of all member of the association and encouraging and assisting in the balance development of the software & information industries in Bangladesh.

2 Basis of Preparation of Financial Statement:

2.1 Basis of Measurement:

The Financial Statement have been prepared under the Historical cost convention.

2.2 Statement of Compliance:

The Financial Statement has been prepared in compliance with the requirements of the Companies Act 1994 and other relevant local Laws as applicable and in accordance with applicable International Financial Reporting Standards (IFRS) Including International Accounting Standards (IAS) adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) based on international Accounting standards (IAS) and International Financial Reporting Standards (IFRS).

2.3 Presentation of Financial Statements:

The presentations of this financial statement are in accordance with then guidelines provided by IAS-1 Presentation of Financial Statements.

2.4 Reporting Period:

The financial period of the association cover one year from 1st July, 2022 to 30th June, 2023 consistently.

2.5 Reporting Currency:

The Financial statements are prepared and presented in Bangladesh currency (TAKA), which is the association's functional currency. All financial information present has been rounded off to the nearest taka except where indicated otherwise.

2.6 Going Concern:

The association has adequate resources to continue in operation for the foreseeable future. For this reason the Directors continue to adopt Going Concern Basis in preparing the account. The current credit facilities and resources of the association provides sufficient fund to make the present requirement of its existing activities.

3 Accounting Policies:

3.1 Property, plant and Equipment:

Tangible fixed assets are accounted for according to IAS-16 Property, plant and Equipment at historical cost. The gain or loss arising on the disposal or retirement of an assets is determined as the difference between the sales proceeds and the carrying amount of the assets and is recognized as non operating income and reflected in the income statement.

3.2 Accounts Receivable:

Accounts Receivables are recognized at cost which is the fair value of the consideration given for them.

3.3 Accrued Expenses and other Payables:

Liabilities are recognized for the goods and service receipts whether paid or not for those goods and services. Payables are not interest bearing and stated at their nominal value.

3.4 Depreciation of Fixed Assets

Full year depreciation has been charged on addition irrespective of date when the stated assets are put into use. Depreciation on Fixed assets has been charged on reducing balance method at the following rates.

SL	Assets Name	Dep. Rate
1	Air Conditions	15%
2	Card type Access (ID card & other)	20%
3	Communication	20%
4	Computers & equipment's	20%
5	Cookeries & Cutleries	20%

9	Lab Equipment & Multimedia	20%
10	Micro Wave oven	20%
11	Office setup Cost	15%
12	Paper shredder	20%
13	Portable Amplifier	20%
14	Projector and Wall Screen	20%
15	Printer	20%
16	Refrigerator	20%
17	Research Report (Nasscom & Gartner)	20%
18	Safe Locker	20%
19	Sarver & Accessories	20%
20	Software	20%
21	Sound system	20%
22	Vacuum Cleaner	20%
23	Water Heater	20%
24	Website	20%

3.5 Advances, Deposits & Prepayment:

1. Advances are initially measured at cost after initial recognition advances are carried at cost less deductions adjustments or changes to other account heads.
2. Deposits are measured at payment value.
3. Pre-payments are initially measured at cost. After initial recognition pre-payments are carried at cost less changes to income statement.

3.6 Cash & Cash Equivalents:

Cash and cash equivalents are carried in the Balance sheet at cost and include cash in hand and with Bank on current and deposit accounts which are and available for use by the association without any restriction. There is insignificant risk of change in value of the same.

3.7 Foreign Currency Translations:

The Financial record of the association are maintained and financial and the financial statement are stated in Bangladesh Taka. The assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the applicable rates of exchanges ruling at the date. Exchange difference is charge off as revenue expenditure in compliance with the provision of IAS-21 The effects of changes in Foreign exchange Rates. Foreign currency transactions are recorded at the applicable rates of exchange ruling at the transaction date.

3.8   Components of Financial Statements:

According to International Auditing Standard IAS-1 Presentation of Financial statements the complete set of Financial Statement included the following components.

a   Statement of Financial position as at 30th June , 2023.
b   Statement of Income & Expenditure
c   Statement of Receipts & Payments
d   Statement of Cash Flows
e   Notes to the Accounts

3.9   Responsibility for Preparation and Presentation of Financial statement:

The Board of Directors is responsible for the preparation and presentation of Financial statement under section 183 of the Companies Act 1994 and as per the provision of the Framework foe the preparation and Presentation of Financial statement issued by the International Accounting Standards Board (IASB). Accordingly the management has fulfilled the above provision.

3.10   Litigation:

Litigation is running against Ex-accountant Mr. Nuruzzaman which is under jurisdiction. So no provision is required for that amount and case is still under process.

We would like to place on record our appreciation to those staff and officers of the company who have provided their valuable time and co-operation to us during the course of our audit.

3.11 General :

Figues have been rounded off to the nearest taka. Previous year have been re-arranged where necessary for the purpose of comparison.

Minutes of the Meeting of 24ᵗʰ AGM of BASIS

The 24th Annual General Meeting (AGM) of BASIS members was held on March 28, 2023, at 4:00 pm in Helmet Hall, RAOWA Convention Hall, Mohakhali, Dhaka.

At the beginning of the meeting, Mr. Hashim Ahmed, the Secretary of BASIS, read out the Notice and placed the agendas of the 24th AGM to the members present. Following this, Mr. Russell T. Ahmed, the President of BASIS, was requested to preside over and start the proceedings.

Enclosed herewith, separately in Annexure-1, are the attendance sheets containing the names of the members who were present at the AGM.

Mr. Russell T. Ahmed, the President of BASIS, expressed gratitude and extended a warm welcome to all the attendees and BASIS members who attended the meeting and wished them a good afternoon and Ramadan's blessings. He warmly greeted the EC members for 2022-2023, while also taking a moment to acknowledge the absence of Ms. Samira Zuberi Himika, Senior Vice President, BASIS, who is currently out of the country due to some special circumstances. In addition, he mentioned that Mr. Tanvir Hossain Khan, Director, BASIS, is also unable to attend the meeting as his father has been hospitalized for an extended period and requested blessings for his father's speedy recovery. Hereafter, with the presence of the BASIS Executive Council of 2022-2023 and BASIS members, BASIS President officially commenced the 24th Annual General Meeting.

Agenda-1: Confirmation of Minutes of 23rd AGM held on March 31, 2022

Discussion:
Mr. Russell T. Ahmed, President, BASIS, placed the agenda and informed the attendees that the meeting will cover the proceedings until December 2022, which falls within the council's term. He also mentioned that the 23rd AGM minutes of the meeting can be found on page 171 of the Annual Report 2022 Book, which is available on the desk in front of all attendees. He invited members to share any observations they may have and requested that the house now be required to propose and second to adopt the agenda to commence the proceedings of the 24th AGM of BASIS.

Decision:
Mr. Noor Mahmud Khan, CEO, Right Brain Solution Ltd, proposed the acceptance of the minutes, which was seconded by Mr. Mohammad Samiul Islam, Managing Director, Ubique Corporation Limited. Thus, the minutes of the 23rd AGM of BASIS on March 31, 2022 were confirmed.

Agenda 2: Consideration and adoption of Annual Report 2022

Discussion:
Mr. Abu Daud Khan, Vice President (Admin), BASIS presented the Annual Report for the year 2022 before the members. Through a visual presentation, Mr. Khan highlighted the important initiatives that were carried out by BASIS during the year, including various initiatives related to industry promotion, local and international market development, human resources development, startup ecosystem creation, access to finance, policy formulation, membership services, and capacity development of BASIS Secretariat. He also mentioned that the report reflects the contributions of BASIS to its seven pillars aimed at promoting the industry to major stakeholders, such as the government, local buyers, and the international market.

Mr. Abu Daud Khan noted that BASIS was fortunate to have the opportunity to get ICT recognized by the Honorable Prime Minister as the "Product of the Year" at the start of the year. He further highlighted initiatives, such as creating connections with the Ministry of Planning, sharing a detailed roadmap with the Ministry of Commerce, organizing the largest SoftExpo ever for IT and ITES showcasing, and engaging potential local buyers through events like the Smart Bangladesh conference, BASIS ICT Awards, Luna Shamsuddoha award, and other engagement activities.

Mr. Abu Daud Khan mentioned that BASIS has set a big target for the export market and will need to take on long-term challenges to achieve it. Bangladesh will serve as a role model for the IT & ITES industry, and several foreign embassies have started documenting Bangladesh's ICT sector potential in their commercial strategy paper. BASIS has initiated partnerships with foreign platforms, such as Sourcing in the UK, and advanced relations with Japan, European Union, and PUM Netherlands Senior Experts. Mr. Khan also discussed the importance of industry-academia collaboration, HR development, and mentioned the biggest Startup Conference of Bangladesh ever in SoftExpo.

Mr. Abu Daud Khan further highlighted the strengthening of BASIS's standing committees, BASIS Secretariat team, and membership growth. The organization has accelerated the issuance of certificates and signed MoUs with various entities to help its members. The secretariat has been strengthened to drive automation and digitization in the processes. He concluded his presentation with a visual summary of the activities of 2022 and requested the members to propose and second the Annual Report 2022 for adoption.

Decision:
After the detailed discussion, Mr. Bidhan Chandra Pal, Founder and Managing Director, Probha Aurora Limited proposed and Mr. Taufiqul K Shurid, Director, Fingertips Innovations seconded to adopt the Annual Report 2022 and thus the annual report was adopted.

Agenda 3: Consideration and adoption of the Accounts of the Association with Auditor's Report for the year 2021-2022.

Discussion:
Mr. Russell T. Ahmed, President, BASIS, requested Mr. Fahim Ahmed, Vice President (Finance), BASIS to present the accounts and Auditor's Report for the year 2021-22. Mr. Fahim Ahmed informed the house that both physical and digital copies of the Auditor's report had been sent to all members and were also included in BASIS's Annual Report. He further clarified that the audit report was conducted by Mizan Islam & Co. in compliance with International Accounting Standards (IAS) & Historical Cost Convention. He then highlighted the fixed assets, investment, cash and cash equivalents, cash at bank, cash at hand, FDR, total current assets, current liability, net current asset, and total assets information.

Subsequently, Mr. Fahim Ahmed commenced his presentation on the organization's earnings and expenditures, which included member services fee, salary allowances, excess of income over expenditure, and depreciation calculated using the reducing balance method. He informed the members that the details of these financials were available in the Annual Report book, beginning on page 113, and requested the house to propose and second the presented report.

Decision:
Mr. Zia Ashraf, Co-Founder & COO, Chaldal Ltd. proposed and Mr. A.K.M. Shamiur Rahman, Managing Director, Prodata Limited seconded to consider and adopt the Auditor's Report for the year 2021-2022 and thus the Accounts of the Association with Auditor's Report for the year 2021-2022 was adopted.

Agenda 4: Writing off Bad Debts

Discussion:
Mr. Fahim Ahmed, Vice President (Finance), BASIS, informed the attendees of the Annual General Meeting that there is a proposal to write off a few long-standing bad debts. He mentioned that the detailed information regarding the total amount of these debts can be found in note 23.01 on page 127 of Annual Report. Mr. Ahmed suggested that the House consider approving the write-off of these debts. He then invited any questions or clarifications from the attendees regarding the proposal.

Mr. M Rashidul Hasan, Managing Director and CEO, Systech Digital Limited, asked for further clarifications about the outstanding debts from a2i, as they are still operating. In response, Mr. Fahim Ahmed explained that they had rented out their BITM labs to a2i for use as a call center during the Covid-19 pandemic. They had issued an invoice for BDT 9,750,000, of which only BDT 990,000 had been received, and the remaining amount was listed as Doubtful Receivables in Note No. 9 which we want to write off gradually. Hence, we wished to write off 20% of the outstanding amount this year, equivalent to BDT 17,52,000 (taka seventeen lakh ffity two thousand) only.

Mr. Russell T. Ahmed, President, BASIS, further added to the discussion and informed the attendees that during the last executive council tenure, the council approved the use of the BITM labs by a2i as an emergency support to facilitate people during the Covid-19 pandemic. This decision was a foresighted one, and it enabled the nation to receive an important service. However, during the billing process, a2i tried to assist as much as possible, and a BASIS member was also involved in managing the call center needed to receive payments. Despite several discussions with a2i, the payment did not end up in the government treasury, and it left us in a challenging situation. Therefore, we propose to gradually write off this amount since then and request the attendees to propose and second the proposal if there are no further questions.

Decision:
Mr. Azizul Abedin, COO, Sheba Technologies Limited proposed and Mr. Sheikh Abul Hashem, Managing Director, Information Entertainment & Communication Limited (IECL) seconded to consider writing off bad debts and thus the bad debts of the Association with Auditor's Report for the year 2021-2022 was adopted.

Agenda 5: Appointment and Fixation of Remuneration of Auditor for 2022-2023

Discussion:
Mr. Fahim Ahmed, Vice President (Finance), BASIS, stated that in compliance with regulations, an audit firm must be selected for the upcoming fiscal year, 2022-2023, to examine the financial records and provide an audit report. To that end, tenders have been solicited from four different firms:

1. K.M. Alam & Co. – 85,000/- (Excluding VAT & Including Tax)
2. Islam Aftab Kamrul & Co. – 80,000/- (Excluding VAT & Including Tax)
3. Zoha Zaman Kabir Rashid & Co. – 70,000/- (Excluding VAT & Including Tax)
4. Mizan Islam & Co. – 70,000/- (Including VAT & Tax)

He then mentioned that the current auditor has submitted the lowest bid, Mizan Islam & Co. is being proposed as the auditor for the upcoming fiscal year, 2022-2023, with a remuneration of Tk. 70,000/- (Including VAT & Tax). Therefore, the attendees are requested to propose and second the proposal if there are no further inquiries.

Decision:
Mr. Kazi Kutub Uddin Soikot, Chief Executive Engineer, Bangladesh Associate of IT Solution (BAITS), proposed and Mr. Masud Rahman, Managing Director, Shataj Soft Limited, seconded Mizan Islam & Co. as the Auditor for the FY 2022-23 with remuneration of Tk. 70,000/- (Taka Seventy Thousands Only).

Agenda 6: Any other business

During the 24th Annual General Meeting, Mr. Russell T. Ahmed, President, BASIS, announced that prior to accepting recommendations from members to help BASIS and the ICT industry to develop further, it is important to acknowledge the recent success of the BASIS SoftExpo. As it was the largest event of its kind and held just a month ago with the support of all of you, and he presented a short video on event summary capturing the highlights of this unforgettable journey will be shown to re-energize everyone in attendance.

Mr. Russell T. Ahmed, President, BASIS, shared some positive developments resulting from the successful SoftExpo. He expressed gratitude to the BASIS President's Forum for the recently held meeting, and mentioned that their valuable guidance has contributed to BASIS's current position of prominence.

In addition, he informed the attendees that BASIS was recently included for the first time in a committee on national exports chaired by our Honorable Prime Minister, a direct consequence of SoftExpo's success. Mr. Ahmed had the honor of participating in this meeting and stressed again the significance of collaboration among government, industry, and academia, which he refers to as the "Formula Three by Three." During the meeting, several proposals were presented to the Prime Minister, and she listened very attentively. Mr. Russell T. Ahmed is very hopeful that we will work together more with policymakers from the government to explore both international and local markets in the coming days.

Mr. Bidhan Chandra Pal, Managing Director, Probha Aurora Limited, expressed his appreciation and acknowledged that the events of the past year were well presented. However, he felt that more emphasis could have been placed on the various standing committees that he believes are the lifeblood of BASIS. Although a list of the standing committees was provided, Mr. Pal requested to make their activities be documented in a more comprehensive manner from the following year. He also suggested that the committees should engage in activities beyond meetings and highlighted the success of his own committee in this regard. Mr. Pal recommended that next year's report should dedicate a separate section to showcase the activities of each committee. In addition, Mr. Pal stressed the importance of interlinking the activities of different committees to ensure smoother coordination and the possibility of developing new plans to strengthen overall activities. He urged BASIS to prioritize this aspect in the coming days.

Mr. Tapan Kanti Sarkar, Chairman, eTech Solution Limited, proposed that given the government's vision for a "Smart Bangladesh," it is imperative for BASIS to assume a leading role in this endeavor. He commended the president for showcasing a video of the recent softexpo, which he believes was the first instance of BASIS organizing such an event on its own accord. Mr. Sarkar appealed to all attendees to applaud again and encourage this achievement.

Initially skeptical about the turnout, Mr. Sarkar was overwhelmed by the participation and expressed his appreciation for their efforts. For this, he expressed his gratitude to the President and the organizing committee for coordinating such a significant event. Additionally, he emphasized the need for BASIS to take the initiative in building a Smart Bangladesh and highlighted the talent pool within the BASIS. He urged the President to take necessary measures to ensure that BASIS leads the charge in the development of a Smart Bangladesh.

Mr. Emdadul Haque, Founder and Chief Executive Officer, Global Professional IT, brought up two matters that he would like to bring to the attention of the BASIS President. Firstly, he mentioned that for those of us who export software or ITES, the 10% cash incentive given to us by the government often takes longer than expected to be disbursed. He suggested that if the process could be expedited, it would benefit everyone involved. Mr. Haque noted that the current dollar exchange rate offered by many intermediaries is better than that of direct bank transfers. Thus, the speed at which these funds become available is essential. Secondly, Mr. Haque touched upon the tax-free status granted by the government to those in the IT sector until 2024. He questioned whether this would remain in force or become stricter in the future.

Mr. Masud Rahman, Managing Director, Shataj Soft Limited, presented two suggestions. Firstly, he showed his gratitude that the government recognizes the value of those who contribute to remittance now more than before. He suggests by marketing our IT products internationally, we can establish ourselves as prominent players in the remittance industry. Secondly, he proposed that we could create a platform to showcase our products and services to an international audience, similar to the page created for the SoftExpo, this year. He believes that by presenting our offerings on such a platform, it can potentially increase our revenue.

Mr. Russell T. Ahmed, President, BASIS, asked if anyone had any further comments to share. After receiving none, he thanked everyone for their input. He promised to create a separate standing committee report to address this in the next AGM report and acknowledged the suggestion for BASIS to be the torchbearer in building a Smart Bangladesh.

He then expressed gratitude to Mr. Tapan Kanti Sarkar and Mr. Emdadul Haque for their comments on the 10% cash incentive program. He explained that BASIS is actively working to develop its cash incentive team, driving digitization and takes the ERQ account requests from the audit team very seriously. Mr. Ahmed himself has spoken to the Commerce Minister and Secretary, related officials, and auditors to issue SRO within seven days of sitting to ensure that no ERC certificate is required for IT export for BASIS members. BASIS has also proposed to increase the amount of 10% cash incentive and extend tax exemption from 2024 to 2030. Mr. Ahmed has personally discussed this proposal with the Honorable Prime Minister, NBR Chairman, Honorable Finance Minister, and Finance Secretary. He also mentioned that Mr. Zunaid Ahmed Palak, Honorable State Minister for ICT, has acknowledged our demands and shown unity with BASIS and in working on the marketplace. Overall, Mr. Ahmed assured the attendees that BASIS is working diligently to address these issues and hopes to see progress soon.

Mr. Md. Kamrul Hasan, Chief Executive Officer, Nano Information Technology, brought up a question that was previously asked regarding the impending expiration of tax exemption. The president promptly responded that there is great hope that the extension will be reflected in the upcoming budget, and he assures the attendees that the government is giving due consideration to the matter. The president expressed confidence that the budget might contain an official declaration regarding the extension.

Mr. Md. Mamunur Rashid, General Manager, Azolve Technologies Bangladesh Limited, expressed his request for the tax exemption certificate for software exports. He suggested that if the software is listed in the definition of ITES, it would eliminate the need for repeated visits to NBR, which can be a challenging situation to navigate. He inquired about the possibility of obtaining a tax exemption certificate based on this software.

Mr. Russell T. Ahmed, President, BASIS, communicated that the organization has engaged in discussions with the National Board of Revenue (NBR) regarding the matter of tax exemption certificates, which has proven to be somewhat complicated. Further meetings will be held with those directly affected by this issue. BASIS is actively working on this matter and NBR is also eager to resolve this complexity quickly nationally. The President expressed his gratitude for the opportunity to work with BASIS members, colleagues, and board members. He specifically acknowledged Mr. Habibullah N. Karim, Director and former President of BASIS, for his guidance and support whenever necessary. Additionally, he expressed his appreciation for the council's directors, including Mr. Mushfiqur Rahman, Mr. AKM Ahmedul Islam BABU, Mr. Md. Mostafizur Rahaman Sohel, Mr. Syed Mohammad Kamal, and Mr. Rashad Kabir, who have contributed to making the council's activities easier. Finally, he thanked the elders of the board for their advice and support when he needed it.

Mr. Russell T. Ahmed, President, BASIS, showed his sincere appreciation to all of the Standing Committees and Forums, including the President's Advisory Standing Committee and Forum, for their unwavering dedication throughout the current term. Given the council's limited time left, Mr. Ahmed showed his gratitude for the progress the Executive Council has made together.

Finally, Mr. Russell T. Ahmed, President, BASIS, extended his gratitude to Mr. Hashim Ahmed, Secretary, BASIS, and the entire BASIS Secretariat Team for their enthusiasm and commitment to the council's shared goals. As he concluded this AGM, he wanted to reaffirm the commitment to serving all of BASIS members, the industry, and the greater good of Bangladesh with even greater zeal and enthusiasm in the coming year. With that, he concluded the AGM by offering a prayerful dua and thanking each of the beloved attendees.

As there was no other agenda to discuss, the AGM was concluded with a vote of thanks to and from the chair.

Russell T. Ahmed
President, BASIS

EC Members Contributions Summary

BASIS EC's representation in various Meetings in 2023

1.	Mr. Russell T. Ahmed	8	7	2	34	45
2.	Ms. Samira Zuberi Himika	6	2	8	7	12
3.	Mr. Abu Daud Khan	7	6	10	23	19
4.	Mr. Fahim Ahmed	6	2	4	5	2
5.	Mr. Habibullah Neyamul Karim	6	1	1	2	3
6.	Mr. AKM Ahmedul Islam BABU	4	12	10	37	22
7.	Mr. Mushfiqur Rahman	8	3	1	2	2
8.	Mr. Syed Mohammad Kamal	7	3	1	15	17
9.	Mr. Tanvir Hossain Khan	7	4	8	18	4
10.	Mr. Rashad Kabir	5	2	1	3	2
