ABOUT US

Development services of any complexity to clients worldwide. Being in IT business for over some years now Coder71 Limited has a strong team of skilled experienced IT experts. Our customers are companies of all sizes ranging from startups to large enterprises who realize that they need a professional internet solution to generate revenue streams, establish communication channels or streamline business operations.

OUR BUSINESS PHILOSOPHY

We at Coder71 are committed to delivering maximum value to our clients helping them succeed in a constantly changing and challenging biz world. Our fundamental company values stem from understanding that our success is tied with success of our clients. Our key business principles are.

UNDERSTAND CLIENTS NEEDS

We carefully study each customer particular case to understand the client's needs and objectives and deliver a dependable solution. We make you aware of all available options and provide you with a competent advice enabling you to take an informed business decision.

PARTNER WITH CLIENTS

We are committed to becoming your long-term, trusted partner. Our priority is not only providing professional services and solutions but becoming your IT vendor dedicated to meeting your needs today and support your growing business needs tomorrow.

EARN CLIENTS TRUST AND CONFIDENCE

Our aim is to earn customer's trust and confidence through personal attention, passion for what we do and commitment to long-lasting relationship. We will go an extra mile to deliver you a measurable business value and help you adopt and succeed in the internet.

OUR CORE VALUES

Our passion for innovation: - we seek opportunities in every situation, take calculated risk to manage expectations believing in words "Don't be satisfied with the easiest option, if it is not the best option"

Relationship is precious: - Honesty, trust, mutual respect & quality are the key concern to our team for client. It gives us inner happiness when client smiles with satisfaction.

Solution Focused: - we work on solution, instead of problems; we see constructive possibilities in each challenge. We say "Yes we can. Rather that we won't".

Creativity is contagious: - it is our mindset to share what inspire us beyond title & functions.

Teamwork: - we treat one another with respect & communicate openly. We encourage the best ideas to surface for developing better solutions. We always appreciate values of multiple perspectives & collective experience.

Developer by profession, Jolly by nature: - we believe humor is essential to success, we applaud irreverence & don't take our self too seriously. We celebrate achievements & work hard, party harder.

1. Delight customers
2. Deliver on commitments
3. Develop people
4. Depend on each other
5. Justified Cost
6. Our brand promise

OUR MISSION

To provide our clients with the very best in design and service at sensible prices. Inventive is dedicated to providing end-to-end information technology solutions to Big Corporate Houses, PSU and Government Companies. Inventive is committed to providing world class solutions to keep customers at the cutting edge of technology with minimal investment of resources. The strong R&D team of Inventive is constantly working to upgrade existing solutions and develop new products. Inventive is transparent and accountable to customers, shareholders, partners, and employees and strives to deliver on commitments and results.
